WHAT'S IN THE BOX

Upon unpacking, please verify that all the following items are included:

- 1 TV Unit
- 1 Remote Control
- 1 Table Top Stand
- 2 AAA Batteries
- 1 User Manual (this document)
- 1 Quick Setup Guide

Video: This video provides a quick overview of the VU 65LX TV and its key features, including display, sound, smart capabilities, connectivity, and the contents of the box.

SETUP

Attaching the Stand

Carefully place the TV screen-down on a soft, flat surface to prevent damage. Align the stand with the mounting holes on the bottom of the TV. Secure the stand using the provided screws. Ensure the stand is firmly attached before placing the TV upright.

Wall Mounting (Optional)

If you choose to wall mount your TV, please use a VESA-compatible wall mount kit (sold separately) and follow the instructions provided with the wall mount. It is recommended to have professional installation for wall mounting.

Note: The TV supports both table mount and wall mount configurations.

OPERATING INSTRUCTIONS

Remote Control

The TV comes with an IR & Bluetooth remote control featuring Activvoice with Voice Search. It also includes hotkeys for popular streaming apps like Netflix, YouTube, Prime Video, and Hotstar for quick access.

Power: Press the power button to turn the TV on or off.

Navigation: Use the directional pad to navigate menus and select options.

Volume: Adjust the volume using the +/- buttons.

Voice Search: Press the voice search button and speak into the remote to search for content or control the TV.

Initial Setup and Android TV Interface

Upon first power-on, the TV will guide you through the initial setup process, including language selection, network connection, and Google account sign-in. The Android TV interface provides a personalized home screen with

recommendations, apps, and inputs.

For detailed instructions on specific Android TV features and app usage, please refer to the on-screen help or the official Android TV support documentation.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your VU 65LX TV:

- **Cleaning the Screen:** Gently wipe the screen with a soft, dry, lint-free cloth. For stubborn marks, slightly dampen the cloth with water or a specialized screen cleaner (do not spray directly onto the screen).
- **Cleaning the Body:** Use a soft, dry cloth to wipe the TV's body. Avoid using abrasive cleaners or solvents.
- **Ventilation:** Ensure adequate ventilation around the TV. Do not block the ventilation openings.
- **Power Cord:** Regularly check the power cord for any damage.
- **Software Updates:** Keep the TV's software updated to ensure the best performance and security. Updates are usually available through the TV's settings menu.

TROUBLESHOOTING

If you encounter issues with your VU 65LX TV, refer to the following common solutions:

No Power

- Check if the power cord is securely plugged into both the TV and the power outlet.
- Ensure the power outlet is functioning by testing it with another device.
- Press the power button on the TV itself, not just the remote, to rule out a remote issue.

No Picture/Sound

- Verify that the correct input source is selected (e.g., HDMI 1, AV).
- Check all cable connections (HDMI, AV) between the TV and external devices.
- Ensure the volume is not muted or set too low.

Remote Control Not Working

- Replace the AAA batteries in the remote control.
- Ensure there are no obstructions between the remote and the TV's IR sensor.
- For Bluetooth remote, try re-pairing it with the TV via the settings menu.

Network Connection Issues

- Restart your Wi-Fi router and modem.
- Check the Wi-Fi settings on the TV to ensure it's connected to the correct network.
- If using an Ethernet cable, ensure it is securely connected.

If the issue persists, please contact VU customer support for further assistance.
