

DAREU EK87

DAREU EK87 Mechanical Keyboard User Manual

Model: EK87 (TK529U08611G)

1. INTRODUCTION

Thank you for choosing the DAREU EK87 Mechanical Keyboard. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your new keyboard. Please read this manual thoroughly before use to ensure optimal performance and longevity of your device.

The DAREU EK87 is a high-performance 87-key (Tenkeyless) mechanical keyboard designed for reliability and a responsive typing experience. It features a QWERTY layout and connects via USB, making it compatible with personal computers and laptops.

2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- DAREU EK87 Mechanical Keyboard
- USB Cable
- User Manual (this document)

3. SETUP

Follow these steps to set up your DAREU EK87 Mechanical Keyboard:

- 1. Unpack the Keyboard:** Carefully remove the keyboard and USB cable from the packaging.
- 2. Connect to Computer:** Plug the USB cable into the USB port on the keyboard and then into an available USB port on your personal computer or laptop.
- 3. Driver Installation:** The keyboard is plug-and-play. Your operating system (Windows, macOS, etc.) should automatically detect and install the necessary drivers. This process may take a few moments.
- 4. Verify Functionality:** Once drivers are installed, test the keyboard by typing in a text editor or browser to ensure all keys are functioning correctly.

Image 1: Angled view of the DAREU EK87 Mechanical Keyboard. This image displays the full 87-key layout, highlighting the white keycaps and the overall design of the keyboard.

4. OPERATING INSTRUCTIONS

The DAREU EK87 keyboard operates as a standard QWERTY layout keyboard. Below are some common functions and key combinations:

4.1 Basic Key Functions

- **Standard Typing Keys:** All alphanumeric keys, punctuation, and symbols function as expected.
- **Modifier Keys:** Shift, Ctrl, Alt, and Windows (Win) keys perform their standard operating system functions.
- **Navigation Keys:** Insert, Home, Page Up, Delete, End, Page Down, and arrow keys (Up, Down, Left, Right) are located on the right side of the main key area for navigation.

4.2 Function (Fn) Key Combinations

The **Fn** key, located near the right Alt key, can be combined with other keys to access additional features. Specific functions may vary slightly depending on your operating system or software. Common combinations include:

- **Fn + Win:** Toggles the Windows key lock, preventing accidental presses during gaming or intensive tasks.
- **Fn + F-keys (F1-F12):** These combinations often control multimedia functions (e.g., volume up/down, play/pause, stop, next/previous track) or system shortcuts (e.g., open browser, email). Refer to your computer's documentation for specific F-key assignments.
- **Fn + Arrow Keys:** On some models, these combinations control backlight brightness or lighting effects.

Image 2: Top-down view of the DAREU EK87 Mechanical Keyboard. This perspective clearly shows the QWERTY layout and the placement of all 87 keys, including the function row and navigation cluster.

5. MAINTENANCE

Proper maintenance ensures the longevity and performance of your keyboard:

- **Cleaning:** Regularly clean the keyboard with a soft, dry cloth. For dust and debris between keycaps, use compressed air. For stubborn dirt, dampen a cloth with a small amount of isopropyl alcohol and gently wipe the keycaps. Avoid spraying liquids directly onto the keyboard.
- **Storage:** When not in use, store the keyboard in a clean, dry environment away from direct sunlight and extreme temperatures.
- **Avoid Spills:** Liquids can severely damage mechanical keyboards. Exercise caution when consuming beverages near the device. In case of a spill, immediately unplug the keyboard and allow it to dry completely before attempting to use it again.

6. TROUBLESHOOTING

If you encounter issues with your DAREU EK87 keyboard, refer to the following common solutions:

- **Keyboard Not Responding:**
 - Ensure the USB cable is securely connected to both the keyboard and the computer.
 - Try plugging the keyboard into a different USB port on your computer.
 - Test the keyboard on another computer to determine if the issue is with the keyboard or the original computer.
 - Restart your computer.
- **Specific Keys Not Working:**
 - Check for any physical obstructions under the keycap.
 - Clean the area around the affected key.
 - If the issue persists, it may indicate a hardware fault.
- **Windows Key Locked:**
 - Press **Fn + Win** to toggle the Windows key lock feature.

7. SPECIFICATIONS

Feature	Specification
Brand	DAREU

Feature	Specification
Model Number	TK529U08611G
Connectivity Technology	USB (Wired)
Compatible Devices	Personal Computer, Laptop
Keyboard Description	Mechanical
Switch Type	Mechanical
Keyboard Layout	QWERTY
Number of Keys	87
Hand Orientation	Ambidextrous
Power Source	Cable Electric
Manufacturer	Dareu
Country of Origin	China

8. WARRANTY AND SUPPORT

DAREU products are manufactured to high-quality standards. For information regarding warranty coverage, technical support, or service inquiries, please refer to the warranty card included with your product or visit the official DAREU website. Keep your proof of purchase for warranty claims.
