Genérico 21-Wick Black Chili-Light Mary Ritual Candle User Manual

Model: Luz María

INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your Genérico 21-Wick Black Chili-Light Mary Ritual Candle. This candle is designed for spiritual protection and to counteract negative influences. Please read all instructions carefully before use to ensure proper handling and to achieve the intended purpose.

SAFETY INFORMATION

WARNING: To prevent fire and serious injury, always follow these safety precautions.

- Never leave a burning candle unattended.

- Place the candle on a stable, heat-resistant surface, away from flammable materials.
- Keep out of reach of children and pets.
- Ensure the candle is in a safe and monitored location throughout its burning duration.
- Exercise caution when handling salt around the candle to avoid interference with the flame or wax.
- Do not move a burning candle.
- Keep the wax pool free of debris.

SETUP AND PREPARATION

Before initiating the ritual, ensure you are in a calm and focused state of mind. Clear your thoughts of any negativity.

1. **Prepare the Paper:** Obtain a blank, white piece of paper. Write the name of the individual affected by negative influences on this paper.
2. **Position the Paper:** Place the written paper directly under the candle, ensuring the text faces upwards.
3. **Add Personal Items (Optional):** If available, place a personal item or photograph of the affected person near the candle.
4. **Salt Barrier:** Surround the base of the candle with a handful of salt. This creates a protective barrier.

OPERATING INSTRUCTIONS

The 21 wicks of this candle must be lit in a specific sequence for the ritual. Refer to the detailed instructions provided with the product packaging for the exact lighting order. Once lit, the candle must not be extinguished until it burns out completely.

- **Lighting:** Carefully light each of the 21 wicks according to the specific instructions.
- **Continuous Burn:** Once lit, the candle is designed to burn continuously. Do not extinguish it. Be aware that it can burn for several hours.
- **Monitoring:** Due to the extended burn time, ensure the candle is placed in a safe, monitored area, as outlined in the Safety Information section.

This ritual can be repeated for the same individual up to three times. A waiting period of 28 days is required between each ritual.

MAINTENANCE

The primary maintenance for this candle involves ensuring a safe and continuous burn. Keep the wax pool clear of any foreign objects or debris. Do not trim the wicks once the candle has been lit for the ritual.

TROUBLESHOOTING

If the candle's flame appears weak or flickers excessively, ensure it is placed away from drafts. If a wick extinguishes prematurely, it is recommended to relight it carefully, following the original lighting sequence if possible. For any concerns regarding the ritual's effectiveness, it is advised to consult with a spiritual advisor.

SPECIFICATIONS

Attribute	Detail
Brand	Genérico
Model Name	Luz María
