Latest  
Android TV

Chromecast  
built-in

Overview of the Xiaomi Mi TV Stick and its key features, including 1080P support, easy setup, Google Assistant, Android TV, and Chromecast built-in.

## 2. PACKAGE CONTENTS

Please check the box for the following items:

- Xiaomi Mi TV Stick
- Bluetooth Remote Control
- Power Adapter
- USB Cable
- User Manual (this document)

The Xiaomi Mi TV Stick and its accompanying Bluetooth remote control.

The power adapter for the Xiaomi Mi TV Stick.

### 3. SETUP GUIDE

Setting up your Mi TV Stick is quick and easy. Follow these three simple steps to get started:

#### 1. Step 1: Attach Mi TV Stick to TV

Plug the Mi TV Stick directly into an available HDMI port on your television. For power, connect the included USB cable to the Mi TV Stick and the power adapter, then plug the adapter into a wall outlet.

#### 2. Step 2: Connect to the Internet

Turn on your TV and select the correct HDMI input. Follow the on-screen instructions to connect the Mi TV Stick to your Wi-Fi network.

#### 3. Step 3: Start Streaming Your Favorite Content

Once connected, complete the initial setup, including signing in with your Google account. You can then download apps from the Google Play Store and begin streaming movies, TV shows, and more.

## Make your TV Smart within 30 seconds

Level up your TV in under 30 seconds by connecting  
the Mi TV Stick in just 3 simple steps:

### STEP 1

Attach Mi TV Stick to TV

### STEP 2

Connect to the Internet

### STEP 3

Start streaming your  
favourite content

Visual guide illustrating the three simple steps for setting up the Mi TV Stick: attaching to TV, connecting to Wi-Fi, and starting to stream.

### 4. OPERATING INSTRUCTIONS

#### 4.1. Using the Remote Control

The Mi TV Stick comes with a Bluetooth remote control designed for easy navigation and quick access to features.

# Mi Remote

Quick Access apps | Back | Android Home  
Netflix, Prime Video short cut key | Volume up/down

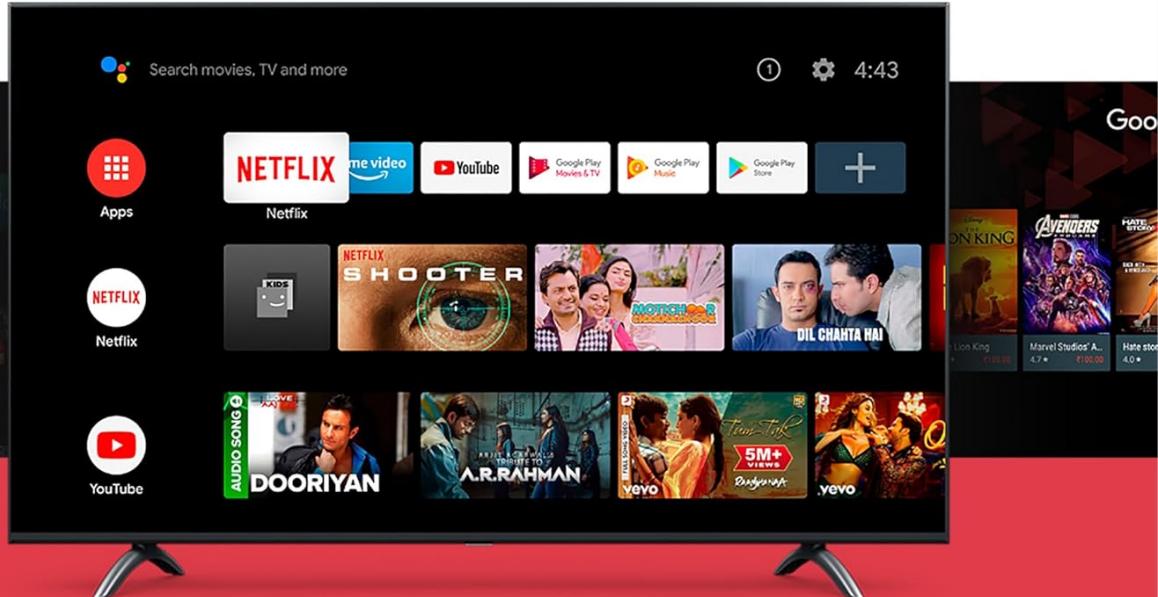

The Mi TV Stick remote control, highlighting quick access buttons for apps, back, Android Home, Netflix, Prime Video, and volume control.

- **Power Button:** Turns the Mi TV Stick on or off.
- **Navigation Ring:** Use to move through menus and select items.
- **Google Assistant Button:** Press to activate voice search and commands.
- **Back Button:** Returns to the previous screen.
- **Home Button:** Returns to the Android TV home screen.
- **Netflix & Prime Video Buttons:** Dedicated buttons for quick access to these streaming services.
- **Volume Buttons:** Adjust the volume of your TV.

## 4.2. Navigating Android TV

The Android TV interface is designed for intuitive navigation. The home screen displays your installed apps, recommended content, and system settings.

# androidtv

The latest Android TV 9 has been streamlined to be faster and easier to use. The interface is user friendly and allows you to discover more content with Voice Search and Chromecast built-in offering a smoother experience

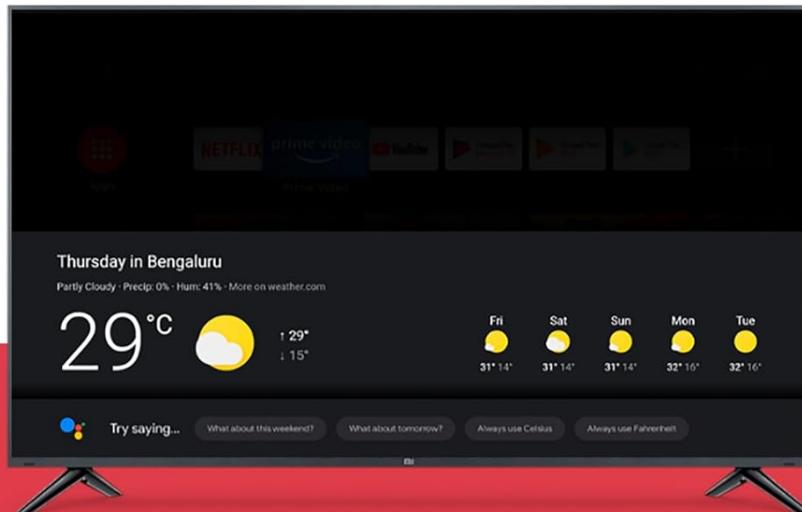

The user-friendly Android TV 9 interface, optimized for speed and ease of use, featuring various streaming apps and content recommendations.

## 4.3. Using Google Assistant

With Google Assistant built-in, you can use your voice to search for content, control playback, get answers, and more. Simply press the Google Assistant button on your remote and speak your command.

# Voice is the new search

Now do more with your voice with the help of Google Assistant.  
Say goodbye to pressing too many times to find what you need.  
Just press once and ask for your favourite content, music or games and  
it will be right there on your screen

## Get answers

"What's the weather today?"

"What are the movies running nearby?"

"Who is top of Premier League?"

"What was India cricket score?"

The voice search interface powered by Google Assistant, allowing users to find content, music, or games by simply speaking into the remote.

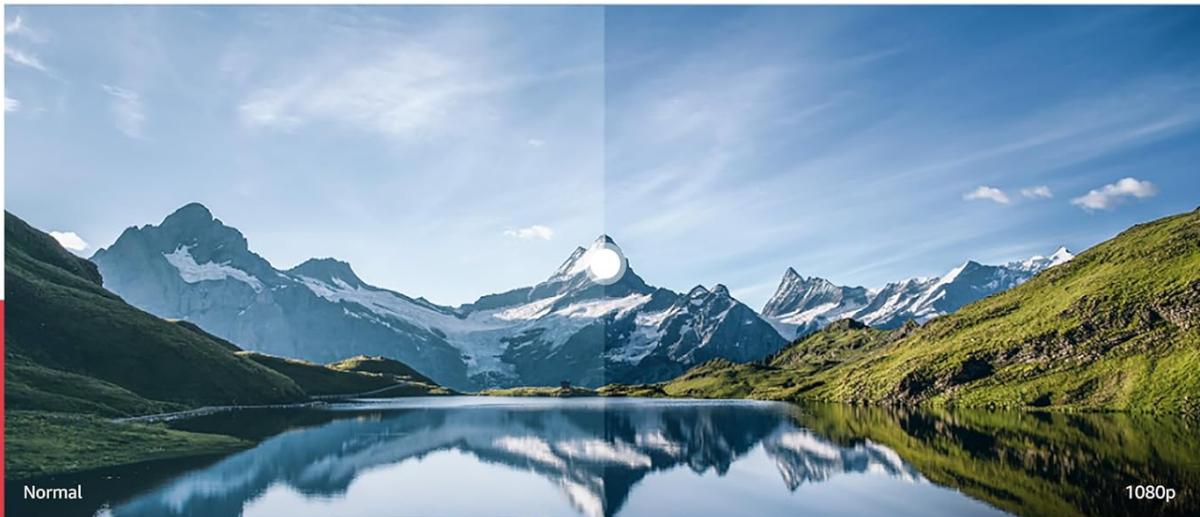

## 5. KEY FEATURES

### 5.1. Full High Definition (1080P)

Experience crisp and clear visuals with support for up to 1080P Full High Definition resolution, providing an immersive viewing experience on compatible televisions.

# Full High Definition every way

Experience a visual treat like never before with the new Mi TV Stick which works with almost every TV. Enjoy the best of viewing as the Mi TV Stick gives you a **Full High Definition** experience.

\*Requires a HDR TV and HDR-enabled video content.

A visual comparison demonstrating the enhanced clarity and detail of Full High Definition (1080P) content.

## 5.2. Chromecast Built-in

The integrated Chromecast functionality allows you to cast photos, videos, and music from your smartphone, tablet, or computer directly to your TV screen with a single tap.

Why watch on a small screen when you can go to a big screen in just a single tap. All this possible with the Chromecast built-in on the Mi TV Stick.

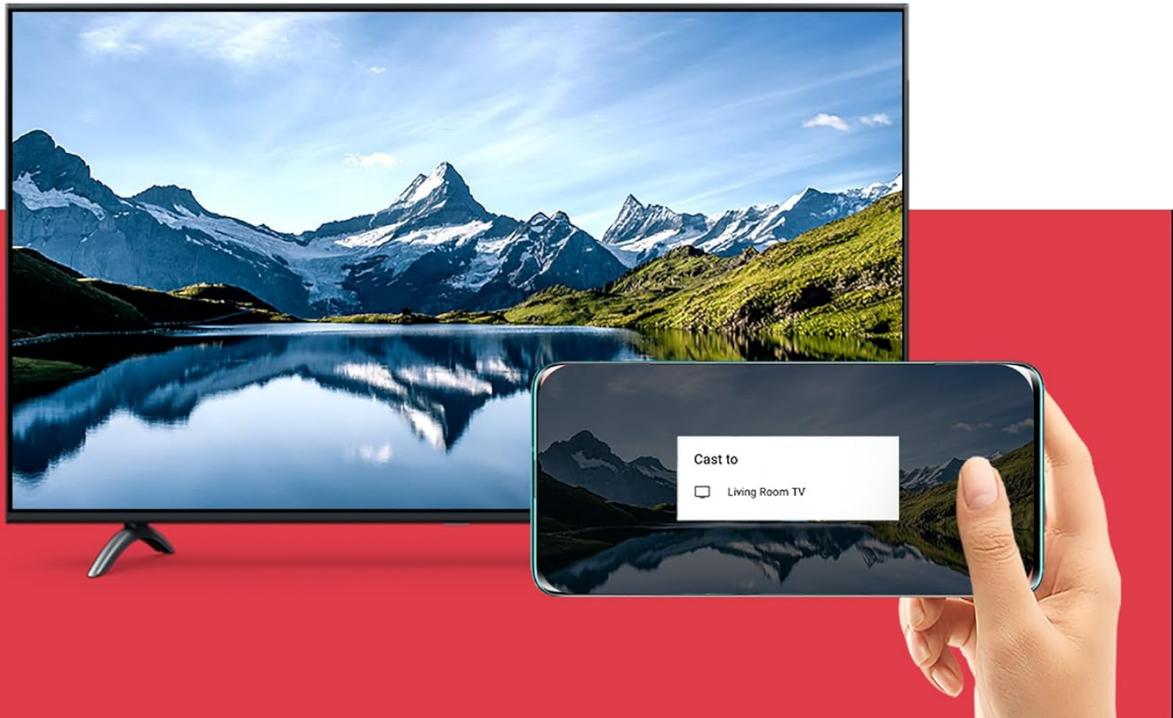

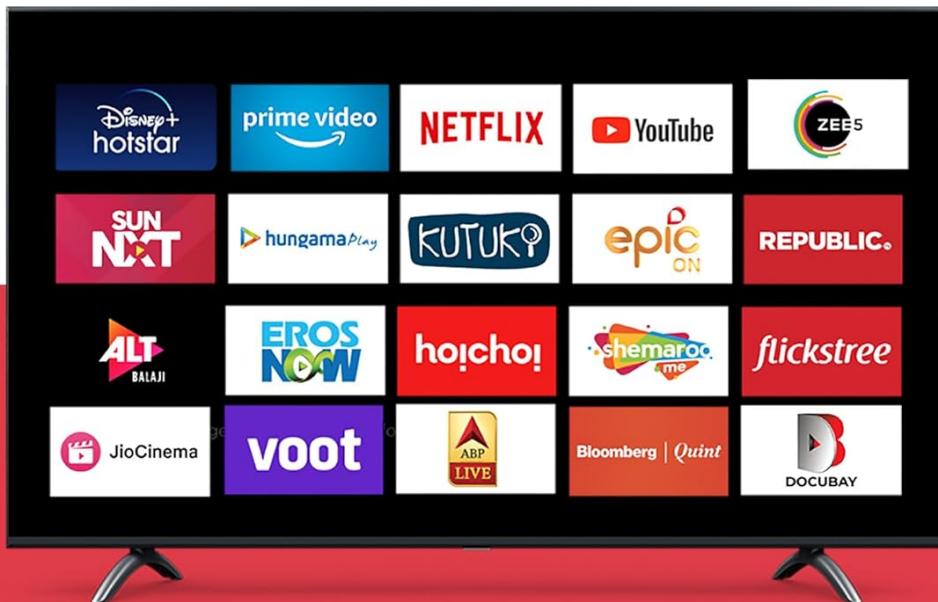

Illustration of how Chromecast built-in allows users to easily cast content from their mobile device to the television.

### 5.3. Extensive App Support

Access a wide range of streaming services and apps, including Netflix, Prime Video, YouTube, Disney+ Hotstar, and thousands more available through the Google Play Store.

# Entertainment like never before

Mi TV Stick brings to you content from all the leading entertainment OTT's like Netflix, Disney + Hotstar, Prime Video & 5000+ Apps. It is not only designed for streaming but to also enjoy games on the Go!

20+ content partners and more...

A selection of popular entertainment apps and content partners available on the Mi TV Stick.

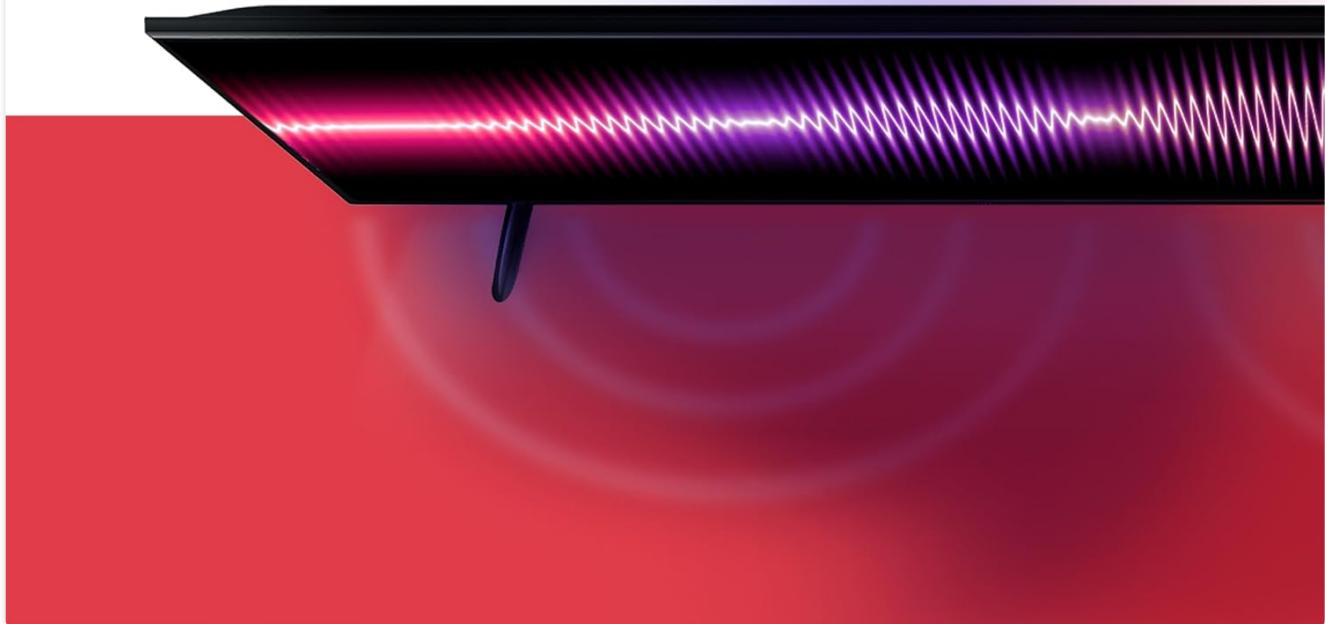

## 5.4. High-definition Sound

Enjoy rich, immersive audio with support for both Dolby Audio and DTS Digital, delivering a cinematic sound experience for your movies and shows.

## High-definition Sound

With the support of both Dolby Audio and DTS Digital,  
get smoother, dynamic, immersive and more realistic sound on the Mi TV Stick

Visual representation of high-definition sound, indicating support for Dolby Audio and DTS Digital for a smoother, more realistic audio experience.

### 5.5. Data Saver

The Data Saver feature helps you watch more content while consuming less data. It allows you to adjust video quality to save data and extend watch time, and provides data alerts.

# Data Saver

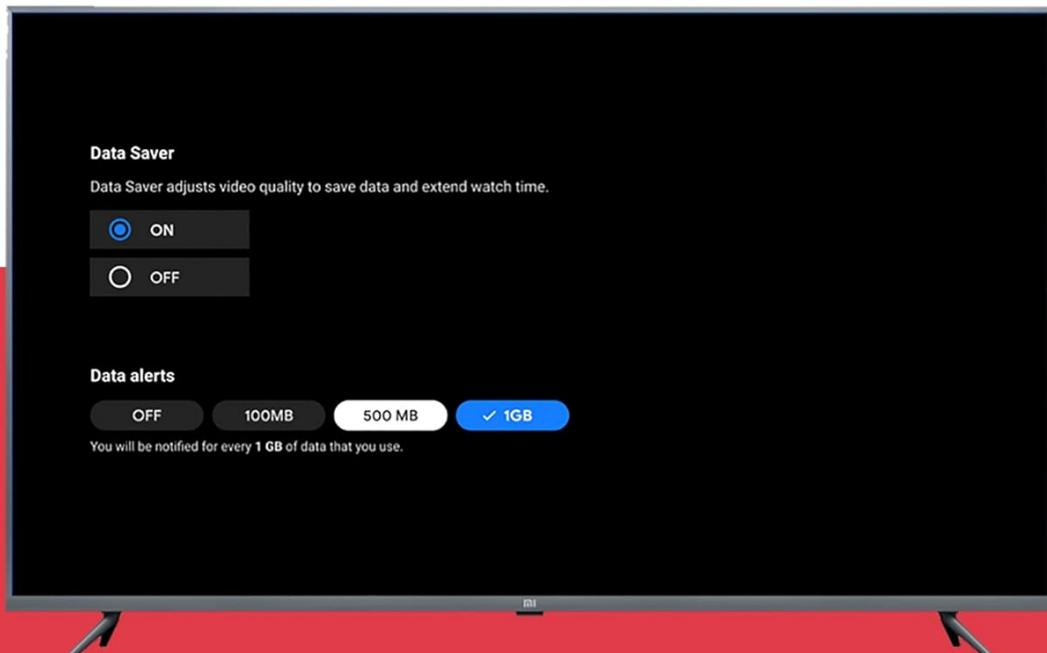

Watch more everyday with data saver feature on Mi TV stick

Watch up to  
3 times more

Get Data alerts

Stream directly to TV  
without using data

\*works with mobile hotspot.

The Data Saver interface on the Mi TV Stick, showing options to turn the feature on/off and set data alerts.

## 6. TROUBLESHOOTING

If you encounter issues with your Mi TV Stick, try the following solutions:

- No Power/No Signal:** Ensure the Mi TV Stick is securely plugged into the HDMI port and the power adapter is connected to a working outlet. Verify your TV is set to the correct HDMI input.
- Remote Control Not Responding:** Check the batteries in the remote. If the remote uses Bluetooth, ensure it is paired correctly (refer to initial setup instructions if needed).
- Wi-Fi Connection Issues:** Restart your Wi-Fi router. Go to the Mi TV Stick's network settings to re-enter your Wi-Fi password or try connecting to a different network.
- App Crashing/Freezing:** Try force-stopping the app from the Mi TV Stick's settings (Settings > Apps > [App Name] > Force Stop). If the issue persists, clear the app's cache or data.
- Slow Performance:** Restart the Mi TV Stick by unplugging it from power for a few seconds and plugging it back in. Ensure you have a stable internet connection.
- No Audio:** Check the volume levels on both your TV and the Mi TV Stick. Ensure your audio setup (soundbar, receiver) is correctly connected and configured.

If problems persist, consider performing a factory reset (Settings > Device Preferences > About > Factory Reset). Note that a factory reset will erase all data and settings on the device.

## 7. SPECIFICATIONS

Model Name	Xiaomi Mi Stick

## 8. MAINTENANCE

To ensure the longevity and optimal performance of your Mi TV Stick:

- Cleaning:** Use a soft, dry cloth to clean the device. Do not use liquid cleaners or aerosols.
- Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- Software Updates:** Periodically check for and install software updates through the device settings (Settings > Device Preferences > About > System update) to ensure you have the latest features and security patches.
- Ventilation:** Ensure the device has adequate ventilation and is not covered, as this can lead to overheating.

## 9. SAFETY INFORMATION

Please read and follow these safety precautions:

- Do not expose the device to water or excessive moisture.
- Avoid placing the device near heat sources or in direct sunlight.
- Use only the provided power adapter and USB cable.
- Do not attempt to disassemble or repair the device yourself. Refer all servicing to qualified personnel.
- Keep the device out of reach of children.
- Ensure proper ventilation around the device during operation.

## 10. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the warranty card included with your product or visit the official Xiaomi website. You can also contact Xiaomi customer service for assistance with product-related

inquiries or issues.
