# Rainbow High Rainbow Hair Stylist Kit

## INSTRUCTION MANUAL

### Introduction

---

This manual provides comprehensive instructions for the Rainbow High Rainbow Hair Stylist Kit. Designed for creative expression, this kit allows users to temporarily color hair and clip-in extensions with vibrant, washable gels. Please read all instructions carefully before use to ensure a safe and enjoyable experience.

## Safety Information

Please observe the following safety guidelines:

- For external use only.
- Avoid contact with eyes. In case of contact, rinse thoroughly with water.
- Do not apply hair color around the eyes.
- Parental supervision is recommended for users under the age of 10.
- The hair color gels are formulated with vegan-friendly ingredients and are free from parabens, phthalates, and other harsh chemicals.
- This product has not been tested on animals.

## Package Contents

Verify that all the following items are included in your kit:

- 5 Hair Color Tubes (0.25 fl oz / 7.5 ml each):
  - 1 Orange
  - 1 Red
  - 1 Yellow
  - 1 Blue
  - 1 Purple
- 1 Gold Glitter Mixing Bowl
- 3 White Clip-In Hair Extensions (approximately 10 inches long each)
- 1 Gold Hair Color Mixing Brush

## RAINBOW HAIR COLOR ARTIST

INCLUDES:  
**5 TEMPORARY HAIR COLORS**  
**3 CLIP-ON HAIR EXTENSIONS**  
**MIXING BOWL &  
BRUSH!**

Image: All components of the kit, including five hair color tubes, a mixing bowl, a brush, and three white clip-in hair extensions, neatly arranged.

Image: A close-up view of the three white clip-in hair extensions, illustrating their length of 10 inches.

## Setup

1. **Prepare Your Workspace:** Choose a clean, flat surface. Cover the area with newspaper or a protective cloth to prevent accidental staining.
2. **Gather Materials:** Have all kit components readily accessible. You may also want to have a damp cloth nearby for quick clean-ups.
3. **Perform a Patch Test (Recommended):** Although the gels are temporary and formulated with clean ingredients, it is advisable to apply a small amount of color to a discreet area of skin or hair first to check for any sensitivities or desired color intensity.

## Operating Instructions

### 1. Preparing Hair Colors

1. **Select Colors:** Choose one or more of the 5 vibrant hair color gels.
2. **Mix Custom Shades:** Squeeze a pea-sized amount of your chosen color(s) into the gold glitter mixing bowl. Use the mixing brush to blend colors if you wish to create custom shades (e.g., blend yellow and blue to create green).

Image: A hand using the mixing brush to blend hair colors in the glitter mixing bowl, demonstrating the creation of custom shades.

## 2. Applying Color to Clip-In Extensions

1. **Secure Extensions:** Lay a clip-in extension flat on your protected workspace.
2. **Apply Color:** Dip the mixing brush into the prepared hair color. Gently brush the color onto the extension, starting from the top and working your way down.
3. **Create Effects:** For an ombre effect, apply one color to the top portion of the extension and another color to the bottom, blending them in the middle. You can also layer colors for unique looks.
4. **Dry:** Allow the colored extensions to air dry completely before handling or clipping into hair.

## 3. Applying Color Directly to Hair

1. **Prepare Hair:** Ensure hair is clean and dry. For best results, apply to lighter hair or pre-lightened sections.
2. **Section Hair:** Isolate a small section of hair you wish to color.
3. **Apply Color:** Using the mixing brush, carefully apply the hair color gel to the desired section of hair. Start from the roots and brush downwards.
4. **Dry:** Allow the colored sections to air dry. Avoid touching the colored areas until dry to prevent smudging.

Image: A visual guide demonstrating the "Dye, Rinse, Repeat" process, showing hair extensions being colored, a mixing bowl, and the rinsing of color.

#### 4. Wearing Clip-In Extensions

Once the extensions are dry, simply clip them into your hair for a temporary pop of color. The clips are designed for easy attachment and removal.

#### Maintenance and Care

- **Cleaning Tools:** After each use, rinse the mixing bowl and brush thoroughly with water until all color residue is removed. Allow them to air dry before storing.
- **Removing Hair Color:** The temporary hair colors are designed to wash out easily with water. Simply rinse your hair or the extensions under running water until the color is gone. Shampoo may be used for more thorough removal if needed.
- **Storage:** Store all components of the kit in a cool, dry place away from direct sunlight when not in use. Ensure caps are tightly secured on the color tubes.

#### Troubleshooting

Issue	Solution
-------	----------

Issue	Solution
Color not appearing vibrant enough.	Ensure hair or extensions are clean and dry before application. Apply a slightly thicker layer of gel. Lighter hair colors will show the vibrancy more effectively.
Color is smudging or not drying.	Allow adequate air drying time. Avoid touching the colored areas until completely dry. Ensure not to apply an excessively thick layer of gel.
Difficulty mixing colors evenly.	Use the provided mixing brush and bowl. Start with small amounts of gel and blend thoroughly until a consistent color is achieved.

## Specifications

- **Product Dimensions:** 12 x 2 x 12 inches
- **Item Weight:** 12.3 ounces
- **Model Number:** 213449
- **Manufacturer Recommended Age:** 6 years and up
- **Manufacturer:** Horizon Group USA
- **Release Date:** November 19, 2021
