Steve Silver HP900DRD

Steve Silver Highland Park Dresser HP900DRD User Manual

Model: HP900DRD | Brand: Steve Silver

INTRODUCTION

This manual provides essential instructions for the assembly, operation, and maintenance of your Steve Silver Highland Park Dresser. Please read these instructions carefully before beginning assembly or use to ensure proper function and longevity of your furniture.

PRODUCT OVERVIEW

The Highland Park Dresser features a waxed driftwood finish and offers ample storage with its eight drawers. It is designed for use in bedrooms or living rooms, providing both functionality and a modern aesthetic.

SETUP AND ASSEMBLY

Assembly is required for this dresser. Ensure you have sufficient space and a clean, flat surface for assembly. It is recommended to have two people for assembly to prevent injury and damage to the product.

1. **Unpack Components:** Carefully remove all parts from the packaging. Check against the parts list (not provided in this manual, refer to your product packaging) to ensure all components are present.
2. **Prepare Area:** Lay out all components on a soft, clean surface to prevent scratches.
3. **Follow Manufacturer's Instructions:** Refer to the detailed assembly instructions included with your product packaging for step-by-step guidance.
4. **Placement:** Once assembled, place the dresser on a level surface to ensure stability and proper drawer function.

OPERATING THE DRESSER

The Highland Park Dresser features eight drawers designed for various storage needs. There are two types of drawers:

- **Top Drawers:** Two shallower drawers located at the top, suitable for smaller items.
- **Lower Drawers:** Six deeper drawers (three on each side below the top drawers) providing substantial storage capacity for clothing and larger items.

All drawers are equipped with smooth glides for easy opening and closing. To open a drawer, gently pull the knob. To close, push the drawer firmly until it is fully seated.

MAINTENANCE AND CARE

To maintain the appearance and extend the life of your dresser, follow these care instructions:

- **Cleaning:** Wipe the surface with a dry, soft cloth. Avoid abrasive cleaners, harsh chemicals, or excessive moisture, which can damage the waxed driftwood finish.
- **Spills:** Blot spills immediately with a clean, dry cloth.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the wood finish.
- **Heat and Moisture:** Keep the dresser away from direct heat sources and areas of high humidity. Use coasters under hot or wet items placed on the top surface.
- **Drawer Glides:** Periodically check drawer glides for smooth operation. If a drawer becomes stiff, a small amount of silicone lubricant can be applied to the glides.

Image 5: A close-up view highlighting the distressed wood finish and craftsmanship of the dresser.

TROUBLESHOOTING

If you encounter any issues with your dresser, consider the following:

- **Sticky Drawers:** Ensure the dresser is on a level surface. Uneven surfaces can cause drawers to stick. Check for any obstructions within the drawer glides.
- **Loose Hardware:** Periodically check and tighten any loose screws or hardware to maintain structural integrity. Do not overtighten.
- **Damage:** For significant damage or manufacturing defects, please contact customer support.

SPECIFICATIONS

Feature	Detail
