Zinus EU-FBOBH1-12G

Zinus Mory Lit Bed Frame 160x200 cm with Divided Headboard User Manual

Model: EU-FBOBH1-12G

INTRODUCTION

Thank you for choosing the Zinus Mory Lit Bed Frame. This bed frame combines modern industrial style with robust construction, featuring a beautiful wood finish, a structured two-part headboard, and a sleek steel frame. Designed for durability and comfort, it provides a peaceful sleeping surface and ample under-bed storage. This manual provides essential information for assembly, usage, maintenance, and troubleshooting to ensure you get the most out of your new bed frame.

SETUP AND ASSEMBLY

The Zinus Mory Lit Bed Frame is designed for easy assembly. All necessary parts, tools, and instructions are efficiently packed in a single box. Assembly can typically be completed by two people in under an hour.

Included Components and Tools

Before you begin, ensure all components and tools are present. Refer to the parts list in your instruction booklet.

Image: All bed frame components, including the headboard, side rails, support beams, and wooden slats, laid out for inspection prior to assembly.

Image: The included assembly tools, featuring a convenient ratchet wrench and an Allen key, designed to simplify the setup process.

Assembly Steps

1. Unpack all components and verify against the parts list in your instruction booklet.
2. Follow the step-by-step diagrams provided in the instruction manual.
3. Assemble the headboard and footboard sections.
4. Attach the side rails to the headboard and footboard.
5. Install the central support bar and additional support legs.
6. Lay out and secure the wooden slats onto the frame. Ensure the anti-slip tape is properly positioned.

OPERATING (USAGE) INSTRUCTIONS

The Zinus Mory Lit Bed Frame is designed to provide a stable and comfortable foundation for your mattress. Its robust construction ensures long-lasting support.

- **Mattress Compatibility:** The reliable wooden slats are designed to support various mattress types, including latex, memory foam, or traditional spring mattresses.
- **Weight Capacity:** The 160x200 cm bed frame supports a maximum weight of 318 kg (700 lbs). Ensure this limit is not exceeded to maintain structural integrity.
- **Under-Bed Storage:** The design provides ample clearance beneath the frame, offering convenient space for storage boxes or other items.
- **Squeak-Resistant Design:** The frame is engineered to be squeak-resistant, providing a quiet sleeping environment.

MAINTENANCE

Proper maintenance will extend the life and appearance of your Zinus Mory Lit Bed Frame.

- **Cleaning:** Wipe down the metal and wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Tighten Fasteners:** Periodically check all bolts and screws to ensure they are tight. Loose fasteners can lead to instability and squeaking.
- **Slat Care:** Ensure the wooden slats are properly seated and not damaged. The anti-slip tape helps keep your mattress in place.
- **Avoid Excessive Weight:** Do not exceed the recommended weight capacity of 318 kg (700 lbs) to prevent damage to the frame.

TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Squeaking Noises:**
 - Ensure all bolts and screws are securely tightened.
 - Check that the wooden slats are correctly positioned and not rubbing against the frame.
 - Verify that the central support legs are firmly on the floor.
- **Instability/Wobbling:**
 - Re-tighten all assembly hardware.
 - Ensure the bed frame is on a level surface.
- **Mattress Sliding:**
 - The wooden slats are equipped with anti-slip tape. Ensure this tape is clean and making proper contact with your mattress.
 - If the issue persists, consider using a non-slip mattress pad.

SPECIFICATIONS

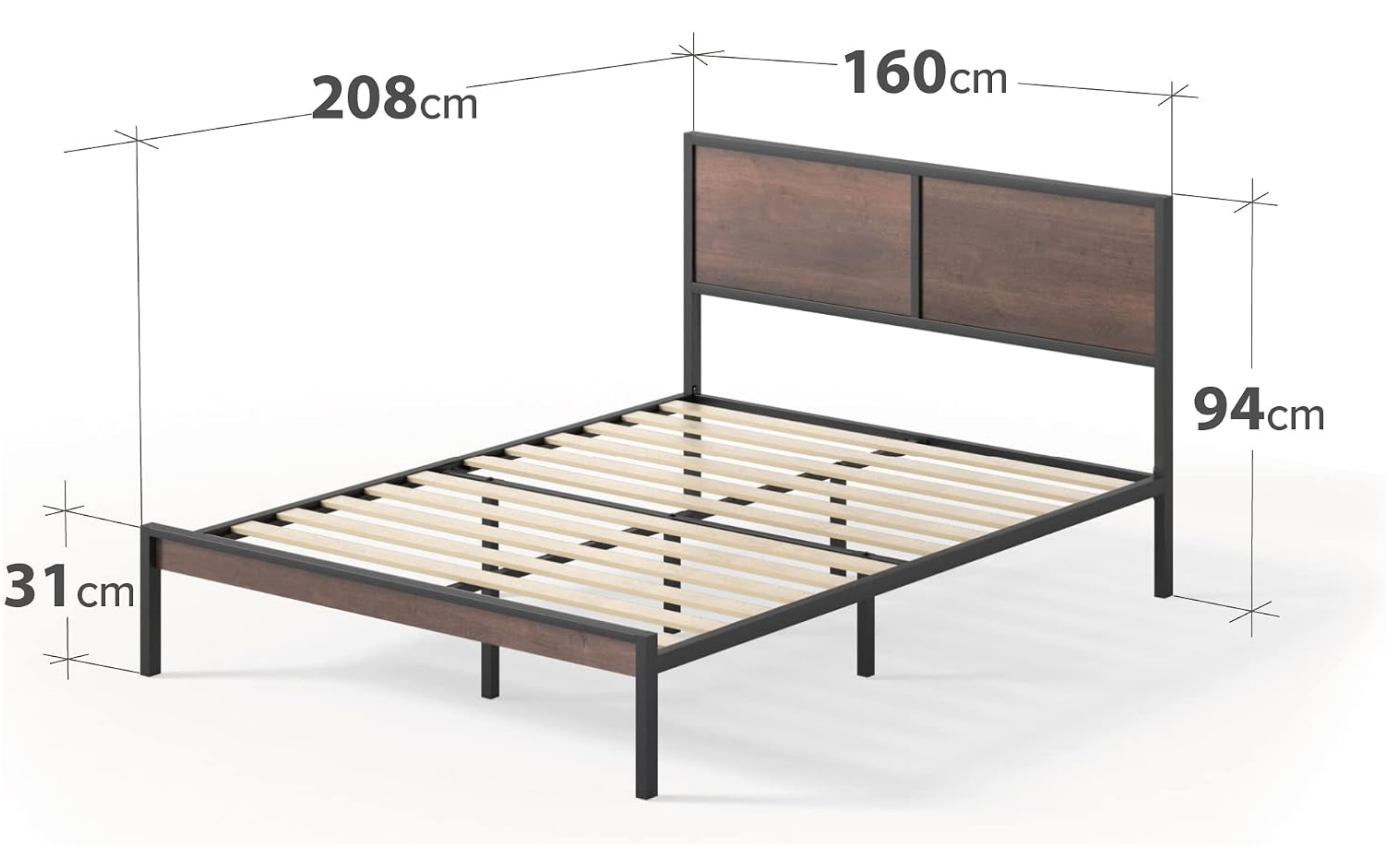

Image: Dimensional diagram of the Zinus Mory Lit Bed Frame, indicating a total length of 208 cm, width of 160 cm, headboard height of 94 cm, and frame height of 31 cm.

Product Dimensions (L x W x H)	208 x 160 x 94 cm
