## Fjords Fjords Milan Small Power Slate

# Fjords Milan Small Power Recline Swivel Swing Relaxer Recliner Chair User Manual

Model: Fjords Milan Small Power Slate

## PRODUCT OVERVIEW

The Fjords Milan Small Power Recline Swivel Swing Relaxer Recliner Chair is designed for optimal comfort and support. It features a continuous back adjustment, an integrated footrest, and a comfortable rocking function, making it a practical and comfortable seating solution.

Image: The Fjords Milan Small Power Recline Swivel Swing Relaxer Recliner Chair in Slate Leather, showcasing its sleek design and power recline feature.

## Key Features:

- Easy to Control Power Recline for effortless adjustment.
- 170-degree swivel rotation for flexible positioning.
- Genuine Fjords Leather Recliners with Active Release System for optimal neck support.
- Ergonomically designed to provide continuous support, prevent fatigue, and promote circulation.

- Cold cure molded foam in seat, back, armrest, and footrest for enhanced durability and appearance.
- Unique gliding mountings for individual resting positions.
- UL and CE listed electrical components ensuring safety.

## SETUP INSTRUCTIONS

Upon receiving your Fjords Milan Recliner, carefully unbox all components. Ensure you have adequate space for the chair, considering its dimensions and the required distance from the wall for full recline.

Image: Diagram illustrating the dimensions of the Fjords Milan Recliner, including height, width, and depth.

### Assembly and Placement:

1. **Unpacking:** Carefully remove the chair and any accessories from the packaging. Retain packaging materials for potential future transport or returns.

2. **Placement:** Position the chair on a level, stable surface. Ensure there is at least 8.5 inches of clearance from any wall behind the chair to allow for full recline.
3. **Power Connection:** Locate the power cord and connect it securely to the chair's power input. Plug the power adapter into a standard electrical outlet. Ensure the outlet is easily accessible.
4. **Initial Check:** Before first use, gently test the recline and swivel functions to ensure smooth operation.

## OPERATING INSTRUCTIONS

The Fjords Milan Recliner offers intuitive controls for a personalized seating experience.

### Power Recline Function:

- Locate the power control buttons, typically on the side of the chair's armrest.
- Press and hold the forward button to recline the backrest and extend the footrest simultaneously.
- Press and hold the backward button to return the chair to its upright position.
- Release the button at any desired position to stop the movement.

Image: The Fjords Milan Recliner shown in a partially reclined position, demonstrating the extended footrest and angled backrest.

### **Swivel and Swing/Rocking Function:**

- The chair is designed with a 170-degree swivel rotation, allowing you to easily turn without moving the base.
- The integrated swing/rocking function provides gentle motion for added relaxation. This function operates naturally with body movement.

### **Active Release System (Neck Support):**

- The Active Release System is an integrated mechanism in the headrest designed to provide optimal neck support.
- Adjust the headrest with a single movement to find your preferred angle for reading, watching, or relaxing.

## **MAINTENANCE**

Proper care and maintenance will ensure the longevity and appearance of your Fjords Milan Recliner.

### Leather Care (Astro Line Leather):

The chair is upholstered in Astro Line Leather, a top-grain, semi-aniline leather known for its durability and natural appearance. Regular cleaning and conditioning are recommended.

## Fjords Astro Line Leather

At Fjords, we keep our leather offering rational and simple. We use only top grain, semi-aniline leathers for our 3 grades, which are available on all products.

**ASTRO LINE LEATHER:** This is our best leather, and cannot be produced from just any bovine(cow) hide. This makes the raw material costs significantly higher than NL grade, as the hides must be relatively free of marks and have unusable areas that do not meet Astro Line standards.

It is uncorrected, meaning the surface of the hide has not been sanded smooth to remove imperfections and natural marks. This gives the leather natural variation in grain, and an improved look and feel. This top grain leather has been allowed to shrink at the tannery for a grainier, more varied and NATURAL appearance.

- **Daily Cleaning:** Dust the leather surface regularly with a soft, dry cloth.
- **Spills:** Immediately blot any spills with a clean, absorbent cloth. Do not rub. For stubborn stains, use a mild leather cleaner specifically designed for semi-aniline leather, following the product instructions. Test on an inconspicuous area first.
- **Conditioning:** Apply a leather conditioner every 6-12 months to keep the leather supple and prevent drying or cracking.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading and drying of the leather. Position the chair away from direct sunlight or use window coverings.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or household detergents, as these can damage the leather finish.

General Maintenance:

- **Electrical Components:** Periodically check the power cord and connections for any signs of wear or damage. Ensure they are securely plugged in.
- **Moving the Chair:** When moving the chair, lift it rather than dragging it to prevent damage to the base or flooring.
- **Weight Capacity:** Adhere to the recommended maximum weight capacity of 250 pounds to prevent damage to the chair's mechanism and frame.

TROUBLESHOOTING

If you encounter issues with your Fjords Milan Recliner, refer to the following common troubleshooting steps:

| Problem                                          | Possible Cause                                    | Solution                                                                                                                                                                                                                                                                                                |
|--------------------------------------------------|---------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chair does not recline/footrest does not extend. | No power, loose connection, motor issue.          | <div>1. Ensure the power cord is securely plugged into the chair and the wall outlet.</div> <div>2. Check if the wall outlet is functional by plugging in another device.</div> <div>3. Inspect the power cord for any visible damage.</div> <div>4. If issues persist, contact customer support.</div> |
| Swivel/rocking function is stiff or noisy.       | Obstruction, lack of lubrication, worn mechanism. | <div>1. Check for any objects obstructing the swivel base.</div> <div>2. Ensure the chair is on a level surface.</div> <div>3. Avoid applying excessive force.</div> <div>4. If noise persists, contact customer support.</div>                                                                         |
| Leather appears dry or cracked.                  | Lack of conditioning, exposure to heat/sunlight.  | <div>1. Apply a suitable leather conditioner as per maintenance instructions.</div> <div>2. Reposition the chair away from direct heat sources or sunlight.</div>                                                                                                                                       |

If these steps do not resolve the issue, please refer to the Warranty and Support section for further assistance.

## SAFETY INFORMATION

Please read and adhere to the following safety guidelines to ensure safe operation and prevent injury or damage:

- **Maximum Weight Capacity:** Do not exceed the recommended maximum weight capacity of 250 pounds.
- **Stability:** Ensure the chair is placed on a stable, level surface before use, especially when utilizing the swivel or recline functions.
- **Children and Pets:** Keep children and pets away from the moving parts of the chair, especially during recline or return to upright position.
- **Obstructions:** Ensure there are no obstructions around or under the chair that could interfere with the recline mechanism or footrest.
- **Power Cord:** Do not place the power cord in high-traffic areas where it could be tripped over or damaged. Avoid placing heavy objects on the cord.
- **Electrical Safety:** Only use the provided power adapter. Do not attempt to modify the electrical components. If the power cord or plug is damaged, discontinue use and contact customer support.
- **Cleaning:** Disconnect the power before cleaning the chair.

## WARRANTY AND SUPPORT

Fjords stands behind the quality of its products. Please review the warranty information and contact details for support.

### Warranty Information:

- **Fjords Factory One Year Parts Warranty:** The chair comes with a one-year warranty covering parts from the date of purchase.
- **Extended Warranty:** Extended 5-Year In-Home Parts and Labor Warranties may be available. Please refer to ASIN B073ZPXCLH for more details on extended coverage options.
- **Warranty Terms:** All warranties are applicable to the original purchaser only and do not cover rental or commercial use.

### Customer Support:

For any questions, technical assistance, or warranty claims, please contact Fjords customer support through their official website or the retailer from whom you purchased the product. Have your model name and purchase date ready when contacting support.

You can visit the official Fjords store for more information:[Fjords Official Store](#)
