Mimoglad 5188MM

Mimoglad Ergonomic Office Chair User Manual

Model: 5188MM

1. Product Overview

The Mimoglad Ergonomic Office Chair is designed for comfort and efficiency in both business and home office environments. Featuring BIFMA certification, flip-up armrests, 135° recline, and adjustable lumbar support, this chair is built to provide a supportive and space-saving solution for users up to 300 lbs.

2. Key Features

- **Adjustable Lumbar Support:** A 2.4-inch height-adjustable lumbar pillow provides personalized lower back support, reducing discomfort during long work hours.
- **High-Back Design:** Ergonomically designed to follow the natural spine curve, suitable for users between 5'2" and 6'2", reducing pressure on the waist.
- **Flip-up Armrests:** Allows the chair to be tucked under a desk, saving up to 40% of floor space, ideal for compact offices or meeting rooms.
- **360° Swivel:** Enables easy movement and access to different areas without standing, maintaining workflow.
- **Height Adjustment:** Features 4 inches of height adjustment to fit various desk heights (28" to 32").
- **Reclining Function:** Offers a 35° reclining capability for relaxation during breaks.
- **BIFMA Certified:** Passed over 100,000 durability tests, ensuring long-term reliability and supporting up to 300 lbs.
- **Heavy-Duty Materials:** Constructed with breathable mesh, anti-scratch casters, and an explosion-proof gas lift for

enhanced durability. The chair cushion is made of FSC-certified wood.

- **Quiet Casters:** Designed for smooth, silent movement across office floors, minimizing disturbance.

Figure 3: Durable Components.

3. Setup and Assembly

The Mimoglad Ergonomic Office Chair is designed for straightforward assembly, typically taking less than 40 minutes. All necessary tools and a detailed instruction booklet are included.

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify all components are present against the included parts list. Note that hardware (bolts, washers) are separated and labeled; keep them organized.
2. **Base Assembly:** Attach the casters to the five-star metal base. Insert the gas lift into the center of the base.
3. **Seat and Backrest Connection:** Secure the seat plate to the bottom of the seat cushion. Connect the backrest to the seat assembly. Ensure all bolts are tightened securely using the provided hex key.
4. **Armrest Attachment:** Attach the flip-up armrests to the chair. Ensure they are tightened well to prevent them from flopping down unintentionally.
5. **Final Assembly:** Place the assembled seat and backrest onto the gas lift.

Tip: While assembly can be done by one person, an extra pair of hands can be helpful when joining the seat and backrest.

4. Operating Instructions

4.1. Height Adjustment

To adjust the chair's height, locate the lever on the right side beneath the seat. Pull the lever upwards while seated to lower the chair, or pull it upwards while standing to raise the chair. Release the lever at your desired height.

Figure 4: Chair Height Adjustment.

4.2. Reclining Function

The chair offers a 35° reclining function. To recline, pull the same lever used for height adjustment outwards. Lean back to your desired angle. To lock the recline, push the lever inwards. To adjust the tension of the recline, turn the tension knob located underneath the seat.

Figure 5: Reclining Function.

Figure 6: Recline and Tension Adjustment.

4.3. Adjustable Lumbar Support

The lumbar support can be adjusted vertically to fit the curve of your lower back. Gently slide the lumbar support up or down to find the most comfortable position.

Figure 7: Adjustable Lumbar Support.

4.4. Flip-up Armrests

The armrests can be flipped up 90° to allow the chair to be pushed closer to your desk, saving space. Simply lift the armrests upwards until they lock into the vertical position. To lower them, gently pull them down.

Figure 8: Flip-up Armrests.

4.5. 360° Swivel

The chair features a full 360° swivel capability, allowing for easy rotation and movement around your workspace without needing to reposition the entire chair.

Figure 9: 360° Swivel Function.

5. Maintenance

To ensure the longevity and appearance of your Mimoglad Ergonomic Office Chair, follow these simple maintenance guidelines:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the mesh or fabric.
- **Caster Care:** Periodically check the anti-scratch casters for any debris (hair, dust) that might hinder smooth movement. Clean as needed.
- **Tighten Fasteners:** Over time, screws and bolts may loosen. Periodically check and tighten all fasteners to maintain stability and prevent wobbling.

6. Troubleshooting

If you encounter any issues with your Mimoglad Ergonomic Office Chair, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair does not adjust height	Gas lift issue or lever not engaged properly.	Ensure the height adjustment lever is fully pulled or pushed. Check if the gas lift is properly installed.
Armrests do not stay in flipped-up position	Armrest attachment screws are loose.	Tighten the screws that secure the armrests to the chair frame.
Chair wobbles or feels unstable	Loose fasteners or uneven floor.	Check and tighten all assembly screws. Ensure the chair is on a flat, even surface.
Casters do not roll smoothly	Debris caught in casters or damaged casters.	Remove any hair or debris from the caster wheels. If damaged, contact customer support for replacements.

If the issue persists after attempting these solutions, please contact Mimoglad customer support for further assistance.
