Beats MK2F3LL/A

Beats Fit Pro True Wireless Earbuds User Manual

Model: MK2F3LL/A

INTRODUCTION

Welcome to the user manual for your Beats Fit Pro True Wireless Noise Cancelling Earbuds. These earbuds are engineered to provide a premium audio experience with advanced features for comfort, sound quality, and connectivity. This manual will guide you through the setup, operation, maintenance, and troubleshooting of your device.

SETUP AND PAIRING

1. Choosing the Right Eartips

Selecting the correct eartip size is crucial for optimal sound quality and noise cancellation. Experiment with the included small, medium, and large silicone eartips to find the size that provides the most comfortable and secure seal in your ear canal.

How to Secure Your Wingtips

Twist.

Insert earbud and gently twist into place.

Fit.

Use your finger to fit the wingtip into the upper ear.

Go.

Secure your earbuds in place and go.

2. Pairing with Your Device

Beats Fit Pro earbuds are equipped with the Apple H1 chip, offering seamless pairing and connectivity across Apple devices. They are also compatible with Android devices via the Beats app.

- **For Apple Devices:** Open the charging case lid near your unlocked iPhone or iPad. A setup animation will appear on your device. Follow the on-screen instructions to connect. Once paired, the earbuds will automatically switch between your iCloud devices.
- **For Android Devices:** Download the Beats app from the Google Play Store. Open the app and follow the instructions to pair your Beats Fit Pro. The app allows for one-touch pairing, customized controls, battery level monitoring, and firmware updates.

Enhanced by the Apple H1 chip

Delivers Automatic Switching and hands-free "Hey Siri".

Automatic Switching requires macOS 11.1, iOS 14.3, iPadOS 14.3, watchOS 7.2, or tvOS 14.3 or later. Siri may not be available in all languages or in all areas, and features may vary by area.

OPERATING MODES AND CONTROLS

Your Beats Fit Pro earbuds offer three distinct listening modes and intuitive controls for managing your audio and calls.

Listening Modes:

- **Active Noise Cancelling (ANC):** This mode blocks out external noise for an immersive listening experience. Ideal for noisy environments.
- **Transparency Mode:** Allows you to hear your surroundings while still enjoying your audio. Useful for awareness in urban environments or when interacting with others.
- **Adaptive EQ:** Automatically tunes the low and mid-range frequencies to the shape of your ear, providing consistent sound quality. This mode is active when ANC and Transparency Mode are off.

Active Noise Cancelling (ANC)

Blocks external noise for immersive sound.

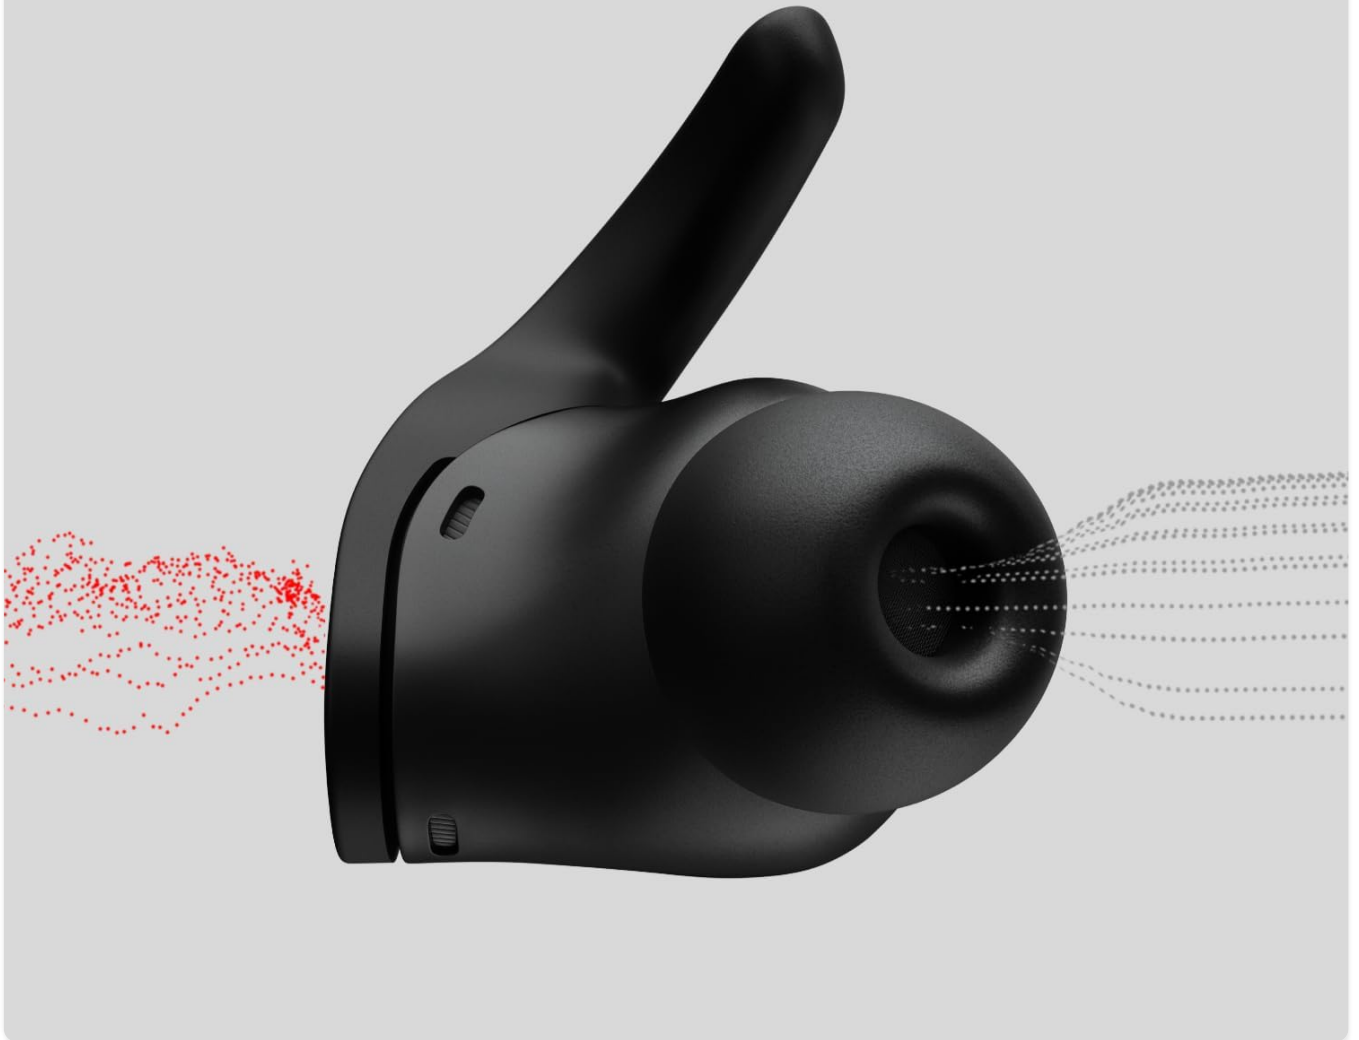

Image: A visual representation of Active Noise Cancelling (ANC) in action, showing external sound waves being blocked by the earbud.

On-Ear Controls:

Each earbud features a multi-function button for easy control:

- **Press once:** Play/Pause audio, Answer/End call.
- **Press twice:** Skip forward.
- **Press three times:** Skip backward.
- **Press and hold:** Toggle between Active Noise Cancelling and Transparency Mode. This action can be customized via the Beats app.
- **"Hey Siri":** Activate Siri hands-free on compatible Apple devices.

KEY FEATURES

Spatial Audio with Dynamic Head Tracking:

Experience immersive sound that places audio all around you. Dynamic head tracking ensures that sound remains anchored to your device as you move your head, creating a theater-like experience for movies, music, and games.

Personalized Spatial Audio

With dynamic head tracking for immersive music, movies and games.

Compatible hardware and software required. Works with compatible content in supported apps. Not all content available in Dolby Atmos. Head tracking feature requires iPhone or iPad.

Image: A diagram showing two Beats Fit Pro earbuds surrounded by concentric circles, representing the immersive sound field created by Personalized Spatial Audio with dynamic head tracking.

Sweat and Water Resistance:

The earbuds are IPX4-rated for sweat and water resistance, making them suitable for workouts and outdoor activities. This rating means they can withstand splashing water from any direction, but are not designed for submersion.

Battery Life and Charging:

Enjoy up to 6 hours of listening time on a single charge with Active Noise Cancelling or Transparency Mode enabled. The compact charging case provides an additional 18 hours of battery life, totaling up to 24 hours of combined playback. A 5-minute Fast Fuel charge provides up to 1 hour of playback when the battery is low.

To charge the case, connect the included USB-C to USB-C cable to the charging port on the case and a compatible USB-C power adapter (sold separately).

Call Performance:

Built-in microphones ensure high-quality call performance and clear voice assistant interaction. Beamforming microphones target your voice and filter out external noise for clear communication.

MAINTENANCE AND CARE

Proper care will extend the life of your Beats Fit Pro earbuds:

- **Cleaning:** Regularly wipe down the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive materials or chemical cleaners.
- **Eartips:** Remove the silicone eartips and rinse them with water. Allow them to dry completely before reattaching.
- **Storage:** Always store the earbuds in their charging case when not in use to protect them and keep them charged.
- **Water Exposure:** While sweat and water resistant, avoid submerging the earbuds or exposing them to pressurized water. Dry them thoroughly if they get wet before placing them back in the charging case.

TROUBLESHOOTING

If you encounter issues with your Beats Fit Pro, try the following steps:

- **No Sound/Connection Issues:**
 - Ensure earbuds are charged.
 - Check Bluetooth settings on your device and ensure Beats Fit Pro is connected.
 - Try resetting the earbuds by placing them in the case, closing the lid for 10 seconds, then opening it again.
 - Forget the device in your Bluetooth settings and re-pair.
- **Poor Sound Quality:**
 - Ensure eartips provide a good seal. Use the Ear Tip Fit Test in the Beats app (iOS) or Android app.
 - Clean the eartips and speaker mesh to remove any debris.
- **Charging Issues:**
 - Ensure the charging cable is securely connected to both the case and the power source.
 - Try a different USB-C cable or power adapter.
 - Check the charging contacts on the earbuds and inside the case for any obstructions.

SPECIFICATIONS

Model Name	Beats Fit Pro
Model Number	MK2F3LL/A

Connectivity	Apple H1 chip, Class 1 Wireless Bluetooth®
