PDEEY SHAVER-CHARGER-9PCS

PDEEY Universal 5V USB Charger Cable with Multi-Adapter Kit

Model: SHAVER-CHARGER-9PCS

INTRODUCTION

Thank you for choosing the PDEEY Universal 5V USB Charger Cable with Multi-Adapter Kit. This versatile charging solution is designed to power a wide range of electric personal care devices, including hair clippers, trimmers, shavers, and razors. With its universal USB connection and a variety of interchangeable adapters, it provides a convenient and efficient way to keep your devices charged. Please read this manual carefully to ensure proper use and to maximize the lifespan of your product.

PRODUCT OVERVIEW

The PDEEY Universal Charger Kit includes a 5V USB DC cable and a selection of replacement charger adapters. These components allow for compatibility with numerous devices requiring a 5V power input.

Components Included:

- 1 x 5V USB DC Charging Cable (main cable)
- 1 x USB Adapter (for connecting the main cable to a power source)
- 6 x Replacement Charger Adapter Accessories (various shapes and sizes for different devices)

SETUP

Follow these steps to set up your PDEEY Universal Charger Kit for use:

1. **Identify the Correct Adapter:** Examine the charging port of your electric device. Select the adapter from the kit that matches the shape and pin configuration of your device's charging port. The kit includes various 2-prong and other specialized adapters.

Image: A detailed view of one of the 2-prong adapter heads, showing its connection points.

2. **Connect Adapter to USB Cable:** Firmly insert the chosen adapter into the female end of the 5V USB DC charging cable. Ensure a secure connection.
3. **Connect to Device:** Plug the adapter end of the assembled cable into your electric device's charging port.
4. **Connect to Power Source:** Plug the USB end of the cable into a compatible 5V USB power source, such as a USB wall adapter (not included), power bank, car charger, or a computer's USB port.

Video: This video demonstrates the various adapter types included in the kit and how they connect to the main USB charging cable. It also shows the cable being connected to a shaver, illustrating the charging process.

OPERATING INSTRUCTIONS

Once properly connected, your device should begin charging. Most devices will indicate charging status via an LED light or a display. Refer to your device's original manual for specific charging indicators.

- Ensure the power source is active and providing 5V output.
- Do not force adapters into ports. If an adapter does not fit easily, it is likely not the correct one for your device.
- Charging times will vary depending on your device's battery capacity and the power output of your USB source.

COMPATIBILITY

This charger kit is designed for broad compatibility with many 5V electric personal care devices. It is compatible with:

- Beard trimmers
- Remington shavers
- Braun shavers and trimmers
- Skull shavers
- Wahl trimmers
- Babyliss devices
- Sminiker devices
- Mag devices
- Mi trimmers
- Marske electric razors
- Specific Philips Norelco models: HQ282, HQ481, PQ251, HQ6675, HQ6695, HQ6690, HQ5824, HQ485, HQ486, HQ487, HQ488, HQ489, HQ5889, HQ5806, HQ5812.

Always verify the voltage and connector type required by your device before use.

MAINTENANCE

To ensure the longevity and optimal performance of your charger kit, follow these maintenance guidelines:

- **Cleaning:** Wipe the cables and adapters with a dry, soft cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the charger kit in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly coiling the cables to prevent damage.
- **Handling:** Always grasp the plug when disconnecting from a power source or device; do not pull on the cable itself.
- **Inspection:** Periodically inspect the cables and adapters for any signs of wear, fraying, or damage. Discontinue use if any damage is observed.

TROUBLESHOOTING

If you encounter issues while using your PDEEY Universal Charger Kit, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not charging	Incorrect adapter selected; loose connection; faulty power source; device issue.	Verify the adapter matches your device's port. Ensure all connections are secure. Try a different USB power source. Check if your device functions with its original charger (if available).

Problem	Possible Cause	Solution
Device displays an "ER" or error message	Incompatible voltage/current; internal device error; faulty cable/adaptor.	Ensure your device is rated for 5V input. Try a different adapter from the kit. If the issue persists, the problem may lie with the device itself.
Slow charging	Low power output from USB source; device's charging circuit.	Use a USB power adapter with higher amperage (e.g., 2A or more) if your device supports faster charging. Ensure the USB port is not shared with other high-power devices.

SPECIFICATIONS

- **Item Model Number:** SHAVER-CHARGER-9PCS
- **Manufacturer:** PDEEY
- **Input Voltage:** 5V DC (via USB)
- **Package Dimensions:** 6.77 x 4.29 x 0.94 inches
- **Item Weight:** 3.21 ounces

WARRANTY AND SUPPORT

For any questions, concerns, or support regarding your PDEEY Universal Charger Kit, please contact the manufacturer directly. While specific warranty details are not provided in this manual, it is recommended to retain your proof of purchase for any potential warranty claims.
