Eyesound Y13

Eyesound Smart Table Lamp LED User Manual

Model: Y13

Introduction

Thank you for purchasing the Eyesound Smart Table Lamp. This versatile LED lamp combines smart home integration with customizable lighting options, including RGB colors, dimmable white light, and various scene modes. It features touch control, app control, and voice control compatibility with Amazon Alexa and Google Assistant. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance and longevity of your device.

What's in the Box

- Eyesound Smart Lamp
- Type-C Charging Cable

- User Manual (this document)

Product Overview

The Eyesound Smart Table Lamp is designed for ease of use and versatility. Key features include:

- **Smart Voice Control:** Compatible with Amazon Alexa and Google Assistant via Wi-Fi (2.4G) and Bluetooth.
- **RGB Colors & Dimmable White Light:** Offers 16 million colors and dimmable warm white (2000K) to cool white (4000K) light. Brightness adjustable from 2% to 100%.
- **Touch Control:** HD screen display allows direct touch interaction for color and brightness adjustments.
- **Timing Function:** Schedule automatic turn on/off and brightness adjustments via the app.
- **34 DIY Scene Modes:** Pre-set and customizable lighting modes for various occasions.
- **Built-in 3000mAh Battery:** Provides up to 8 hours of play time on a full charge (3 hours charging time via Type-C).

Setup Guide

1. Initial Power On and Charging

Before first use, ensure the lamp is fully charged. Connect the provided Type-C charging cable to the lamp's charging port and a suitable USB power adapter (not included). The charging icon on the display will indicate charging status. A full charge takes approximately 3 hours.

2. App Installation and Connection (Smart Life App)

1. Download the "Smart Life" app from your smartphone's app store (iOS App Store or Google Play Store).
2. Register or log in to your Smart Life account.
3. Ensure your phone is connected to a 2.4GHz Wi-Fi network. The lamp does not support 5GHz Wi-Fi.
4. Turn on the Eyesound Smart Lamp.
5. In the Smart Life app, tap "+" to add a device. Select "Lighting" or "Lamp" and follow the on-screen instructions to connect the lamp. This typically involves putting the lamp into pairing mode (refer to app instructions for specific steps, often involves holding a button or power cycling).
6. Once connected, you can control the lamp via the Smart Life app.

3. Voice Assistant Integration (Alexa/Google Assistant)

To enable voice control, link your Smart Life account with Amazon Alexa or Google Assistant:

1. **For Amazon Alexa:**
    - Open the Smart Life app, go to "Me" -> "Alexa".
    - Sign in with your Amazon account. Once linked, it will show "Already linked with Amazon Alexa".
    - Open the Amazon Alexa app, go to "Devices" -> "Discover Devices". The lamp should appear as an available device.
    - You can now use voice commands like "Alexa, turn on the light" or "Alexa, set the light to blue".
2. **For Google Assistant:**
    - Open the Google Home app.
    - Tap "+" -> "Set up device" -> "Works with Google".
    - Search for "Smart Life" and link your Smart Life account.
    - You can now use voice commands like "Hey Google, turn on the lamp" or "Hey Google, change the lamp color to red".

Operating Instructions

1. Touch Control

The top of the lamp features an HD screen display with touch-sensitive controls:

- **Power On/Off:** Tap the central button on the display.
- **Adjust Brightness:** Slide your finger along the top edge of the display (indicated by 'B' and 'C' on the screen) to increase or decrease brightness (10%, 30%, 60%, 100% levels).
- **Change Color:** Tap or slide your finger on the color spectrum area of the display to select different RGB colors.

2. App Control (Smart Life App)

The Smart Life app provides comprehensive control over your lamp:

- **Brightness Adjustment:** Use the slider in the app to adjust brightness from 2% to 100%.
- **Color Selection:** Choose from 16 million RGB colors or select warm/cool white light.
- **Scene Modes:** Access and activate 34 pre-set scene modes (e.g., Christmas, Halloween, Birthday, Work, Night Light). You can also customize and save your own scenes.
- **Timing/Scheduling:** Set schedules for the lamp to turn on/off automatically or change brightness at specific times.

3. Voice Control

Once linked with Alexa or Google Assistant, use simple voice commands to control your lamp. Examples include:

- "Alexa, turn on [Lamp Name]."

- "Hey Google, turn off [Lamp Name]."
- "Alexa, set [Lamp Name] to blue."
- "Hey Google, dim [Lamp Name] to 50%."
- "Alexa, set [Lamp Name] to Christmas mode."

Battery and Charging

The Eyesound Smart Lamp is equipped with a 3000mAh built-in battery, offering portability and cordless use.

- **Charging Time:** Approximately 3 hours for a full charge using the provided Type-C cable.
- **Play Time:** Up to 8 hours on a full charge, depending on brightness and color settings.
- **Low Battery Reminder:** The charging icon on the display will flash when the battery level is below 8%, indicating it's time to recharge.

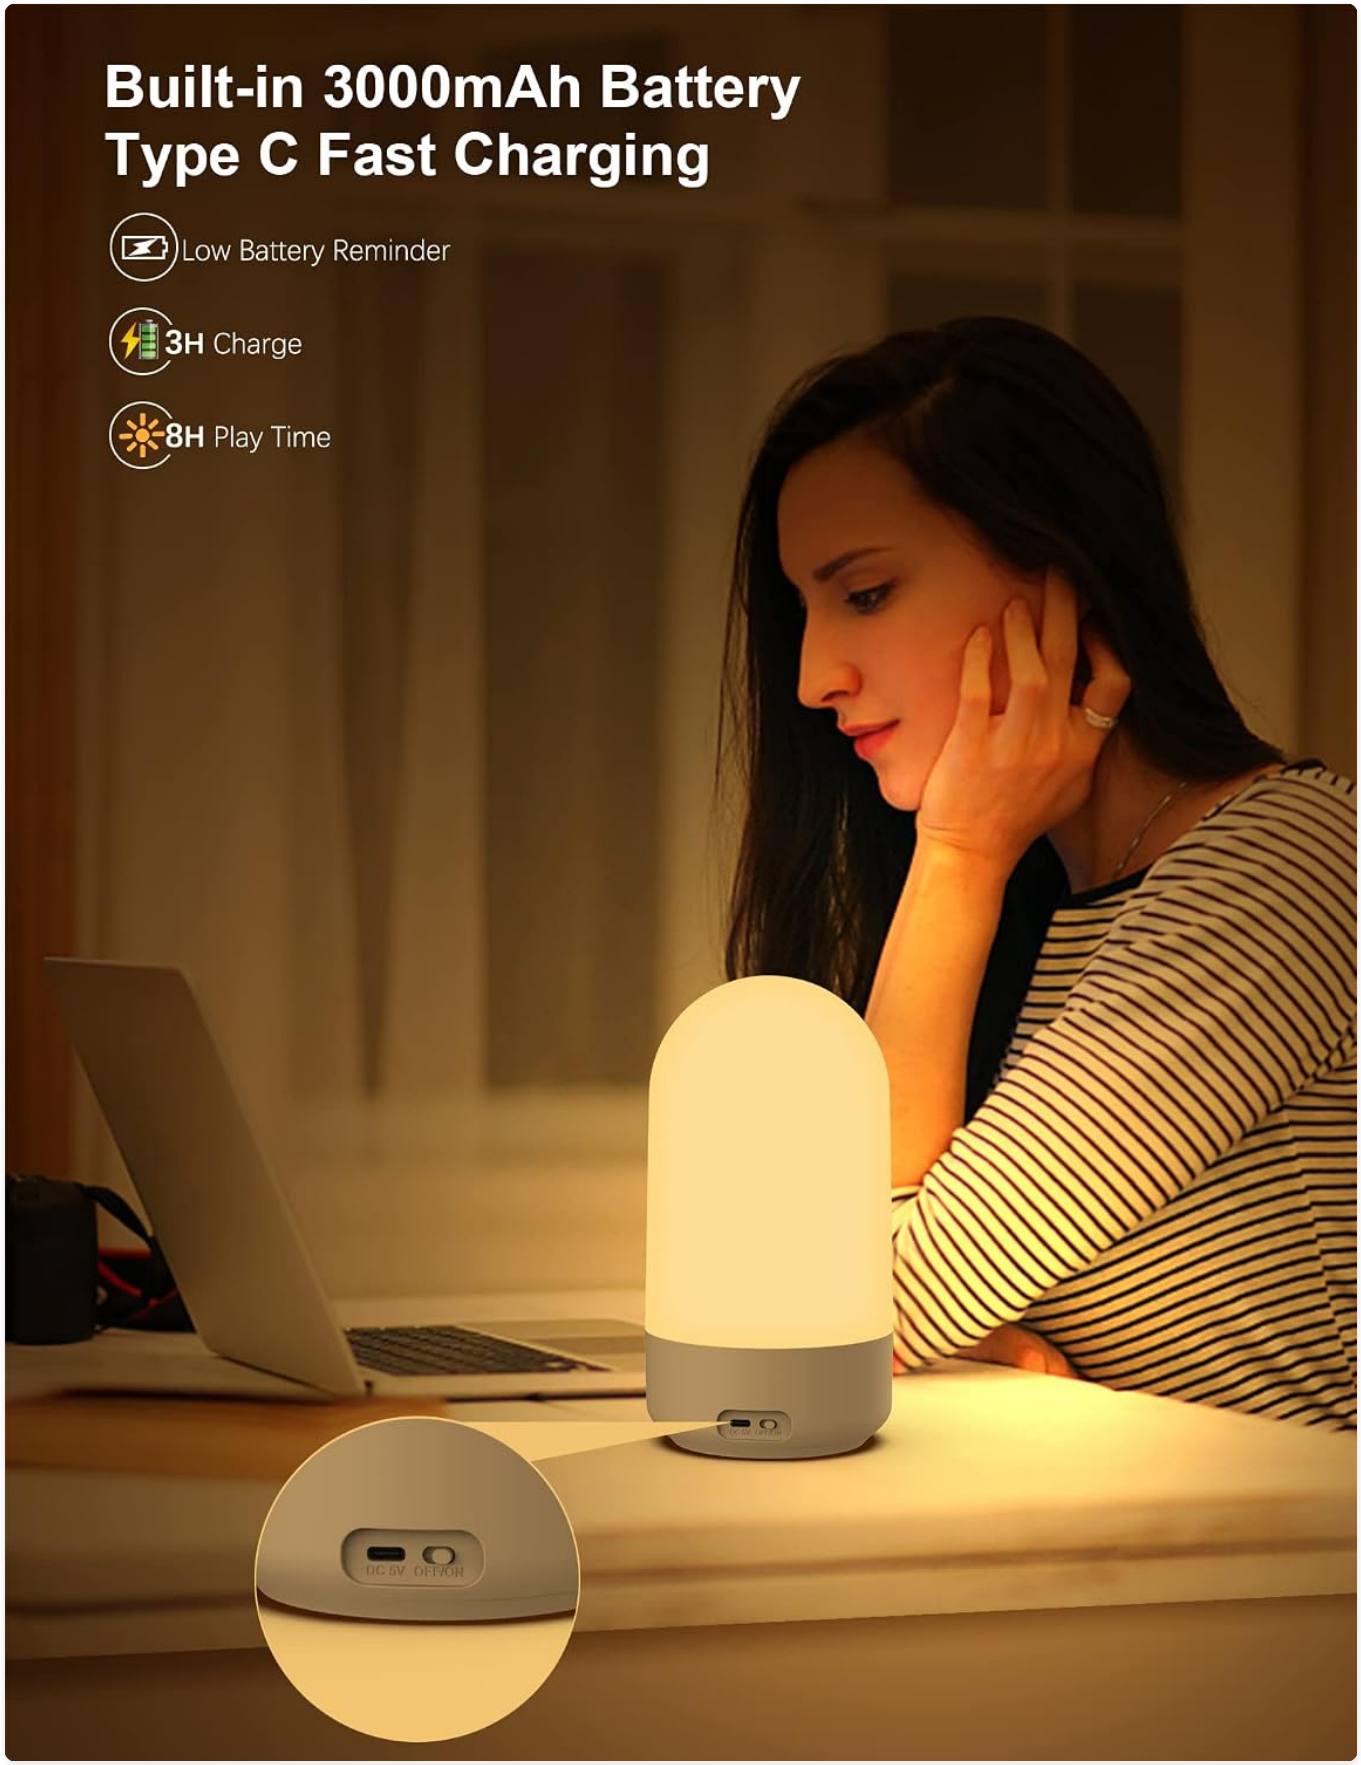

Image: The Eyesound Smart Lamp in use, demonstrating its portability and built-in battery, with icons indicating low battery reminder, 3-hour charge time, and 8-hour play time.

Maintenance

- **Cleaning:** Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the lamp in a cool, dry place when not in use for extended periods.

- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the lamp regularly, even if not in constant use.
- **Environmental Conditions:** Avoid exposing the lamp to extreme temperatures, direct sunlight, or high humidity.

Troubleshooting

Problem	Possible Cause	Solution
Lamp does not turn on.	Battery is depleted; Power switch is off.	Charge the lamp using the Type-C cable; Ensure the power switch on the base is in the "ON" position.
Cannot connect to Smart Life app.	Incorrect Wi-Fi band (5GHz); Lamp not in pairing mode; Incorrect Wi-Fi password.	Ensure your phone is connected to a 2.4GHz Wi-Fi network; Follow app instructions to put lamp into pairing mode; Double-check Wi-Fi password.
Voice control not working.	Smart Life account not linked to Alexa/Google Assistant; Device not discovered.	Verify Smart Life account is linked in your Alexa/Google Home app; Ask Alexa/Google to "Discover devices".
Battery life is shorter than expected.	High brightness/vibrant colors consume more power; Battery degradation over time.	Reduce brightness or use less vibrant colors; Ensure lamp is fully charged before use.

Specifications

Feature	Detail
Brand	Eyesound
Model Number	Y13
Product Dimensions	23.11 x 11.94 x 11.94 cm
Item Weight	630 g
Material	Plastic (Acrylonitrile Butadiene Styrene shade)
Light Source Type	LED
Wattage	5 Watt-hours
Voltage	5 Volts
Power Source	Battery Powered
