LEGO 76949

LEGO Jurassic World Giganotosaurus & Therizinosaurus Attack 76949 Instruction Manual

Model: 76949

Introduction

This instruction manual provides detailed guidance for assembling and enjoying your LEGO Jurassic World Giganotosaurus & Therizinosaurus Attack 76949 building set. This set allows for the recreation of scenes and imaginative play with two posable dinosaur figures, a detailed headquarters, an observation tower, an ATV car, and a helicopter. The set contains 810 LEGO pieces and is designed for builders aged 9 years and older.

Setup and Assembly

Before beginning assembly, ensure all components are present. The set includes various LEGO building elements packaged in numbered bags, along with an instruction booklet.

Unboxing and Sorting

Carefully open the packaging and sort the LEGO pieces. It is recommended to open bags one at a time as instructed in the manual to avoid mixing pieces from different stages of the build.

Building Instructions

Follow the step-by-step illustrated instructions provided in the included booklet. Each step clearly indicates which pieces are needed and how they connect. Pay close attention to the details to ensure correct assembly.
For an enhanced building experience, digital instructions are available through the LEGO Builder App. This app offers 3D building guides, zoom and rotate functions, and the ability to save your progress.

Key Components:

- **Headquarters (HQ) with Lab:** A multi-level structure featuring a detailed laboratory area.
- **Observation Tower:** Equipped with a collapsing platform function for dynamic play.
- **ATV Car:** A small all-terrain vehicle for minifigure transport.
- **Helicopter:** Features spinning rotors and a cargo compartment.
- **Dinosaur Figures:** Posable Giganotosaurus and Therizinosaurus figures.
- **Minifigures:** Includes Owen Grady, Claire Dearing, Dr. Ellie Sattler, Kayla Watts, Dr. Henry Wu, and Dr. Alan Grant.

Operating and Play Features

Once assembled, the LEGO Jurassic World Giganotosaurus & Therizinosaurus Attack set offers various interactive play features:

- **Dinosaur Action:** Position the Giganotosaurus and Therizinosaurus figures to recreate battle scenes or chase sequences. The figures are designed with articulation for dynamic poses.
- **HQ Lab Activities:** Engage minifigures in scientific research within the detailed lab.
- **Observation Tower Collapse:** Activate the collapsing platform function on the observation tower for dramatic effect during play.
- **Vehicle Play:** Use the ATV car for ground transport and the helicopter for aerial maneuvers. The helicopter's cargo compartment can be used to transport items or minifigures.
- **Minifigure Interaction:** Place the six included minifigures in various parts of the set to act out different scenarios and stories.

Maintenance

To ensure the longevity of your LEGO set, follow these simple maintenance guidelines:

- **Cleaning:** Dust the set regularly with a soft, dry cloth. For deeper cleaning, wash LEGO bricks by hand using lukewarm water (not exceeding 40°C / 104°F) and a mild detergent. Rinse thoroughly and air dry at room temperature. Avoid using hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration and warping of the plastic.
- **Handling:** Handle the assembled models with care to prevent pieces from detaching.

Troubleshooting

If you encounter any issues during assembly or play, consider the following:

- **Missing Pieces:** Double-check all packaging and sorting areas. If a piece is genuinely missing, refer to the "Support" section for how to contact LEGO Customer Service.
- **Assembly Difficulties:** Review the instruction manual carefully, paying attention to the specific step causing difficulty. The LEGO Builder App (see Setup section) can provide a 3D view which may help clarify complex steps.
- **Loose Connections:** Ensure pieces are firmly pressed together. LEGO bricks are designed to fit snugly.

Specifications

Feature	Detail
Brand	LEGO
Model Name	Giganotosaurus & Therizinosaurus Attack
Model Number	76949
Number of Pieces	810
Recommended Age	9 years old
