MERITLINE Simple Sleigh Bed Twin Size Frame Instruction Manual

Model: HJHWF192439AAK

INTRODUCTION

Thank you for choosing the MERITLINE Simple Sleigh Bed Twin Size Frame. This bed frame is designed for minimalist style and functionality, featuring a sturdy wood construction with an integrated headboard and footboard. It accommodates most Twin-size mattresses and does not require a box spring. This manual provides essential information for safe assembly, proper use, and maintenance of your new bed frame.

SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Do not exceed a weight limit of **200 lbs**.
- Always follow the assembly instructions carefully to prevent instability.
- Keep the bed frame away from liquids to avoid potential damage to the wood.
- Ensure all bolts and screws are securely tightened before use and periodically check for tightness.
- Do not allow children to jump on the bed frame.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Platform Bed Frame (Headboard, Footboard, Side Rails, Support Legs, Slats)
- All necessary tools for assembly

Size: Inch

SETUP AND ASSEMBLY

Assembly of the MERITLINE Simple Sleigh Bed is designed to be straightforward. It is recommended to assemble the bed frame with two people. Please refer to the included Installation Manual for detailed step-by-step instructions and diagrams.

Dimensions Overview

Figure 2: Detailed dimensions of the Twin size bed frame, including length, width, height, and under-bed clearance.

Assembly Steps (General Guide)

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all parts are present against the package contents list.
2. **Attach Side Rails to Headboard and Footboard:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure but do not fully tighten bolts until the frame is fully assembled.
3. **Install Center Support Legs:** Attach any required center support legs to the middle beam or directly to the side rails as indicated in the manual. These provide crucial stability.
4. **Place Wooden Slats:** Position the wooden slats evenly across the bed frame. Secure them in place using the provided fasteners, ensuring they are firmly attached to support the mattress.
5. **Final Tightening:** Once all components are in place, go back and fully tighten all bolts and screws. Do not overtighten.

OPERATING INSTRUCTIONS

This bed frame is designed for straightforward use with a Twin-size mattress. No box spring is required due to the integrated wooden slat support system.

- **Mattress Placement:** Carefully place your Twin-size mattress directly onto the wooden slats. Ensure the mattress is centered and fully supported by the frame.
- **Weight Limit:** The bed frame is designed to support a maximum weight of **200 pounds**. Exceeding this limit may compromise the structural integrity of the frame and void the warranty.
- **Space Saving Design:** The compact design of this Twin bed frame makes it suitable for various room sizes, including college dorms, guest rooms, or children's bedrooms.

MAINTENANCE

Proper care will extend the life and appearance of your MERITLINE bed frame.

- **Cleaning:** Wipe clean with a dry cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the wood finish.
- **Regular Checks:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Avoid Moisture:** Keep the bed frame in a dry environment. Prolonged exposure to moisture can cause warping or damage to the wood.

TROUBLESHOOTING

If you encounter any issues with your bed frame, please refer to the following common solutions:

- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all bolts and screws on the frame. Ensure slats are properly seated and secured.

- **Instability/Wobbling:** Check that all components are correctly assembled and all fasteners are fully tightened. Ensure the bed frame is on a level surface.
- **Damaged Parts:** If any part is damaged during shipping or assembly, do not attempt to force it. Contact customer support for replacement parts.

SPECIFICATIONS

Model Number	HJHWF192439AAK
Brand	MERITLINE
Size	Twin
Material	Wood (Pine)
Product Dimensions (L x W x H)	81.4" x 41.3" x 35.5"
Item Weight	60 Pounds
