Yaheetech Queen Size Platform Bed Frame Instruction Manual

Model: YT-00110390-001

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your Yaheetech Queen Size Platform Bed Frame with Arrow Design Headboard. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

The Yaheetech Queen Size Platform Bed Frame is designed for durability and ease of use. It features a stylish arrow design headboard and footboard, a sturdy metal construction with a 750 lb weight capacity, and 13 inches of under-bed clearance for storage. No box spring is required for use with this frame.

SETUP AND ASSEMBLY

Assembly of the Yaheetech Queen Size Platform Bed Frame is designed to be straightforward and can typically be completed within an hour. All necessary parts and tools are included in the package.

Before You Begin:

- Unpack all components and verify against the parts list provided in your package.
- Ensure you have adequate space for assembly.
- It is recommended to have two people for assembly to ensure stability and ease of handling larger components.

Assembly Steps:

1. Begin by attaching the side rails to the headboard and footboard. Ensure all bolts are securely tightened.
2. Install the central support beam and its legs. These provide crucial stability for the mattress

foundation.

3. Proceed with installing the metal slats. Each slat should be aimed at its designated notch on the frame.

Aim the metal pipe at the notch

Press hard and fix

Image: Aligning a metal pipe into a notch during assembly.

4. Once aligned, press firmly to fix the slats into place. Ensure all slats are properly seated and secured to prevent movement and provide even support for your mattress.

Image: Securing slats into the bed frame.

- Double-check all connections to ensure they are tight and secure before placing your mattress on the frame.

OPERATING INSTRUCTIONS

Mattress Placement:

This platform bed frame is designed to be used without a box spring. Place your queen-size mattress directly onto the metal slats. The frame is compatible with mattresses measuring approximately 80 inches in length by 60 inches in width.

Mattress Security:

The side rails of the bed frame are designed to be slightly higher than the inserted slats, which helps to prevent the mattress from sliding around during use.

Built-in slats prevent the mattress from sliding

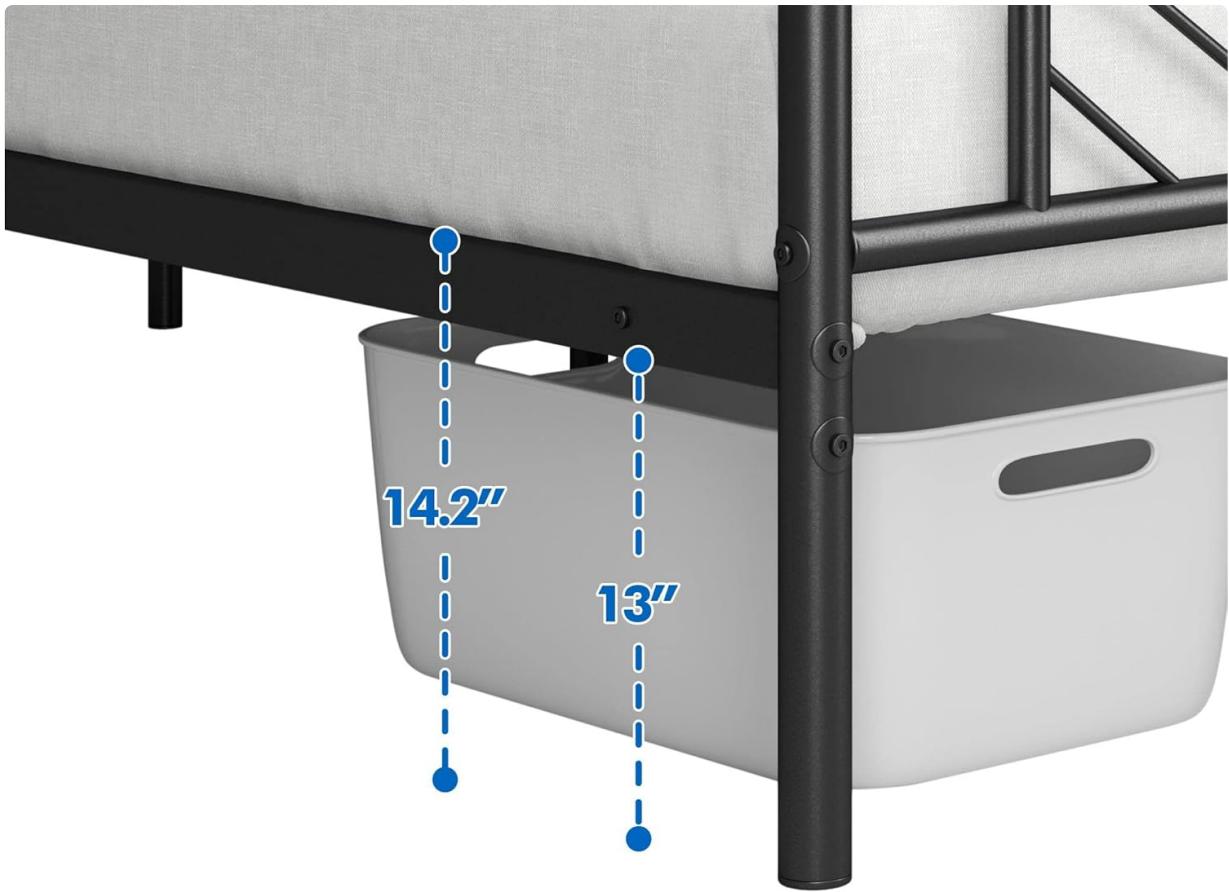

Image: Built-in slats securing the mattress.

Weight Capacity:

The bed frame has a maximum weight capacity of 750 lb. Do not exceed this limit to ensure the longevity and safety of the product.

Under-Bed Storage:

The frame provides approximately 13 inches of clearance from the floor, offering ample space for under-bed storage solutions such as bins or baskets.

13 inch of Ground Clearance

Make full use of the space under the bed for storage.

MAINTENANCE

Cleaning:

Wipe the metal frame clean with a dry cloth as needed. Avoid using harsh chemicals or abrasive cleaners that could damage the powder-coated finish.

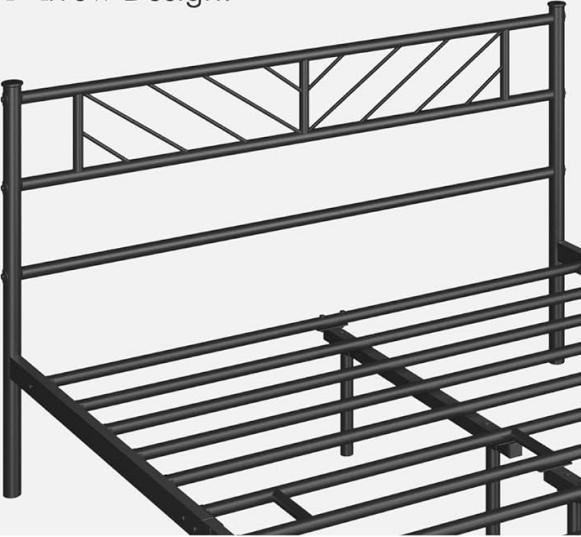

Regular Inspection:

Periodically check all bolts and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain the frame's stability and prevent squeaking.

Floor Protection:

The bed frame is equipped with protective bottom rubber caps on its legs to prevent scratches and damage to your flooring. Ensure these caps remain intact.

A Arrow Design.

Superior metal tubes ensure extended years of use.

Ample under-bed room maximizes your storage space.

Bottom rubber caps keep your floor away from damage.

TROUBLESHOOTING

Squeaking Noises:

- If the bed frame begins to squeak, check all assembly bolts and connections. Tighten any loose fasteners.
- Ensure all slats are properly seated and not rubbing against the frame or each other.

Mattress Sliding:

- Verify that the mattress is correctly centered on the frame.
- Confirm that the built-in mattress retention features (higher side rails) are functioning as intended.

Instability or Wobbling:

- Re-check all assembly steps to ensure every component is correctly installed and all bolts are fully tightened.

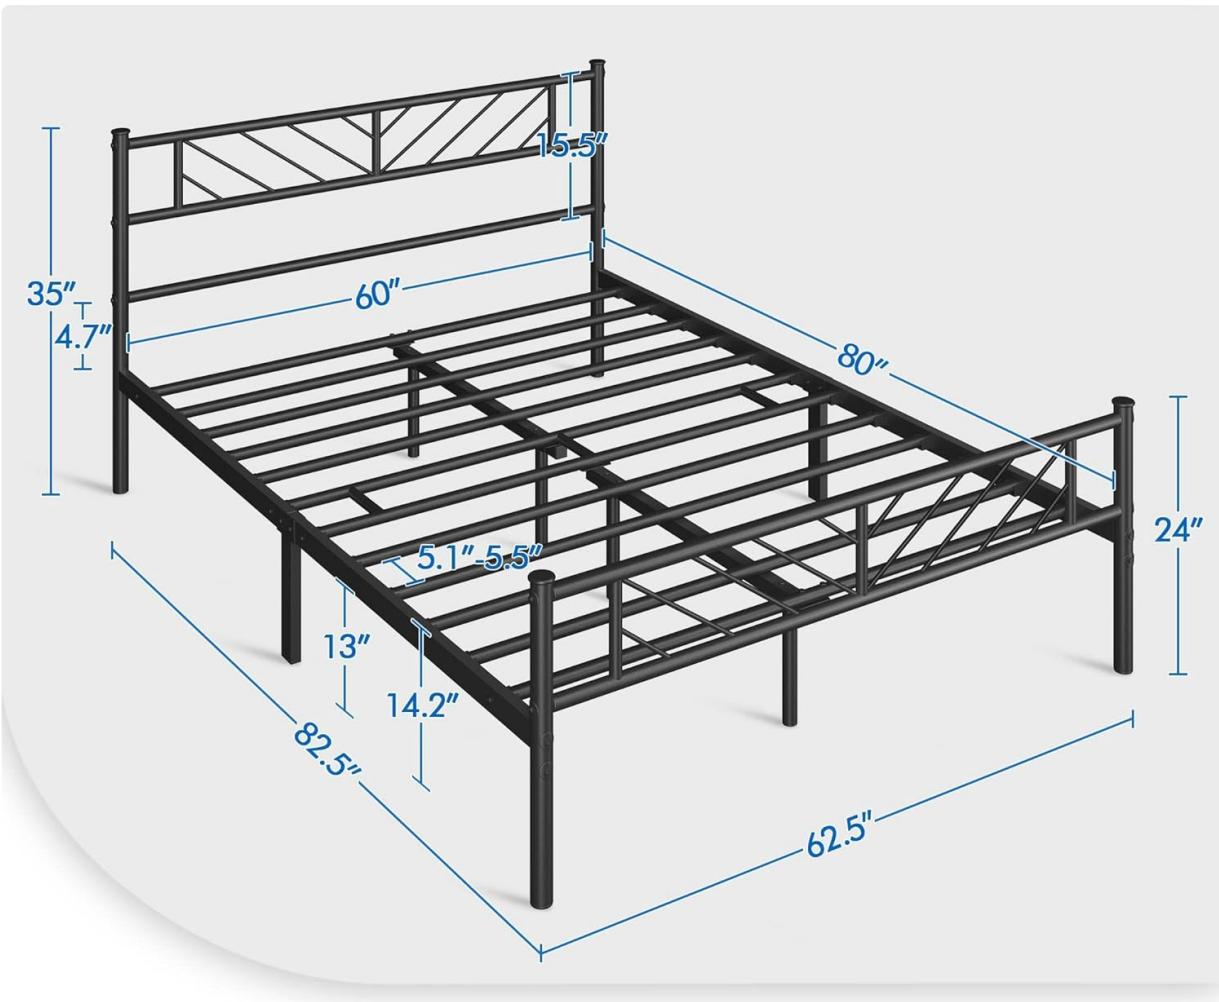

- Ensure the bed frame is placed on a flat, even surface.

Missing Parts or Damaged Components:

If you find any parts missing or damaged upon unboxing, please contact Yaheetech customer support for assistance. Do not attempt to assemble the product with incomplete or damaged parts.

SPECIFICATIONS

Feature	Detail
Brand	Yaheetech
Model Number	YT-00110390-001
Size	Queen
Product Dimensions (L x W x H)	82.5" x 62.5" x 35"
Compatible Mattress Size	80" L x 60" W
