Padmate S26

Padmate S26 Open-Ear Air Conduction Bluetooth Headphones User Manual

Model: S26 | Brand: Padmate

INTRODUCTION

The Padmate S26 wireless open-ear air conduction Bluetooth headphones are designed to provide a unique audio experience while maintaining awareness of your surroundings. Utilizing air conduction technology, these headphones deliver sound without blocking your ear canals, making them ideal for outdoor activities, workouts, and daily use where situational awareness is crucial.

This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your Padmate S26 headphones to ensure optimal performance and longevity.

PRODUCT FEATURES

- Open-Ear Design:** Air conduction technology allows you to hear ambient sounds while listening to audio, enhancing safety during outdoor activities.
- Bluetooth 5.0 Connectivity:** Ensures a faster, more stable connection and supports multipoint pairing with various devices including smartphones, tablets, Mac, and PCs.
- IP67 Waterproof Rating:** Designed to withstand sweat and rain, making them suitable for workouts and outdoor use.
- Extended Battery Life:** Offers up to 8 continuous hours of music playback or phone calls.
- Lightweight & Comfortable:** Weighing only 18g, constructed with memory titanium alloy and skin-friendly silicone for all-day comfort. The headphones are also 360-degree foldable for portability.

PACKAGE CONTENTS

Please check the package to ensure all items are present:

- Padmate S26 Open-Ear Air Conduction Bluetooth Headphones
- USB Charging Cable
- User Manual (this document)

SETUP GUIDE

1. Charging the Headphones

Before first use, fully charge your Padmate S26 headphones. Connect the provided USB charging cable to the charging port on the headphones and to a compatible USB power source (e.g., computer USB port, wall adapter). The LED indicator will show charging status and turn off when fully charged.

2. Powering On/Off

- **Power On:** Press and hold the power button (usually located on one of the earpieces) for a few seconds until you hear a power-on prompt or see the LED indicator light up.
- **Power Off:** Press and hold the power button again for a few seconds until you hear a power-off prompt or the LED indicator turns off.

3. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the power button until the LED indicator flashes rapidly (usually blue and red), indicating pairing mode.

3. On your device (smartphone, tablet, etc.), go to Bluetooth settings and turn Bluetooth on.
4. Search for available devices and select "Padmate S26" (or similar name) from the list.
5. Once connected, the LED indicator on the headphones will typically stop flashing and remain solid blue, and you will hear a connection confirmation.

The Padmate S26 supports Bluetooth 5.0 for stable connections and multipoint pairing, allowing connection to multiple devices simultaneously (though only one can play audio at a time).

4. Wearing the Headphones

Place the headphones over your ears with the speakers resting just outside your ear canals. The flexible band should sit comfortably around the back of your head. Adjust for a secure fit that allows you to hear both your audio and ambient sounds.

Air Conduction

The sound through air conduction, hear surrounding and traffic, running, cycling, driving safer

OPERATING INSTRUCTIONS

Music Playback

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Press and hold the volume up button.
- **Previous Track:** Press and hold the volume down button.
- **Volume Up:** Short press the volume up button.
- **Volume Down:** Short press the volume down button.

Phone Calls

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.
- **Voice Assistant:** Double-press the multi-function button to activate your device's voice assistant (Siri, Google Assistant, etc.).

MAINTENANCE

Cleaning

Regularly clean your headphones with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used. Avoid using harsh chemicals or abrasive materials, as these can damage the headphones.

Water Resistance (IP67)

The Padmate S26 headphones are IP67 rated, meaning they are protected from dust and can withstand immersion in water up to 1 meter for 30 minutes. This makes them suitable for use during workouts, in light rain, or when exposed to sweat. However, they are not designed for swimming or prolonged submersion. Always ensure the charging port cover is securely closed before exposure to water.

Lightweight Design

Lightweight, weighs only 18g, making you more comfortable during exercise

Image: The Padmate S26 headphones shown with water splashing, emphasizing their IP67 waterproof rating for sports and music enjoyment without fear of sweat or rain.

Storage

When not in use, store your headphones in a cool, dry place away from direct sunlight and extreme temperatures. The flexible memory titanium alloy allows for 360-degree folding, making them compact for storage and travel.

Convenient Multipoint Pairing Compatible

Pairs with smartphones, tablets
Mac and PC computers and laptops

TROUBLESHOOTING

No Power

- Ensure the headphones are fully charged.
- Check the charging cable and power source for proper connection.

Cannot Pair with Device

- Make sure the headphones are in pairing mode (flashing LED).
- Ensure Bluetooth is enabled on your device.
- Move the headphones closer to your device (within 10 meters).
- Try forgetting the device in your phone's Bluetooth settings and re-pairing.
- Restart both the headphones and your device.

No Sound or Low Volume

- Adjust the volume on both the headphones and your connected device.

- Ensure the headphones are properly connected to your device.
- Check if another device is connected via multipoint pairing and is currently playing audio.

Sound Quality Issues

- Ensure the headphones are positioned correctly on your ears.
- Move closer to your connected device to avoid interference.
- Avoid environments with strong electromagnetic interference.
