- User Manual

3. Product Overview

Familiarize yourself with the components and controls of your ZABBOW F-SL001A headset:

Essencial Information

Image: Essential Information - Diagram of the ZABBOW F-SL001A headset highlighting key components such as the Charging Port, Volume "+" / Previous button, Function Button, Volume "-" / Next button, Lamp (indicator light), and Microphone.

- **Function Button:** Central button for power, pairing, call control, and music playback.
- **Volume "+" / Previous:** Increases volume or navigates to the previous track.
- **Volume "-" / Next:** Decreases volume or navigates to the next track.
- **Charging Port:** USB port for charging the headset.
- **Lamp (Indicator Light):** Displays status such as power, pairing, and charging.
- **Microphone:** Built-in microphone for calls.

4. Setup and Charging

4.1 Charging the Headset

Before first use, fully charge the headset. A full charge takes approximately 2 hours.

140mAh large capacity battery

One charge for continuous work, long-lasting life

Image: 140mAh large capacity battery - The headset features a 140mAh battery, providing extended usage on a single charge.

1. Connect the USB charging cable to the headset's charging port.
2. Connect the other end of the cable to a USB power source (e.g., computer USB port, USB wall adapter).
3. The indicator light will show charging status (e.g., red while charging, off or blue when fully charged).

The headset offers up to 10 hours of continuous talk time and up to 160 hours of standby time on a single charge.

4.2 Powering On/Off

- **Power On:** Press and hold the Function Button until the indicator light flashes blue.
- **Power Off:** Press and hold the Function Button until the indicator light flashes red and then turns off.

4.3 Bluetooth Pairing

The headset uses Bluetooth 5.1 for fast and stable connections.

1. Ensure the headset is powered off.
2. Press and hold the Function Button for approximately 5-7 seconds until the indicator light flashes red and blue alternately. This indicates pairing mode.

3. On your device (smartphone, tablet, computer, PS3), enable Bluetooth and search for available devices.
4. Select "F-SL001A" or similar name from the list of found devices.
5. Once connected, the indicator light on the headset will flash blue slowly or turn off, depending on the model.
6. If prompted for a password, enter "0000".

The headset supports connecting to two individual devices simultaneously.

5. Operating Instructions

5.1 Call Control

- **Answer/End Call:** Press the Function Button once.
- **Reject Call:** Press and hold the Function Button for 2 seconds.
- **Redial Last Number:** Double-press the Function Button.

5.2 Music Playback

- **Play/Pause:** Press the Function Button once.
- **Next Track:** Press the Volume "-" / Next button once.
- **Previous Track:** Press the Volume "+" / Previous button once.

5.3 Volume Adjustment

- **Increase Volume:** Press the Volume "+" / Previous button.
- **Decrease Volume:** Press the Volume "-" / Next button.

5.4 Voice Assistant

The headset supports voice assistance. Refer to your device's manual for specific voice assistant activation and usage.

Safe Driving with Bluetooth Call

Image: Safe Driving with Bluetooth Call - The headset provides clear HD calling and noise reduction, making it suitable for use while driving.

6. Wearing the Headset

The ZABBOW F-SL001A headset is designed for comfortable, long-term wear. It features an ear-hanging design without directly entering the ear canal, which enhances comfort.

Earrings

No in-ear design, more comfortable to wear

Ear hooks are made of soft rubber and can be bent at will

Image: Humanized design - The headset features a comfortable no in-ear design and flexible ear hooks made of soft rubber that can be bent for a custom fit.

- Gently place the ear hook over your ear.
- Adjust the headset so the speaker is positioned comfortably near your ear canal and the microphone is pointing towards your mouth.
- The ear hooks are made of soft rubber and can be bent to achieve a secure and comfortable fit.

7. Maintenance

To ensure the longevity and optimal performance of your headset, follow these maintenance guidelines:

- **Cleaning:** Wipe the headset with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Water:** The headset is not waterproof. Avoid exposure to water or excessive moisture.
- **Charging:** Do not overcharge the battery. Disconnect the charger once the headset is fully charged.

8. Troubleshooting

If you encounter issues with your headset, try the following solutions:

Problem	Possible Cause	Solution
Headset does not power on.	Low battery.	Charge the headset fully.
Cannot pair with device.	Headset not in pairing mode; Bluetooth off on device; device too far.	Ensure headset is in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Move headset closer to device.
No sound or poor sound quality.	Volume too low; headset not connected; interference.	Increase volume on headset and device. Reconnect headset. Move away from sources of interference.
Microphone not working.	Microphone muted; incorrect audio input selected on device.	Check device settings to ensure headset microphone is selected as input.

If the problem persists after trying these solutions, please contact customer support.
