## BarcaLounger BL-Lorence-Grey

### Barcalounger Lorence Dual Motor Lift Recliner with Power Headrest

**MODEL: BL-LORENCE-GREY**

Venzia Gray Leather

## Important Safety Information

Always ensure the chair is on a stable, level surface. Do not exceed the maximum weight capacity of 400 pounds. Be cautious when using the lift function and adjust the chair's position slowly and carefully to avoid injury. Keep fingers and other body parts away from moving parts.

## 1. Setup and Assembly

Your Barcalounger Lorence recliner comes partially assembled and requires minimal setup. Carefully unpack all components and ensure all parts are present before beginning assembly.

### Assembly Steps:

1. Attach the backrest to the seat base by aligning the metal brackets and sliding the backrest down until it locks into place.
2. Connect all electrical cables located beneath the chair. Ensure all connections are secure.
3. Connect the power adapter to the chair's power input and then plug it into a wall outlet.
4. Place the remote control in the side pocket for easy access.

### Assembly Video:

Text Description: This video demonstrates the assembly process for a power lift recliner, showing how to connect the backrest, armrests, and electrical components. It highlights the ease of putting the chair together.

## 2. Operating Instructions

Your Barcalounger Lorence recliner features dual motors for independent control of the backrest and ottoman, an adjustable power

headrest, and a power lift function, all controlled via a user-friendly hand controller.

## Hand Controller Functions:

- **Recline/Upright:** Use the dedicated buttons to recline the backrest or return it to an upright position.
- **Ottoman/Footrest Adjustment:** Independently adjust the footrest for optimal leg support.
- **Power Headrest:** Adjust the headrest angle for personalized neck and head support.
- **Power Lift:** Press and hold the 'UP' button to gently lift the chair, assisting you in standing up. Press 'DOWN' to lower the chair.
- **Massage & Heat:** Activate the massage and heating functions using the dedicated remote. The heat function provides gradual warmth to the lumbar area.
- **Memory Functions:** Some models may include memory presets for your favorite positions (e.g., Home, TV, Sleep modes).

## Convenience Features:

- **Side Pockets:** Conveniently store your remote, magazines, or other small items.
- **USB & Type-C Charging Ports:** Charge your electronic devices directly from the chair.
- **Foldable Tray/Cup Holders:** Utilize the integrated tray and cup holders for beverages and snacks.

## 3. Maintenance

Proper care and maintenance will extend the life and appearance of your leather recliner.

- **Cleaning:** For routine cleaning, wipe the leather with a soft, damp cloth. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Leather Care:** Periodically condition the leather with a specialized leather conditioner to keep it supple and prevent cracking.
- **Mechanism:** Inspect the reclining mechanism periodically for any loose bolts or signs of wear. Tighten as necessary. Do not lubricate the mechanism unless specified by the manufacturer.
- **Electrical Components:** Ensure all cords are free from kinks or damage. Unplug the chair from the power outlet before cleaning or performing any maintenance.

## 4. Troubleshooting

If you encounter any issues with your recliner, please refer to the following common solutions:

- **Chair Not Responding:** Check if the power cord is securely plugged into both the chair and the wall outlet. Ensure the power

switch (if present) is in the 'ON' position.

- **Reclining Mechanism Stuck:** Ensure no objects are obstructing the mechanism beneath the chair. Try resetting the power by unplugging and re-plugging the chair.
- **Massage/Heat Not Working:** Verify the massage/heat remote is properly connected and powered. Check the intensity and mode settings.

If the problem persists, please contact customer support for further assistance.

## 5. Specifications
