Audio-Technica ATH-CK1TW

Audio-Technica ATH-CK1TW Fully Wireless Earphones User Manual

Model: ATH-CK1TW

INTRODUCTION

Thank you for choosing the Audio-Technica ATH-CK1TW Fully Wireless Earphones. This manual provides essential information for the safe and effective use of your product. Please read it thoroughly before use and retain it for future reference.

The ATH-CK1TW earphones offer a seamless audio experience with features designed for convenience and clarity, including hands-free calling, intuitive controls, and a durable, waterproof design.

PACKAGE CONTENTS

Ensure all items are present in your package:

- ATH-CK1TW Earphones (Left and Right)
- Wireless Charging Case
- USB Charging Cable (Type-A/USB Type-C)
- Earpieces (XS, S, M, L sizes)

SETUP

1. Initial Charging

Before first use, fully charge the earphones and the charging case. Connect the supplied USB cable to the charging case and a USB power source. The indicator lights on the case will show the charging status.

2. Powering On and Pairing

The earphones power on automatically when removed from the charging case. To pair with a new device:

1. Remove both earphones from the charging case. They will enter pairing mode automatically.
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "ATH-CK1TW" from the list of detected devices.
4. Once connected, a confirmation sound will play.

For Android devices, Fast Pair is supported for quick and convenient connection.

3. Selecting Earpieces

The earphones come with four sizes of soft silicone earpieces (XS, S, M, L). Choose the size that provides the best fit for optimal sound quality and comfort. A proper seal is crucial for bass response and noise isolation.

OPERATING INSTRUCTIONS

1. Basic Controls

The ATH-CK1TW earphones feature intuitive one-button operation for various functions:

- **Play/Pause:** Press the button once.
- **Next Track:** Press the button twice.
- **Previous Track:** Press the button three times.
- **Volume Up/Down:** Specific earbud controls or device control. Refer to the full user guide for detailed button assignments.
- **Answer/End Call:** Press the button once during an incoming call.
- **Reject Call:** Press and hold the button.
- **Activate Voice Assistant (Siri/Google Assistant):** Press and hold the button (specific earbud).

2. Call Functions

Enjoy clear, hands-free calls with both earbuds or just one. The built-in microphone reduces wind noise, making calls clear indoors and outdoors. The side tone function allows you to hear your own voice through the earphones, preventing you from speaking too loudly.

3. Low Latency Mode

Activate the low latency mode to minimize audio and video synchronization issues, enhancing your experience when watching videos or playing games.

4. Battery Life

The earphones provide approximately 7 hours of continuous playback on a single charge. The charging case extends total playback time up to 21 hours.

MAINTENANCE

1. Cleaning

The ATH-CK1TW earphones feature an IPX5/7 waterproof rating, allowing them to be washed with water. This makes cleaning simple and effective. After washing, ensure the earphones are completely dry before placing them back in the charging case.

Regularly clean the earpieces and the charging contacts on both the earphones and the case to ensure optimal performance and charging efficiency. Use a soft, dry cloth for the charging case.

2. Storage

When not in use, store the earphones in their charging case to protect them and keep them charged. Avoid exposing the earphones to extreme temperatures, humidity, or direct sunlight.

TROUBLESHOOTING

If you encounter issues with your ATH-CK1TW earphones, please refer to the following common solutions:

- **No Sound:** Ensure the earphones are charged and properly paired with your device. Check the volume levels on both the earphones and your device.
- **Cannot Pair:** Make sure Bluetooth is enabled on your device and the earphones are in pairing mode. Try turning Bluetooth off and on again on your device. If issues persist, try resetting the earphones (refer to the full user guide for specific reset instructions).
- **Intermittent Connection:** Ensure there are no obstructions between the earphones and your device.

Keep the device within the 10-meter operating range. Avoid environments with strong electromagnetic interference.

- **Charging Issues:** Verify that the USB cable is securely connected to both the charging case and the power source. Clean the charging contacts on the earphones and inside the case.
- **Uncomfortable Fit:** Experiment with the different sizes of earpieces provided to find the most comfortable and secure fit for your ears.

For more detailed troubleshooting or persistent issues, please visit the Audio-Technica support website.
