**XSPANDER ES-GA20, ES8255, ES8162, ES8101, ES-LC62, ES8249, ES8243, WES9068, ES8103, ES8109, ES8103S, ES-ST23, S8161, ES101, ES-GA**

# XSPANDER Shaver Cutter & Foil Screen Replacement Manual

For Panasonic ES-GA20 Series and Compatible Models

## INTRODUCTION

---

This manual provides instructions for the proper installation and maintenance of your XSPANDER replacement shaver cutter and foil screen. Regular replacement ensures optimal shaving performance and comfort.

**Compatibility:** This replacement part is compatible with various Panasonic electric shaver models, including but not limited to: ES-GA20, ES8255, ES8162, ES8101, ES-LC62, ES8249, ES8243, ES101, ES8103, ES8109, ES-GA2, ES-GA21S, ES-LT41, ES-LT71, ES-SL41, ES-ST23, WES9068, ES8103S, S8161, ES-LA92, ES-LA62, ES-LA90, ES-LA12, ES8119, ES8111, ES8253, ES-LA50, ES-LA10, ESLF70, ESLF50, ES-LA84, ES8163, ES8113, ES8116, ES8251, ES8258, ES-LT20, ESLT40, ESLA70, ESLC60, ES8103, ES8103S.

## PACKAGE CONTENTS

---

Your package should contain the following items:

- 1 x Shaver Replacement Foil Screen
- 2 x Shaver Replacement Inner Cutters

## INSTALLATION INSTRUCTIONS

---

1. **Preparation:** Before installing the new replacement parts, ensure your electric shaver is turned off and unplugged. Thoroughly clean the shaver head area to remove any hair clippings or debris.
2. **Remove Old Parts:** Carefully remove the existing foil screen and inner cutters from your shaver. Refer to your shaver's original manual for specific removal instructions if needed.
3. **Install New Inner Cutters:** Place the two new XSPANDER inner cutters onto their respective posts within the shaver head. Ensure they are seated correctly and securely.
4. **Install New Foil Screen:** Align the new XSPANDER foil screen over the inner cutters and press it down gently until it clicks into place. Ensure it is firmly attached and does not wobble.
5. **Verify Installation:** Once installed, gently shake the shaver to confirm that all parts are secure.

## MAINTENANCE AND CARE

To maintain optimal performance and hygiene of your shaver, follow these recommendations:

- **Regular Cleaning:** After each use, clean the shaver head and blades to remove hair clippings. Most Panasonic shavers are waterproof and can be rinsed under running water.
- **Replacement Schedule:** It is recommended to replace the shaver cutter and foil screen every 18 months. This ensures the blades remain sharp, providing a close and comfortable shave while reducing skin irritation.

Image: A visual reminder to replace shaving heads every 18 months to maintain sharp blades and reduce skin friction, illustrating the difference between normal use and dull blades.

## TROUBLESHOOTING

If you experience issues after replacing the cutter and foil screen, consider the following:

- **Poor Shaving Performance:** Ensure the foil screen and inner cutters are correctly seated and locked into place. A loose component can affect cutting efficiency.
- **Skin Irritation:** Verify that the replacement parts are clean and free of debris. If irritation persists, ensure the parts are fully compatible with your specific shaver model.
- **Unusual Noise:** Check for any foreign objects or misaligned parts within the shaver head. Re-install the components if necessary.
