Albearing 748

Albearing Canopy Bed Frame Instruction Manual

Model: 748 (Full Size, Pink)

PRODUCT OVERVIEW

This manual provides detailed instructions for the assembly, safe use, and maintenance of your Albearing Canopy Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The Albearing Canopy Bed Frame is a full-size metal platform bed designed with a canopy structure, headboard, and footboard. It features heavy-duty steel slats and support, eliminating the need for a box spring.

INCLUDED COMPONENTS

Before assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support immediately.

- Headboard
- Footboard
- Side Rails
- Canopy Posts and Bars
- Steel Slats
- Assembly Hardware (Screws, Bolts, Washers)
- Allen Key (Hex Wrench)

Note: A mattress is not included with this bed frame.

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults and can be completed within an hour. Follow these steps carefully.

Required Tools:

- Included Allen Key
- Optional: Phillips head screwdriver (not included)

Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface (like a carpet) to prevent scratches. Compare all parts with the included parts list.
2. **Attach Side Rails to Headboard:** Secure the side rails to the headboard using the provided bolts and Allen key. Do not fully tighten bolts until all major components are connected.
3. **Attach Footboard:** Connect the footboard to the other end of the side rails using the appropriate hardware. Ensure all connections are aligned.
4. **Install Center Support Legs:** Attach any center support legs to the main frame as indicated in the diagram.
5. **Place Steel Slats:** Position the steel slats across the bed frame. Secure them to the side rails using the designated fasteners. Ensure slats are evenly spaced and firmly attached to provide adequate mattress support.
6. **Assemble Canopy Posts:** Attach the vertical canopy posts to each corner of the bed frame.
7. **Connect Canopy Bars:** Connect the horizontal canopy bars between the vertical posts to form the top canopy structure.
8. **Final Tightening:** Once all components are assembled and aligned, systematically tighten all bolts and screws securely. Do not overtighten.

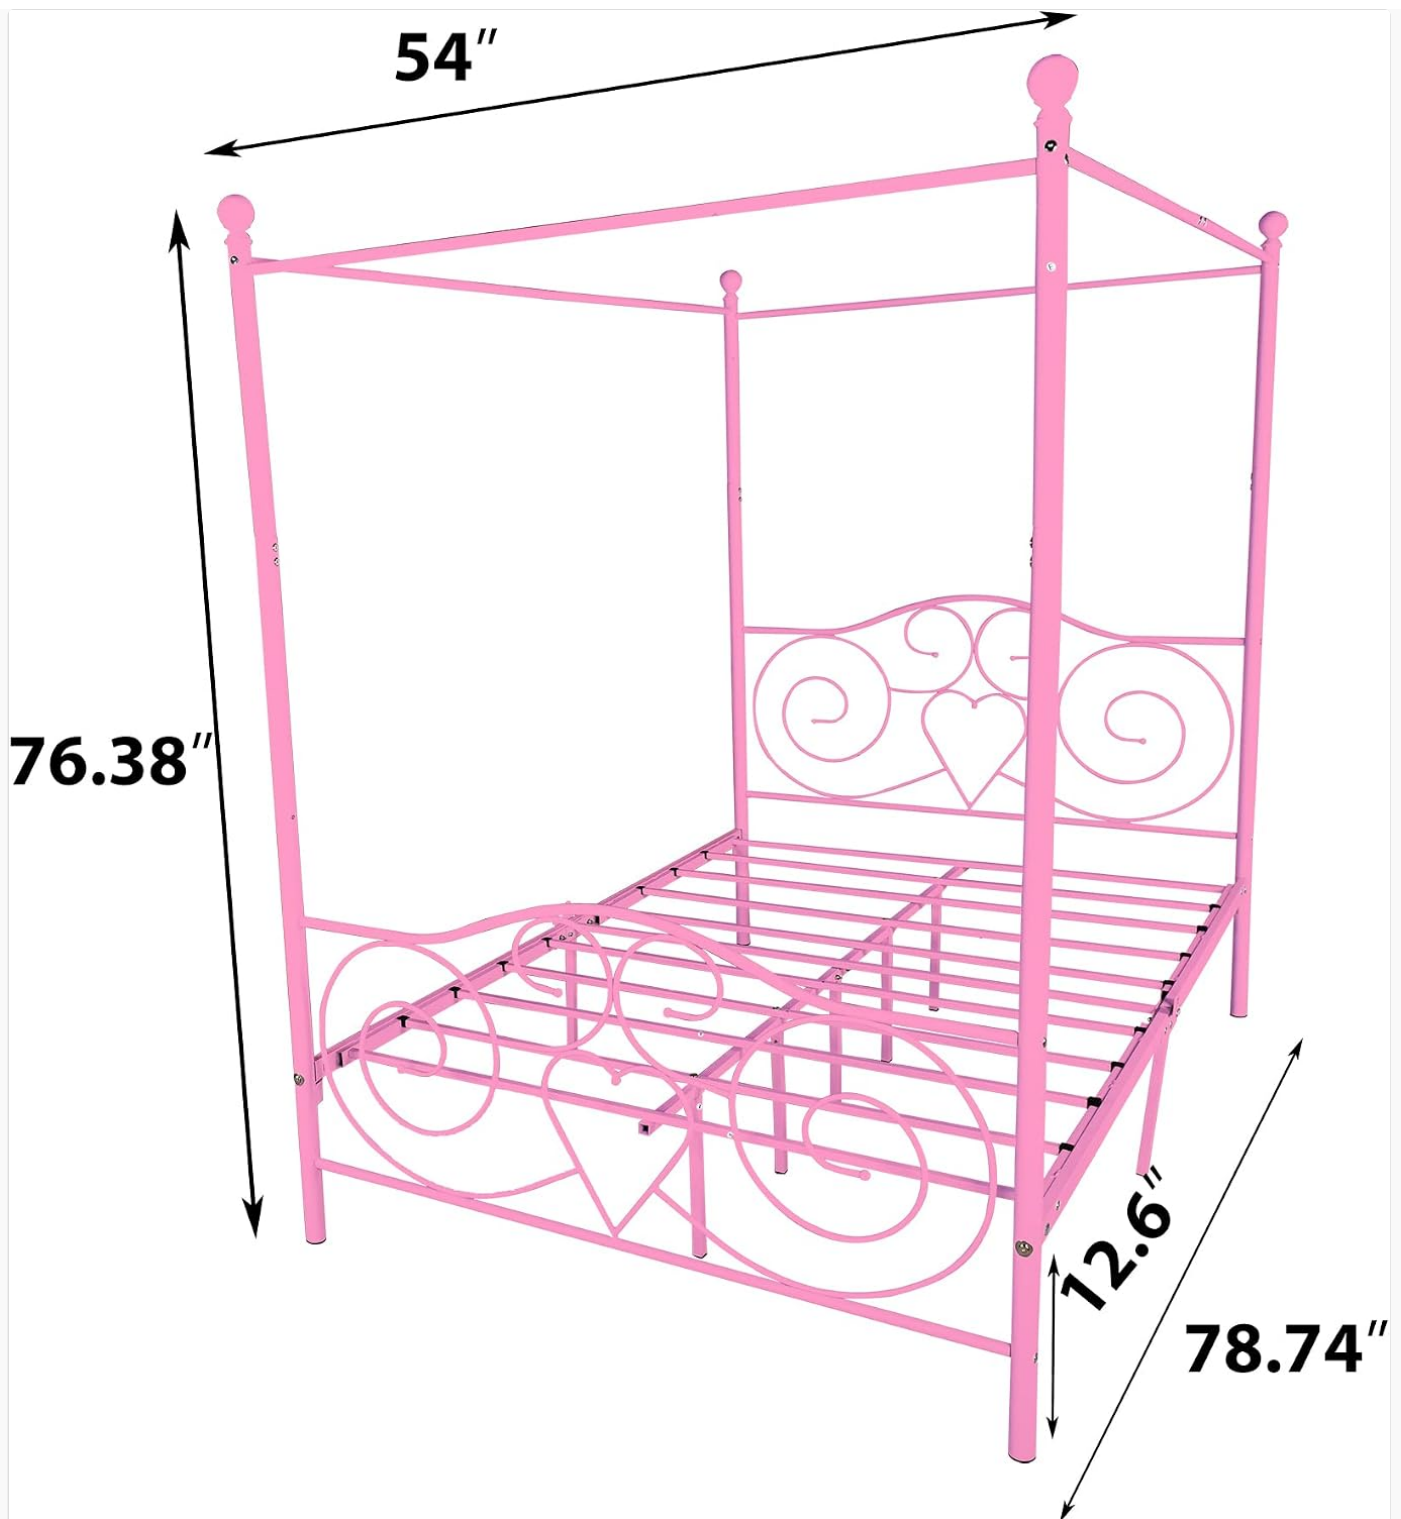

Image: Diagram showing the dimensions of the Albearing Canopy Bed Frame: 78.74 inches length, 54 inches width, 76.38 inches height, and 12.6 inches under-bed clearance.

OPERATING INSTRUCTIONS

This bed frame is designed for use with a full-size mattress directly on the steel slats. A box spring is not required.

- **Mattress Placement:** Carefully place your full-size mattress onto the assembled steel slat foundation.
- **Under-Bed Storage:** The frame provides approximately 12.4 inches of clearance, suitable for under-bed storage containers.
- **Canopy Use:** The canopy structure can be used to hang lightweight curtains or decorations. Ensure any items hung are light and do not exert excessive force on the frame.

Important Weight Limit Information: The product specifications list a 'Maximum Weight Recommendation' of 75 pounds. This appears to be an error, as a full-size bed frame is typically designed to support significantly more weight (e.g., several hundred pounds for mattress and occupants). Please contact Albearing customer support for clarification on the actual safe weight capacity of this bed frame before use.

MAINTENANCE

Regular maintenance will help prolong the life and appearance of your bed frame.

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Hardware Check:** Periodically (every 3-6 months), check all bolts and screws to ensure they remain tight. Retighten if necessary to prevent squeaking and maintain stability.
- **Inspection:** Inspect the steel slats and frame for any signs of wear, bending, or damage. Address any issues promptly.

TROUBLESHOOTING

If you encounter issues with your bed frame, refer to the following common solutions.

- **Squeaking Noises:**
 - Ensure all bolts and screws are securely tightened.
 - Check that the steel slats are properly seated and secured.
 - Verify that the bed frame is on a level surface.
- **Instability/Wobbling:**
 - Confirm all connections are tight and components are correctly assembled according to the instructions.
 - Ensure the bed frame is placed on a flat, stable floor.
- **Missing or Damaged Parts:**
 - Do not attempt to assemble the bed with missing or damaged parts.
 - Contact Albearing customer support immediately for replacement parts.

If problems persist after attempting these solutions, please contact Albearing customer support.

SPECIFICATIONS

Feature	Detail
Model Number	748
Size	Full
Color	Pink
Material	Metal (Steel)
Product Dimensions (L x W x H)	78.74" x 54" x 76.38"
Suitable Mattress Size	75" (L) x 54" (W)

Under-Bed Clearance	12.4 inches
Product Weight	58 lbs
Box Spring Required	No
Assembly Required	Yes
UPC	650076990226

Note on Maximum Weight Recommendation: As noted in the Operating Instructions, the listed 'Maximum Weight Recommendation' of 75 pounds appears to be incorrect for a bed frame. Please contact Albearing customer support for accurate weight capacity information.

WARRANTY AND SUPPORT

Your Albearing Canopy Bed Frame comes with a **5-year worry-free warranty**.

For any questions, concerns, missing parts, or warranty claims, please contact Albearing customer support. Refer to your purchase documentation or the seller's contact information for the most direct support channels.
