## Yaheetech Twin Metal Platform Bed Frame Instruction Manual

Model: B09JNK2BS5

### PRODUCT OVERVIEW

The Yaheetech Twin Metal Platform Bed Frame is designed to provide a sturdy and stylish foundation for your mattress. This frame features a sleek industrial design with a cross-design headboard and footboard, offering both aesthetic appeal and practical functionality. It includes integrated steel slats, eliminating the need for a box spring, and provides ample under-bed storage space.

## IMPORTANT SAFETY INFORMATION

---

**Please read all instructions carefully before assembly and use. Keep this manual for future reference.**

- Do not load more than 300 pounds on the bed frame.
- Be careful around sharp edges when assembling and using the product.
- Always follow the provided assembly instructions to prevent instability or collapse.
- Ensure all bolts and screws are tightened securely before use and periodically check for looseness.

## SETUP AND ASSEMBLY

---

Your Yaheetech bed frame comes with all necessary hardware and tools for assembly. An illustrated installation manual is included in the packaging to guide you through the process. Please ensure all parts are present before beginning assembly.

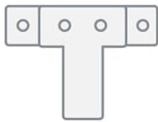

## Assembly Steps Overview:

- 1. Unpack and Identify Parts:** Lay out all components and hardware. Refer to the parts list in your included manual to ensure nothing is missing.
- 2. Assemble Headboard and Footboard:** Connect the main sections of the headboard and footboard as per the instructions.
- 3. Attach Side Rails:** Securely connect the side rails to the assembled headboard and footboard.
- 4. Install Support Slats:** Place and secure the metal slats across the frame. Ensure they are properly aligned and seated in the notches.

6. **Final Tightening:** Once all components are in place, re-tighten all screws and bolts to ensure a firm and stable structure.

## OPERATING AND FEATURES

The Yaheetech bed frame is designed for ease of use and durability, offering several key features:

- **Sturdy Metal Slats:** The frame is equipped with 12 robust metal slats that provide strong support for your mattress, extending its lifespan and eliminating the need for a box spring.
- **Sleek Industrial Style:** The clean lines and black powder-coated finish give the bed frame a modern, industrial look that complements various bedroom decors. The cross-design on the headboard and footboard adds a distinctive touch.
- **Under-Bed Storage:** With 12.6 inches of clearance from the ground, the frame offers significant space for storing items like storage bins, clothes organizers, and shoes, helping to keep your room tidy.

## MAINTENANCE

To ensure the longevity and appearance of your Yaheetech bed frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which may damage the finish.
- **Regular Checks:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Weight Limit:** Adhere to the maximum weight capacity of 300 pounds to prevent damage to the frame.

## TROUBLESHOOTING

If you encounter any issues with your bed frame, please refer to the following common troubleshooting tips:

- **Squeaking Noises:**

*Solution:* Squeaking often indicates loose connections. Re-tighten all bolts and screws on the frame, especially where the side rails connect to the headboard and footboard, and where the slats attach to the frame. Ensure the mattress is properly seated.

- **Frame Instability/Wobbling:**

*Solution:* Check that all components are correctly assembled according to the manual. Verify that all bolts are fully tightened. Ensure the bed is on a flat, level surface.

- **Mattress Sliding:**

*Solution:* The frame is designed with an embedded structure to minimize sliding. Ensure the mattress is centered on the frame. If sliding persists, consider using a non-slip mattress pad between the mattress and the slats.

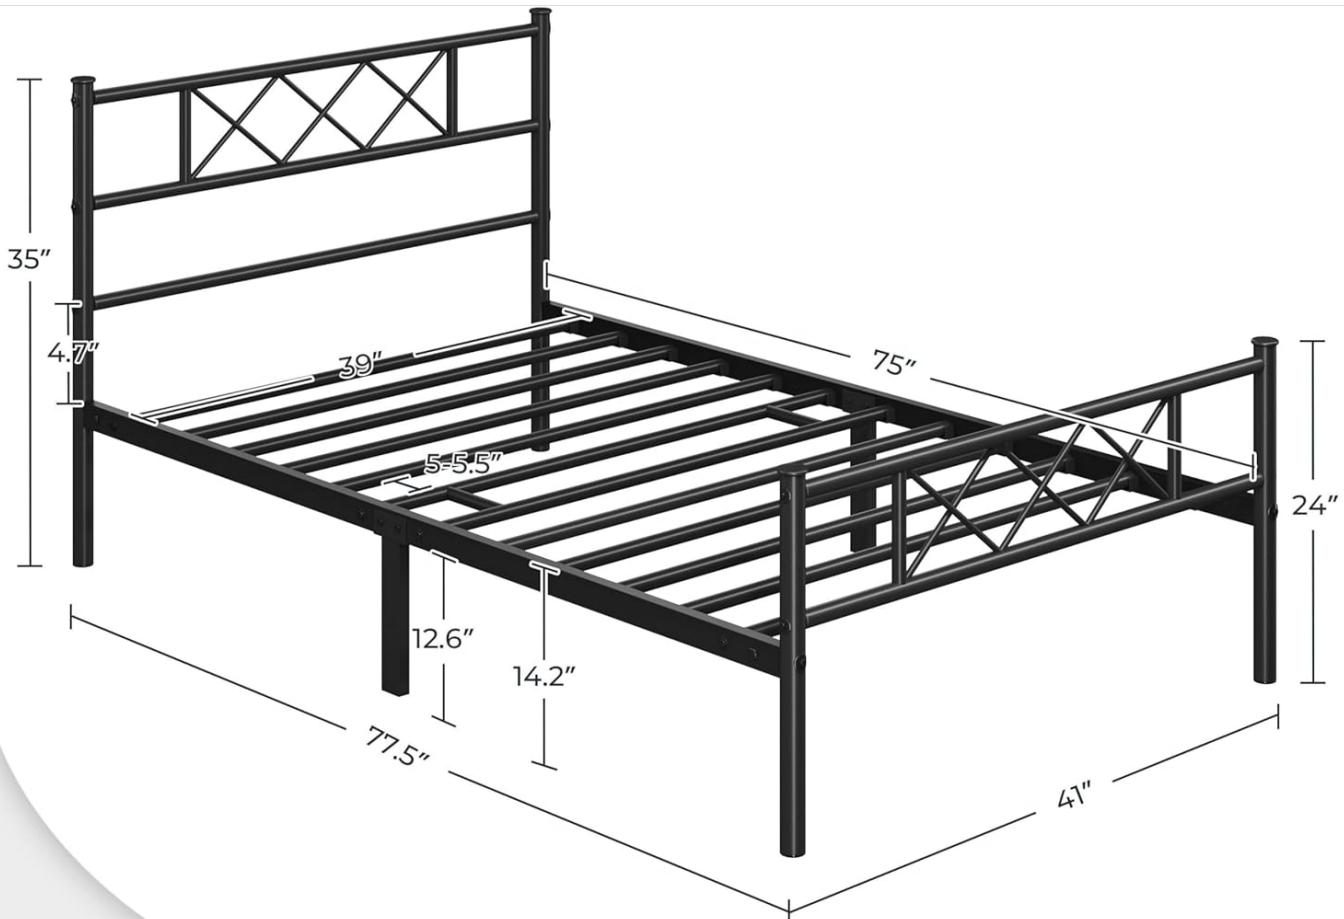

- **Missing Parts:**

*Solution:* If you find any parts missing upon unboxing, please contact Yaheetech customer support with your purchase details.
