VINGLI BCWDG-DB

VINGLI White Bathroom Storage Cabinet (Model BCWDG-DB)
Instruction Manual

BRAND: VINGLI

MODEL: BCWDG-DB

Product Overview

This VINGLI White Bathroom Storage Cabinet is designed for efficient organization in various spaces. Its compact size (12"W x 12"D x 32"H) allows it to fit neatly in narrow areas, maximizing storage without occupying excessive floor space. The cabinet features four deep drawers, providing ample room for items such as towels, toiletries, and other essentials. The handle-free design with hollow pull-out panels offers a clean aesthetic and convenient access. Stripe carvings on the panels add a refined appearance, suitable for modern or country home decor. Made from engineered wood, this freestanding unit is versatile and can be used in bathrooms, living rooms, kitchens, hallways, bedrooms, and offices.

The cabinet measures 12.2 inches in depth, 12.2 inches in width, and 32.3 inches in height. Each drawer provides substantial storage capacity for various household items.

The drawers feature an arch design for easy opening and offer large storage space. The surfaces are designed for easy cleaning, ensuring hygiene and convenience.

Important Safety Information

Follow standard safety procedures when assembling furniture. Use appropriate tools and do not use the cabinet until it is fully assembled. Avoid using harsh chemicals or excessive water when cleaning the cabinet.

WARNING: Children have died from furniture tipover. To reduce the risk of furniture tipover: ALWAYS install tipover restraint provided. NEVER put a TV on this product. NEVER allow children to stand, climb or hang on drawers, doors, or shelves. NEVER open more than one drawer at a time. Place heaviest items in the lowest drawers. Do not defeat or remove the drawer interlock system. This is a permanent label. Do not remove!

Assembly Instructions

This cabinet unit is designed for easy assembly. Please follow the steps below carefully. Refer to the included hardware and manual for specific part identification.

Step 1: Install Drawer Slides

Identify the left (CL) and right (CR) bottom-mounted drawer slides by their stamped markings. Flip the cabinet side panels upside down and attach the CL slide to the left side panel and the CR slide to the right side panel using the provided screws. Similarly, mount the DR slide to the drawer's right side bottom and the DL slide to the drawer's left side bottom. Ensure all slides are securely fastened.

Video tutorial for installing the bottom-mounted drawer slides on the VINGLI cabinet and its drawers.

Step 2: Assemble Drawer Components

For models requiring 3-in-1 connectors and wooden dowels, insert wooden dowels into the designated holes. Then, insert cam bolts into the embedded nuts (or directly into the holes for some models) and tighten with a screwdriver. When attaching panels using cam locks, ensure the eccentric wheel is oriented correctly towards the screw rod before tightening with a screwdriver.

Video guide for assembling drawer components using 3-in-1 connectors and wooden dowels, including proper orientation of eccentric wheels.

Step 3: Insert Drawers

Once the cabinet frame and drawers are assembled, tilt each drawer slightly upward, align it with the corresponding side slides on the cabinet, and gently push the drawer into place until it slides smoothly.

The VINGLI storage cabinet is versatile for use in various rooms such as the bathroom, office, living room, kitchen, hallway, and bedroom.

Operation

To open a drawer, gently pull the hollow pull-out panel. To close, push the drawer back into the cabinet until it is flush. Avoid forcing drawers open or closed.

Maintenance

Regularly wipe the cabinet surfaces with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish. Ensure the cabinet remains dry to prevent moisture damage. Periodically check all screws and connections to ensure they are tight and secure.

The cabinet's surface is designed for easy cleaning with a soft cloth.

Troubleshooting

Drawers do not slide smoothly:

- Check that the drawer slides are correctly installed and aligned.
- Ensure no debris is obstructing the slides.
- Verify that all screws on the slides are tightened appropriately.

Cabinet feels unstable:

- Confirm that the cabinet is placed on a flat, level surface.
- Ensure all assembly hardware is securely tightened.
- If provided, install the anti-tipping device as per instructions to secure the cabinet to the wall.

Missing parts:

- If any parts are missing upon unboxing, please contact VINGLI customer support for assistance.
