PRODUCT OVERVIEW

Components and Controls

Familiarize yourself with the various parts and controls of your headset:

Image: Diagram of headset components and controls.

- **Cushioned Flexband:** Strong yet flexible headband for a comfortable fit.
- **Sweat Resistant Cushion:** Padded protein leather over-ear style cushion.
- **Microphone:** Passive noise-canceling microphone for clear communication.
- **USB Type-C Charge Port:** For charging the headset.
- **Mute Button:** Controls microphone mute function.
- **Volume Controls:** Adjusts audio volume and navigates tracks in music mode.
- **Multi-Function Button (MFB):** Controls power, pairing, calls, and voice assistant.
- **LED Indicator:** Displays power, charging, pairing, talk, and music play modes.
- **Full 270° Rotation:** Allows the headset to be worn on either the left or right ear.
- **TBAR:** Helps keep the headset secure and comfortable.

Key Features

- **Comfort:** Lightweight (under 5 oz), adjustable headband, and soft over-ear protein leather ear cushions designed for extended wear.

Image: Comfort features of the headset.

- **Noise Cancellation:** Passive noise-canceling microphone blocks out 96% of background noise for clear calls in noisy environments.

NOISE CANCELLATION

- Blocks out 96% of background noise
- Clear calls in noisy environments
- 105.3 Db

Image: Noise cancellation features.

- **Extended Battery Life:** 400 mAh battery provides 30 hours of talk time and 800 hours on standby.
- **Fast Charging:** USB-C port allows for a full charge in 1.5 hours.
- **Reliable Connectivity:** Bluetooth 5.0 offers a 100 ft operating range and compatibility with two devices simultaneously.
- **Smart Features:** Supports Siri and Google Assistant for hands-free voice commands.
- **Vehicle-Ready:** Includes a D/C vehicle adapter for convenient charging on the go.

SETUP

1. Charging the Headset

1. Connect the provided USB-C charging cable to the headset's USB-C port.
2. Plug the other end of the USB-C cable into a compatible USB power source (e.g., computer, wall adapter, or the included D/C vehicle adapter).
3. The LED indicator will show charging status. A full charge typically takes 1.5 hours.

2. Bluetooth Pairing

Ensure your device supports Bluetooth functionality.

- Power On:** Press and hold the Multi-Function Button (MFB) until the LED indicator flashes blue and red, indicating pairing mode.
- Activate Bluetooth:** On your mobile device, navigate to the Bluetooth settings and turn Bluetooth on.
- Select Headset:** Look for "Blue Tiger Storm" in the list of available devices and select it to connect.
- Confirmation:** The LED indicator on the headset will turn solid blue or flash blue slowly once successfully paired. A voice prompt will also confirm the connection.
- Pairing a Second Device:** To pair a second device, ensure the first device is connected. Then, put the headset back into pairing mode (LED flashing blue/red) and connect the second device. The headset can maintain connection with two devices simultaneously.

MAINTENANCE

Cleaning

- Wipe the headset with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- For the protein leather ear cushions, use a mild soap solution if necessary, and ensure they are completely dry before use.
- The microphone cover can be gently removed and cleaned or replaced with the bonus mic cover provided.

Storage

- Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid placing heavy objects on the headset to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headset does not power on	Low battery	Charge the headset using the USB-C cable.
Cannot pair with device	Headset not in pairing mode; Bluetooth off on device; Device out of range	Ensure headset is in pairing mode (flashing blue/red LED). Turn on Bluetooth on your device. Move device closer to headset (within 100 ft).
Poor audio quality / Background noise	Microphone not positioned correctly; Excessive environmental noise; Weak Bluetooth connection	Adjust microphone closer to your mouth. Ensure the passive noise cancellation is effective. Move closer to the paired device.
No sound from headset	Volume too low; Headset not connected; Device audio output not set to headset	Increase headset and device volume. Re-pair the headset. Check device audio settings to ensure output is directed to the headset.
Headset disconnects frequently	Out of range; Interference; Low battery	Stay within 100 ft of the paired device. Avoid strong electromagnetic interference. Charge the headset.
