TechniSat DIGITRADIO 3 IR

TechniSat DIGITRADIO 3 IR User Manual

DAB+ and FM Stereo System with CD Player, Bluetooth, Internet Radio, USB, AUX, Alarm Clock, 20W RMS

INTRODUCTION

Welcome to the user manual for your TechniSat DIGITRADIO 3 IR. This versatile digital radio system offers a wide range of audio entertainment options, including DAB+, FM, and Internet radio reception, a CD player, Bluetooth audio streaming, USB playback, and an AUX input. Designed for high-quality stereo sound with ELAC speakers and an intuitive 2.8-inch color display, this manual will guide you through the setup, operation, maintenance, and troubleshooting of your device.

Figure 1: Front View of TechniSat DIGITRADIO 3 IR. This image shows the front of the radio with its 2.8-inch color display, intuitive rotary controls, slot-in CD player, USB playback and charging function, and the included remote control. The design features an elegant aluminum front.

SETUP

1. Unpacking and Contents

Carefully remove all components from the packaging. Ensure the following items are present:

- DIGITRADIO 3 IR Stereo Radio
- Telescopic Antenna
- Remote Control with Batteries
- Power Adapter
- User Manual

2. Connecting Power and Antenna

1. Connect the power adapter to the **DC IN 12V 3A** port on the rear of the unit. Plug the other end into a wall outlet.
2. Connect the telescopic antenna to the **RF IN** port for DAB+ and FM reception. Extend the antenna fully for optimal signal reception.

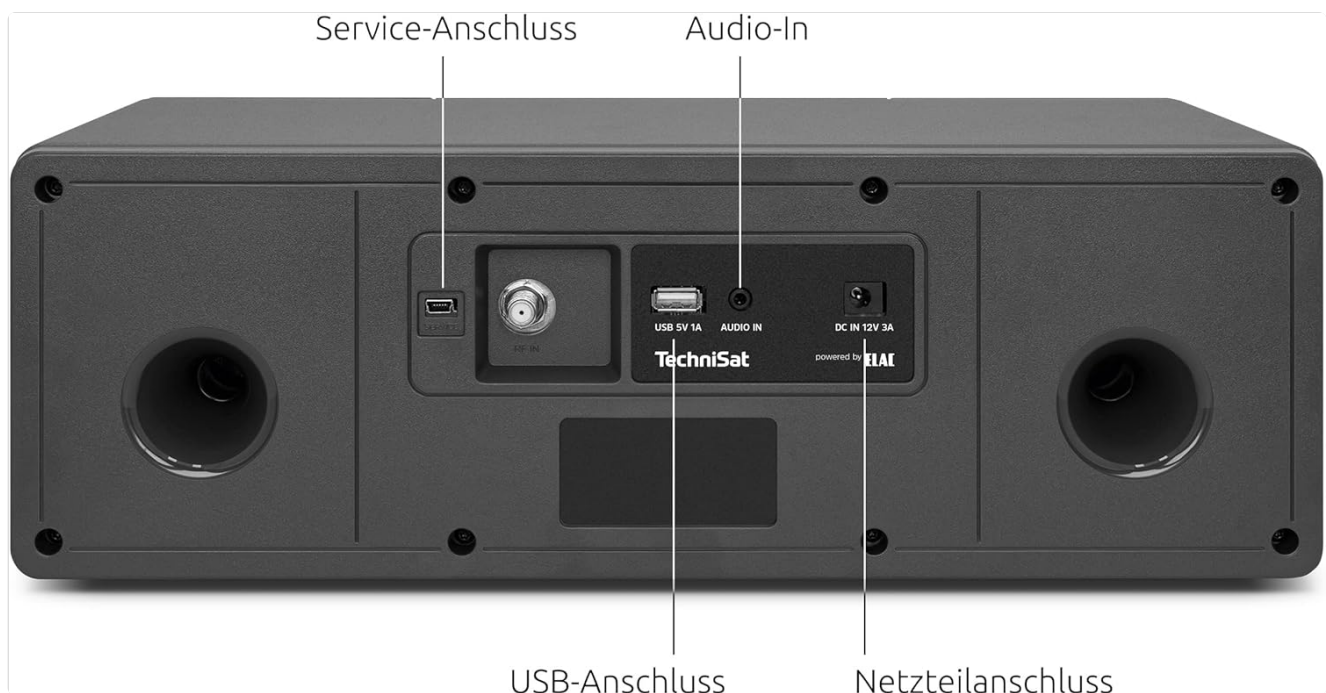

Figure 2: Rear Connections. This image highlights the rear panel connections, including the Service Port, Audio-In, USB Port, and Power Supply Connection (DC IN 12V 3A).

3. Initial Setup Wizard

Upon first power-on, the device will guide you through an initial setup wizard. Follow the on-screen instructions to set the language, time, and network connection.

- Use the rotary knobs and buttons on the front panel or the remote control to navigate the menu.
- Select your preferred language.
- Configure the time and date settings.
- Connect to your Wi-Fi network for Internet radio functionality. You will need your network name (SSID) and password.

OPERATING INSTRUCTIONS

1. Basic Controls

The DIGITRADIO 3 IR features intuitive controls on the front panel, including rotary knobs for volume/standby and selection/snooze, along with various function buttons. A remote control is also included for convenient operation.

2. Mode Selection

Press the **MODE** button on the front panel or remote control to cycle through available audio sources:

- **DAB+ Radio:** Digital radio with a wide selection of stations.
- **FM Radio:** Analog radio reception with RDS.
- **Internet Radio:** Access thousands of radio stations worldwide via Wi-Fi.
- **CD Player:** Play audio CDs and MP3 CDs.
- **Bluetooth:** Stream audio wirelessly from your smartphone or other Bluetooth-enabled devices.
- **USB:** Play MP3 files from a USB storage device and charge compatible devices.
- **AUX In:** Connect external audio devices via a 3.5mm audio cable.

3. DAB+ and FM Radio

After selecting DAB+ or FM mode, the radio will automatically scan for available stations. Use the **SELECT** knob or arrow buttons on the remote to browse and select stations. You can save your favorite stations to presets (30 for DAB+, 30 for FM).

DAB+ und UKW

Bundesweite und regionale Radio-Programmvietfalt in digitaler Qualitt.

Figure 3: DAB+ Radio Display. This image illustrates the radio displaying DAB+ station information, emphasizing the wide variety of digital radio programs available.

4. Internet Radio

Ensure your device is connected to a Wi-Fi network. In Internet Radio mode, you can browse stations by genre, location, or search for specific stations. Save your favorite Internet radio stations to presets (30 for Internet Radio).

5. CD Playback

Insert an audio CD or MP3 CD into the slot-in CD player. Playback will begin automatically. The DIGITRADIO 3 IR features a **resume function**, which means playback will continue from where it was last stopped, even after the device has been turned off. This is particularly useful for audiobooks.

Slot-In CD-Player mit Resume Funktion

Spielt die Lieblings-CDs rauf und runter.

Figure 4: Slot-In CD Player. This close-up shows the slot-in CD player, highlighting its design and the resume function for continuous playback of CDs, including MP3 CDs.

6. Bluetooth Audio Streaming

To stream music from a Bluetooth-enabled device:

1. Select **Bluetooth** mode on the DIGITRADIO 3 IR. The display will show "Pairing".
2. On your smartphone or other device, enable Bluetooth and search for available devices.
3. Select "DIGITRADIO 3 IR" from the list. Once paired, you can play audio from your device through the radio.

Drahtloser Musikgenuss

Mit Bluetooth-Audiostreaming

Figure 5: Bluetooth Audio Streaming. This image demonstrates wireless music enjoyment by streaming audio from a smartphone to the radio via Bluetooth.

7. USB Playback and Charging

Insert a USB storage device (e.g., USB stick) into the **USB 5V 1A** port on the rear or front (if available) of the unit to play MP3 files. This port also functions as a charging port for compatible devices.

8. AUX Input

Connect an external audio source (e.g., MP3 player, smartphone) to the **AUDIO IN** port on the rear of the unit using a 3.5mm audio cable. Select AUX mode to listen to audio from the connected device.

9. Alarm Clock and Sleep Timer

The DIGITRADIO 3 IR includes an alarm clock function and a sleep timer. Refer to the detailed instructions in the full user manual for setting these features.

MAINTENANCE

To ensure the longevity and optimal performance of your TechniSat DIGITRADIO 3 IR, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the exterior surfaces. Do not use abrasive cleaners, waxes, or solvents.
- **CD Player:** Avoid touching the lens inside the CD player. If a CD gets stuck, refer to the troubleshooting section or contact support.
- **Ventilation:** Ensure the ventilation openings are not blocked to prevent overheating.
- **Environment:** Keep the device away from direct sunlight, heat sources, dust, and moisture.

TROUBLESHOOTING

If you encounter issues with your DIGITRADIO 3 IR, consult the following table for common problems and solutions:

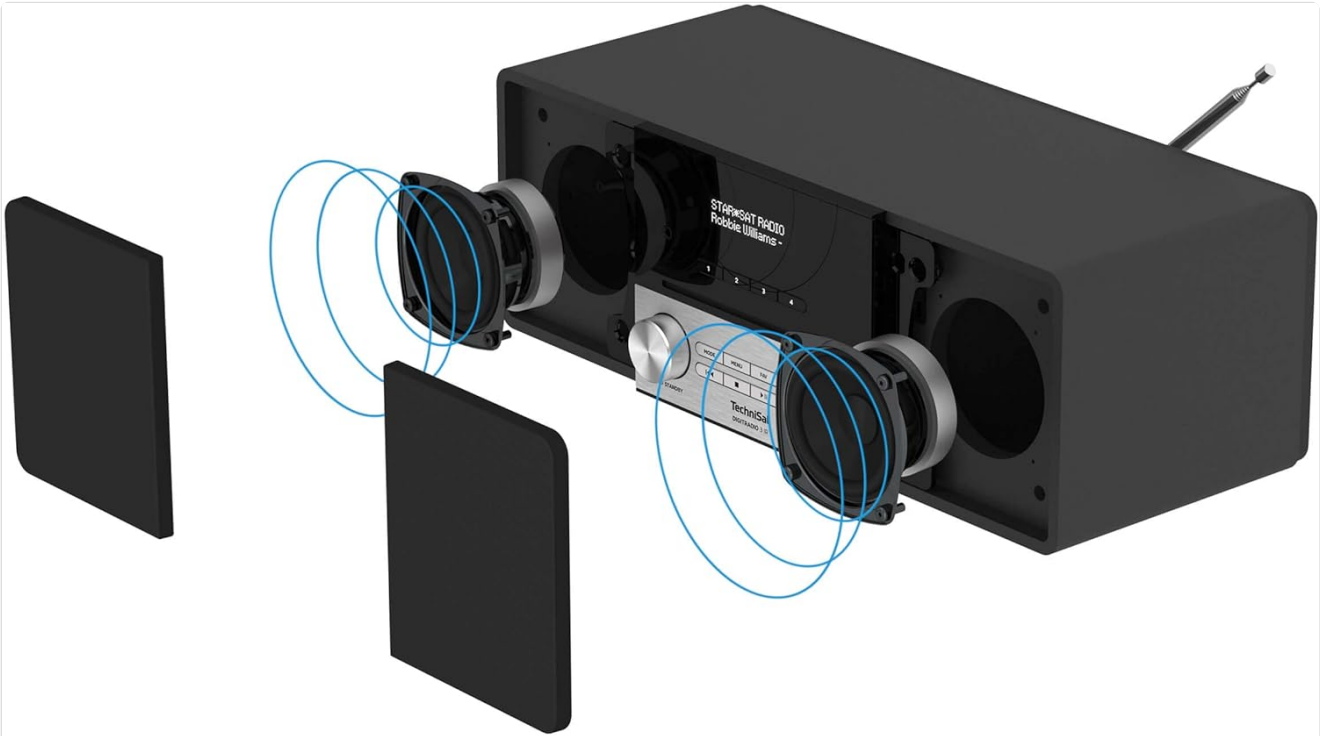

Problem	Possible Cause	Solution
No power	Power cable not connected; power outlet faulty.	Check power cable connection; try a different outlet.
No sound	Volume too low; incorrect audio source selected; headphones connected.	Increase volume; select correct mode (DAB+, FM, CD, etc.); disconnect headphones.
Poor radio reception (DAB+/FM)	Antenna not extended; weak signal; interference.	Extend antenna fully; reposition the radio; perform a new station scan.
Internet radio not working	No Wi-Fi connection; incorrect Wi-Fi password.	Check Wi-Fi connection in settings; re-enter Wi-Fi password; restart router.
CD not playing	CD inserted incorrectly; CD is dirty or scratched; unsupported disc format.	Re-insert CD correctly; clean CD; ensure it's an audio CD or MP3 CD.
Bluetooth pairing failed	Device not in pairing mode; device too far; interference.	Ensure radio is in Bluetooth pairing mode; move devices closer; try pairing again.
