1. INTRODUCTION

This manual provides detailed instructions for the safe and efficient use of your OttLite Desk Lamp with Clock and Wireless Charging Station. Please read this manual thoroughly before operating the device and retain it for future reference.

2. IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions before using the lamp.
- To reduce the risk of electric shock, do not immerse the lamp in water or other liquids.
- Do not operate the lamp if the cord or plug is damaged.
- Keep the lamp away from heat sources and direct sunlight.
- Use only the provided power adapter.
- Do not attempt to disassemble or repair the lamp yourself. Contact qualified service personnel.
- Ensure the lamp is placed on a stable, flat surface.
- For indoor use only.

3. PACKAGE CONTENTS

Verify that all components are present in your package:

- OttLite Desk Lamp
- Power Adapter
- Instruction Manual (this document)

4. PRODUCT OVERVIEW

The OttLite Desk Lamp is designed to provide versatile lighting, a digital display, and convenient charging options. Familiarize yourself with its main components:

Figure 1: OttLite Desk Lamp showing the flexible neck, LED light panel, digital display, and wireless charging base with a phone placed on it.

- **Flexible Neck:** Allows for easy adjustment of the light angle.
- **LED Light Panel:** Provides ClearSun LED illumination with multiple color modes and brightness levels.
- **Digital Display:** Shows date, time, ambient temperature, and alarm status.
- **Wireless Charging Base:** Integrated Qi charging pad for compatible devices.
- **USB Charging Port:** 5V, 2.1A port for charging phones, tablets, and other devices.
- **Base Color-Changing Light:** Ambient light feature with various color options.
- **Control Buttons:** Touch-sensitive controls for lamp functions and physical buttons for display settings (located on the back).

5. SETUP

1. **Unpack the Lamp:** Carefully remove all components from the packaging.
2. **Connect Power:** Insert the power adapter into the DC input port on the back of the lamp base, then plug the adapter into a standard wall outlet. The digital display will illuminate.
3. **Initial Display Settings:**
 - Locate the control buttons on the back of the lamp. These typically include 'S' (Set), 'M' (Mode), 'Up' (▲), and 'Down' (▼) buttons.
 - Press the 'S' button to enter setting mode.
 - Use the 'Up' and 'Down' buttons to adjust values (e.g., hour, minute, year, month, day).
 - Press 'S' again to confirm each setting and move to the next.
 - Set the time (12/24 hour format), date (year, month, day), and temperature unit (Celsius/Fahrenheit).

6. OPERATING INSTRUCTIONS

6.1. Lamp Controls

- **Power On/Off:** Touch the power icon on the lamp's front panel to turn the light on or off.
- **Adjust Brightness:** With the lamp on, repeatedly touch the brightness control icon to cycle through three brightness levels for the selected color mode.

- **Change Color Mode:** Touch the color mode icon to switch between three LED color temperature modes:
 - ClearSun Natural Daylight
 - Bright White
 - Warm Light
- **Adjust Flexible Neck:** Gently bend the lamp's neck to position the light as desired. The neck is designed to hold its position.

6.2. Base Color-Changing Light

The lamp base features an ambient color-changing light:

- Touch the base light control icon (often a sun or color wheel symbol) on the front panel.
- Each touch will cycle through various static colors or a continuous color-changing mode.
- Touch and hold the icon to turn the base light off.

6.3. Wireless Charging

The base includes a Qi-compatible wireless charging pad:

- Place your Qi-compatible smartphone (e.g., iPhone 8 and above) directly onto the designated wireless charging area on the lamp base.
- Ensure the phone is centered for optimal charging. A charging indicator may appear on your phone's screen.
- Remove any thick cases or metallic objects that may interfere with wireless charging.

6.4. USB Charging Port

An integrated 5V, 2.1A USB port is available for charging other devices:

- Connect your device's USB charging cable to the USB port located on the back of the lamp base.
- This port can charge phones, tablets, and other USB-powered devices.

6.5. Alarm Clock Function

To set the alarm:

1. Press the 'M' (Mode) button on the back of the lamp until the alarm icon appears on the display.
2. Press 'S' (Set) to enter alarm setting mode. The hour will flash.
3. Use the 'Up' and 'Down' buttons to adjust the hour, then press 'S' to confirm.
4. Repeat for minutes.
5. After setting the time, you may have options to enable/disable the alarm or set snooze duration. Follow on-screen prompts using 'Up'/'Down' and 'S'.
6. To activate/deactivate the alarm, press 'M' until the alarm icon is visible, then use the 'Up' button to toggle it on or off.

6.6. Display Brightness

To adjust the brightness of the digital display:

- Locate the display brightness control button (often a sun icon) on the back or side of the lamp.
- Press this button to cycle through different brightness levels for the display, including an option to turn it off completely for nighttime.

7. MAINTENANCE

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the lamp. Do not use abrasive cleaners or solvents.
- **Storage:** If storing the lamp for an extended period, unplug it and store it in a cool, dry place.
- **LEDs:** The LED lights are integrated and not user-replaceable.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	No power connection.	Ensure the power adapter is securely plugged into the lamp and a working wall outlet.
Wireless charging not working.	Phone not Qi-compatible or improperly placed; thick phone case.	Verify phone compatibility, reposition phone on the charging pad, remove thick cases or metallic objects.
Digital display is dim or off.	Display brightness set too low or off.	Press the display brightness control button to adjust the brightness level.
Time/Date is incorrect.	Settings need adjustment.	Refer to Section 5.3 "Initial Display Settings" to reset the time and date.

9. SPECIFICATIONS

Feature	Detail
Brand	OttLite
Model Name	Ottlite Wellness Series - White Desk Lamp
Model Number	761712020044
Light Source Type	LED (ClearSun Technology)
Color Modes	3 (ClearSun Natural Daylight, Bright White, Warm Light)
Brightness Settings	3 per color mode
Wireless Charging	Qi-compatible pad
USB Charging Port	5V, 2.1A
Digital Display	Date, Time, Snooze Alarm, Ambient Temperature
