ArtCreativity Light Up Excavation Truck Toy Instruction Manual

Model: AC-2395

INTRODUCTION

Thank you for choosing the ArtCreativity Light Up Excavation Truck Toy. This interactive construction vehicle is designed to provide engaging play with its realistic features, lights, and sounds. This manual provides essential information for setting up, operating, and maintaining your toy.

Key features of your ArtCreativity Light Up Excavation Truck Toy include:

- Brightly colored and realistic design.
- Integrated lights and sound effects for an immersive experience.
- Push-and-go motion for easy play.
- 360-degree rotatable excavator arm for interactive digging action.
- Durable, high-quality plastic construction.

PACKAGE CONTENTS

Your package should contain the following items:

- 1 x ArtCreativity Light Up Excavation Truck Toy
- 3 x LR44 Batteries (pre-installed or included separately)

SETUP

Battery Installation

The toy requires 3 LR44 batteries for its light and sound features. These batteries are typically pre-installed or included in the package. If replacement is needed:

1. Locate the battery compartment on the underside of the truck.
2. Using a small Phillips head screwdriver, carefully unscrew the battery compartment cover.
3. Insert 3 new LR44 batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
4. Replace the cover and secure it with the screw.

Note: Always use fresh batteries and dispose of old batteries responsibly.

Removing Shipping Protector

For the truck to move freely using its push-and-go mechanism, ensure any plastic shipping protector piece on the bottom wheels or chassis is removed before play. This piece prevents movement during transit.

OPERATING INSTRUCTIONS

Basic Play

The ArtCreativity Light Up Excavation Truck Toy is designed for simple and intuitive play:

- **Push-and-Go Motion:** Simply push the truck forward or backward on a flat surface, and it will continue to move on its own for a short distance.
- **Lights and Sounds:** The truck features integrated LEDs and sound effects that activate during play, enhancing the realistic experience.
- **Movable Excavator Arm:** The excavator arm on the back of the truck can be manually moved 360 degrees, allowing for imaginative digging and scooping scenarios.

Figure 3: The excavator arm can be manually rotated 360 degrees for dynamic play.

MAINTENANCE

- **Cleaning:** Wipe the toy with a soft, damp cloth. Do not immerse in water. Avoid harsh chemicals or abrasive cleaners.
- **Battery Care:** Remove batteries if the toy will not be used for an extended period to prevent leakage.
- **Storage:** Store the toy in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING
