VGR V-085

VGR V-085 Professional Hair Trimmer User Manual

Model: V-085 | Brand: VGR

PRODUCT OVERVIEW

The VGR V-085 Professional Hair Trimmer is a personal care device designed for precise trimming of hair and beards. It features a portable design, fast charging capability, and is constructed from high-quality materials for durability and ergonomic comfort. This trimmer is suitable for various users, including men, women, the elderly, and children (with supervision), making it versatile for home use or barbershops.

SAFETY INFORMATION

To ensure safe operation and prevent injury or damage to the device, please adhere to the following safety guidelines:

- Avoid using the trimmer near water sources, such as bathtubs, showers, basins, or other vessels containing water.
- Do not use the trimmer on infants or children without direct adult supervision.
- Keep the device out of reach of pets and children at all times.
- Discontinue use immediately if any irritation, discomfort, or unusual operation occurs.
- Always clean the product according to the manufacturer's instructions to prevent damage and maintain hygiene.

WHAT'S IN THE BOX

Upon unboxing your VGR V-085 Professional Hair Trimmer, you should find the following components:

- 1x VGR V-085 Hair Trimmer (Gold)

- 3x Guide Combs (1mm, 2mm, 3mm)
- 1x USB Charging Cable
- 1x Cleaning Brush
- 1x Lubricating Oil Bottle
- 1x User Manual

SETUP AND FIRST USE

Before using your VGR V-085 trimmer for the first time, please follow these steps:

1. **Charge the Trimmer:** Connect the USB charging cable to the trimmer and a suitable power source. Ensure the trimmer is fully charged before initial use for optimal battery life and performance.
2. **Lubricate the Blades:** Apply a few drops of the provided lubricating oil to the blades. Turn on the trimmer for a few seconds to allow the oil to distribute evenly. This helps maintain blade sharpness and smooth operation.
3. **Attach a Guide Comb:** Select the desired guide comb (1mm, 2mm, or 3mm) based on your preferred hair length. Align the comb with the trimmer head and snap it securely into place.

Video: A demonstration showing how to lubricate the trimmer blades and attach the guide combs for different hair lengths.

OPERATING INSTRUCTIONS

Follow these instructions for effective trimming:

1. **Preparation:** Ensure your hair or beard is clean and dry. For best results, comb the hair in the direction of growth before trimming.
2. **Power On:** Press the power button located on the trimmer handle to turn the device on.
3. **Trimming:** Hold the trimmer with the blades facing the area you wish to trim. Move the trimmer against the direction of hair growth for an even cut. Use light pressure and smooth, controlled strokes.
4. **Detailing:** For precise lines and detailing, remove the guide comb and carefully use the bare blade. Exercise caution to avoid skin irritation.
5. **Power Off:** Once finished, press the power button again to turn off the trimmer.

MAINTENANCE

Regular maintenance ensures the longevity and performance of your trimmer:

- **Cleaning Blades:** After each use, turn off the trimmer and remove the guide comb. Use the provided cleaning brush to remove any loose hairs from the blades and the trimmer head.
- **Oiling Blades:** Periodically, apply a few drops of lubricating oil to the blades. This reduces friction, prevents rust, and keeps the blades sharp. Perform this after cleaning or if the trimmer feels sluggish.
- **Storage:** Store the trimmer in a dry place, away from direct sunlight and extreme temperatures. Ensure it is clean and dry before storing.

SPECIFICATIONS

Feature	Detail
Brand	VGR
Model Number	V-085
Product Name	Shaver
Power Source	Battery Powered
Material	Acrylonitrile Butadiene Styrene (Body), Metal (Blade)
Color	Gold
Item Weight	0.7 Kilograms
Product Dimensions	30 x 30 x 35 cm
Recommended Uses	Beard, Hair
Special Features	Portable, Fast Charging, Includes USB charging cable and cleaning brush

TROUBLESHOOTING

If you encounter any issues with your VGR V-085 trimmer, consider the following common solutions:

- **Trimmer Not Turning On:** Ensure the battery is fully charged. Connect the trimmer to the charger and allow sufficient time for charging.
- **Poor Cutting Performance:**
 - Check if the blades are clean and free of hair debris. Use the cleaning brush to remove any blockages.
 - Apply lubricating oil to the blades. Dry blades can cause friction and reduce cutting efficiency.
 - Ensure the guide comb is correctly attached and not damaged.
- **Unusual Noise or Vibration:** This could indicate a need for cleaning and oiling the blades. If the issue persists after maintenance, contact customer support.
- **Battery Not Holding Charge:** Ensure the charging cable is securely connected and the power source is functional. If the battery life has significantly diminished over time, it may be reaching the end of its lifespan.

WARRANTY AND SUPPORT

For warranty information, product support, or to inquire about replacement parts, please refer to the contact details provided in the packaging or visit the official VGR website. Keep your proof of purchase for warranty claims.
