# Giochem Ethernet Adapter for Lightning iOS Devices - User Manual

RJ45 Ethernet LAN Network Adapter for Phone and Pad with 3.3ft/1M Cable, 10/100Mbps High Speed

## 1. INTRODUCTION

This manual provides detailed instructions for the Giochem Ethernet Adapter, designed to provide a stable and high-speed wired internet connection for your Lightning iOS devices. This adapter is ideal for situations where Wi-Fi is unstable or unavailable, ensuring a reliable network experience.

## 2. KEY FEATURES

---

- **RJ45 Ethernet LAN Network Adapter:** Specifically designed for Phone and Pad devices.
- **High-Speed Connectivity:** Supports 10Mbps/100Mbps Ethernet for super-fast internet network speeds.
- **Plug and Play:** No software or external power required for operation.
- **Integrated Cable:** Features a 3.3ft/1m cable for universal compatibility and flexible placement.
- **Compact Design:** Easy to carry for travel or use in environments without reliable Wi-Fi.

## 3. COMPATIBILITY

---

The Giochem Ethernet Adapter is compatible with a wide range of Apple Lightning iOS devices running iOS 10.x (iOS 10.0.1-iOS 10.3.3) and iOS 11.x (11.0.1-11.0.3) or higher.

### Supported Devices:

- **iPhones:** iPhone X, 8, 8 Plus, 7, 7 Plus, 6s, 6s Plus, 6, 6 Plus, SE, 5, 5s.
- **iPads:** iPad Pro, iPad Air, iPad Air 2, iPad Mini 4, 3, 2.

# COMPATIBLE MODELS

Compatible Systems Required iOS 10.0/10.0+

*Phone 6/6 Plus/6s/6s Plus  
Phone 7/7 Plus  
Phone 8/8Plus  
Phone X/XR/XS MAX  
Phone 11/11 Pro/11 ProMAX  
Phone 12/12 MINI/12 Pro/12 ProMAX*

*Pad/Pad Air/Air2/Air3  
Pad Mini/Mini 2/Mini 3/Mini 4*

## 4. SETUP AND INSTALLATION

Follow these steps to set up your Giochem Ethernet Adapter:

1. **Turn off Wi-Fi:** On your Phone or Pad, navigate to Settings and turn off Wi-Fi.
2. **Connect Ethernet Cable:** Insert your router-connected Ethernet cable into the RJ45 port of the adapter.
3. **Connect to Device:** Plug the Lightning connector of the adapter into your Phone or Pad.
4. **Access Ethernet Settings:** Go to "Settings" on your device. The Ethernet settings should now appear on your screen.
5. **Obtain IP Address:** Click on "Ethernet" to automatically obtain an IP address.
6. **Verify Connection:** Open a web browser (e.g., Safari) and check if the internet connection is working.

## How to use?

1. Turn off Wi-Fi on your Pad or Phone.
2. Insert your router-connected Ethernet cable into Ethernet port of our adapter, and connect your Pad or Phone.
3. Go to "Setting" in your Pad or Phone and the Ethernet settings will show up on your screen.
4. Click the "Ethernet" to obtain an IP address.
5. Open Safari and check if the connection is working.

## 5. OPERATING INSTRUCTIONS

The Giochem Ethernet Adapter provides a stable and fast wired connection, enhancing your device's performance in various scenarios:

- **Gaming:** Experience gaming without lag or interruptions, crucial for competitive online play.
- **Streaming:** Enjoy seamless video streaming and browsing without buffering.

- **Data Transfer:** Benefit from faster and more reliable data transfers compared to Wi-Fi.
- **Simultaneous Charging:** The adapter allows for simultaneous charging of your device while connected to the Ethernet network.

## 6. SPECIFICATIONS

Feature	Detail
Product Dimensions	1.97 x 0.93 x 0.65 inches
Item Weight	1.76 ounces (0.05 Kilograms)
Brand	Giochem
Hardware Interface	Ethernet
Color	Silver
Compatible Devices	Smartphone, Tablet (Lightning iOS devices)
Data Link Protocol	Ethernet
Data Transfer Rate	100 Megabits Per Second

## 7. TROUBLESHOOTING

---

If you encounter issues with your Giochem Ethernet Adapter, please refer to the following common solutions:

- **"This accessory is not supported" error:**
  - Ensure proper connection: Disconnect and reinsert the adapter firmly.
  - Check phone case thickness: If your phone case is too thick, it might prevent a full connection. Remove the case and try again.
- **No internet connection:**
  - Verify router connection: Ensure your router-connected Ethernet cable is actively connected to the internet.
  - DHCP service: This adapter requires your router to provide an IP address through its DHCP service. Ensure DHCP is enabled on your router.
  - System compatibility: The adapter is not compatible with devices running iOS versions lower than 10.0. Upgrade your system to iOS 10.0 or higher if necessary.
- **Unstable connection:** Ensure all cables are securely plugged in. Avoid bending the adapter cable excessively.

## 8. MAINTENANCE

---

To ensure the longevity and optimal performance of your Giochem Ethernet Adapter, follow these maintenance guidelines:

- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cleaning:** Use a soft, dry cloth to clean the adapter. Avoid using liquid cleaners or abrasive materials.
- **Handling:** Avoid pulling the cable forcefully or bending it sharply, as this can damage internal wiring.
- **Protection:** When not in use, consider using a small pouch or case to protect the adapter from dust and physical damage.

## 9. WARRANTY AND SUPPORT

---

For specific warranty information and customer support, please refer to the product packaging or contact Giochem customer service directly. Keep your purchase receipt as proof of purchase for any warranty claims.
