

Yoqanr 360° Rotation Monitor Swivel Base

Yoqanr 360° Rotation Monitor Swivel Base Instruction Manual

Model: 360° Rotation Monitor Swivel Base

INTRODUCTION

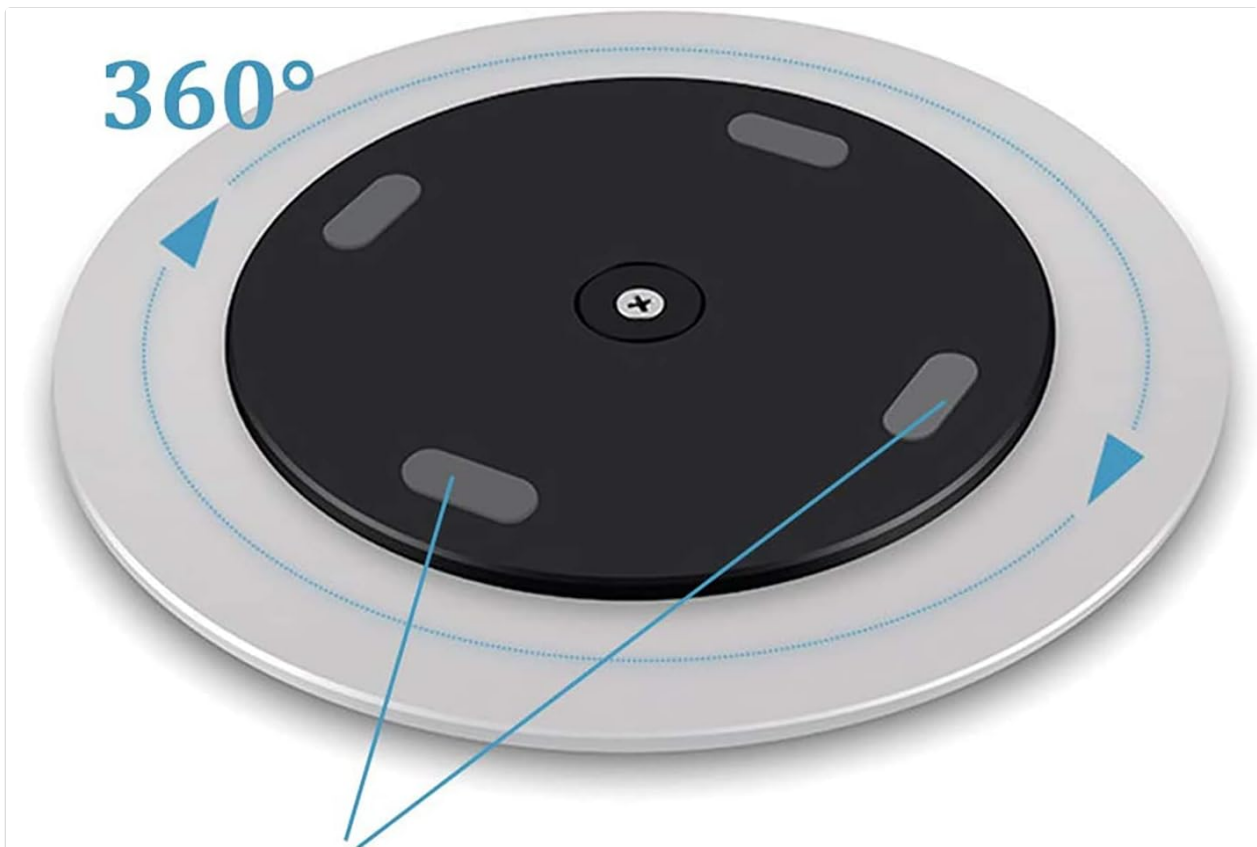

The Yoqanr 360° Rotation Monitor Swivel Base is designed to provide versatile viewing angles for various devices. Constructed from durable aluminum alloy, this stable and easy-to-clean base features a 360-degree rotation capability, allowing you to effortlessly adjust your screen or item for optimal viewing and sharing. Its non-scratch silicone feet protect your desk surface, making it suitable for monitors, laptops, tablets, potted plants, and other items.

SETUP

1. **Unpack the Swivel Base:** Carefully remove the Yoqanr 360° Rotation Monitor Swivel Base from its packaging.
2. **Choose a Stable Surface:** Place the swivel base on a flat, stable, and level surface where you intend to use your device. Ensure the surface can support the combined weight of the base and your device.
3. **Position Your Device:** Gently place your monitor, laptop, tablet, or other item directly onto the center of the swivel base. Ensure the device is securely seated and balanced on the base.

OPERATING INSTRUCTIONS

The Yoqanr 360° Rotation Monitor Swivel Base allows for smooth and easy rotation of your device. To operate:

1. **Rotate Your Device:** With your device placed on the base, gently grasp the device or its stand and rotate it to the desired viewing angle. The base is designed for 360-degree rotation in either direction.
2. **Sharing Content:** When sharing your screen with others, simply rotate the device towards them.
3. **Adjusting View:** Adjust the angle as needed for personal comfort or to reduce glare.

360° Rotation

Rotate it freely as you need.
Easy to view from any angle.

The Yoqanr 360° Rotation Monitor Swivel Base is designed for durability and ease of cleaning.

- **Cleaning:** To clean the surface, simply wipe it with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed by wiping with a clean, dry cloth.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the aluminum alloy finish.
- **Regular Inspection:** Periodically check the base for any signs of wear or damage. Ensure the silicone feet are intact to prevent scratching your desk surface.

TROUBLESHOOTING

If you encounter any issues with your Yoqanr 360° Rotation Monitor Swivel Base, please refer to the following common solutions:

- **Base Not Rotating Smoothly:**
 - Ensure the base is placed on a completely flat and level surface.
 - Check for any debris or obstructions underneath or around the rotating mechanism.
 - Verify that the weight of the device placed on the base does not exceed its intended capacity (refer to

specifications).

- **Device Feels Unstable:**

- Confirm that the device is centered on the swivel base.
- Ensure all four silicone feet on the bottom of the base are making full contact with the desk surface.
- Check if the desk surface itself is stable and not wobbly.

- **Scratches on Desk Surface:**

- Inspect the silicone feet on the bottom of the base. If any are missing or damaged, contact customer support for assistance.
- Ensure no abrasive particles are trapped between the base and the desk surface.
