ICQN Enamel Baking Tray for 42L Mini Oven

INSTRUCTION MANUAL

Introduction

This manual provides essential information for the safe and effective use of your ICQN Enamel Baking Tray. This tray is designed for compatibility with ICQN 42L mini oven models IQ M4251R03N 1AA, IQ M4251R03N 1IA, and IQ M4251N53N 1AA. Please read these instructions thoroughly before first use and retain them for future reference.

Safety Instructions

- Always use oven mitts or heat-resistant gloves when handling the hot baking tray.
- Ensure the tray is properly seated on the oven rack to prevent spills or accidents.
- Avoid sudden temperature changes, such as placing a hot tray directly into cold water, as this may damage the enamel coating.
- Do not use abrasive cleaners or metal scouring pads, which can scratch or damage the enamel surface.
- Keep out of reach of children.

Setup

1. **Unpacking:** Carefully remove the baking tray from its packaging. Inspect for any signs of damage during transit.
2. **Initial Cleaning:** Before first use, wash the baking tray with warm soapy water and a soft sponge. Rinse thoroughly and dry completely.
3. **Placement:** Position the baking tray on the appropriate rack level inside your compatible ICQN 42L mini oven. Ensure it fits securely and does not obstruct the oven's heating elements or fan (if applicable).

This image displays the ICQN enamel baking tray, highlighting its key dimensions. The length is indicated as 392 mm and the width as 340 mm. These measurements are crucial for ensuring compatibility with your mini oven.

Operating

The ICQN enamel baking tray is designed for general baking and roasting tasks within your compatible mini oven. Its enamel coating provides a durable, non-reactive surface suitable for various food types.

- **Preheating:** For best results, preheat your oven to the desired temperature before placing the tray with food inside.
- **Food Preparation:** You may lightly grease the tray or line it with parchment paper, depending on the recipe and food type, to prevent sticking.
- **Cooking:** Place food directly on the tray or in appropriate bakeware on the tray. Follow your recipe's cooking times and temperatures.
- **Removal:** Always use oven mitts to carefully remove the hot tray from the oven.

Maintenance

Proper care will extend the life of your enamel baking tray.

- **Cleaning:** The baking tray is dishwasher safe. For hand washing, use warm soapy water and a soft sponge or cloth. For stubborn food residues, soak the tray in warm soapy water for a period before cleaning.
- **Drying:** Ensure the tray is completely dry before storing to prevent water spots or rust on any exposed metal parts.
- **Storage:** Store the tray in a dry place, ideally where it won't be scratched by other metal utensils.

Troubleshooting

Issue	Possible Cause	Solution
Food sticking to the tray	Insufficient greasing or lining; high sugar content in food.	Ensure adequate greasing or use parchment paper. Consider using a silicone mat for very sticky foods.
Tray discoloration	Normal wear and tear; high heat exposure over time.	This is generally cosmetic and does not affect performance. Ensure proper cleaning after each use.
Tray does not fit in oven	Incorrect model compatibility.	Verify your oven model number against the compatible models listed in this manual (IQ M4251R03N 1AA, IQ M4251R03N 1IA, IQ M4251N53N 1AA). Check the tray dimensions (392 x 340 mm).
