

emotal UFO4-01

emotal Dual-Mic AI Noise Cancelling Bluetooth Headset

Model: UFO4-01

1. PRODUCT OVERVIEW

The emotal Dual-Mic AI Noise Cancelling Bluetooth Headset is designed for clear communication and extended use, ideal for cell phone calls, driving, and business environments. It features advanced AI noise-cancelling technology, dual HD microphones, and a lightweight, ergonomic design for comfort. Key features include:

- **AI Noise-Cancelling:** Isolates your voice from background noise for crystal-clear conversations.
- **Extended Talk Time:** Up to 30 hours of HD talk time and 240 hours of standby on a 1.5-hour charge. Includes a quick charge feature for 3 hours of playtime with a 10-minute charge.
- **Ultralight & Ergonomic:** Weighing only 0.5oz, designed for comfortable, secure fit during long periods of use.
- **IPX6 Waterproof:** Provides protection against splashes and sweat.
- **Dual Battery System:** Comes with an extra battery for continuous use.

2. PACKAGE CONTENTS

Ensure all items are present in the package:

- 1x emotal Bluetooth Headset
- 1x USB-C Charging Cable
- 6x Eartips (one pair pre-installed)
- 1x User Manual
- 1x Extra Battery

3. SETUP GUIDE

3.1 Initial Charging

Before first use, fully charge the headset. The headset needs to be detached from the ear hook for charging.

1. Detach the main headset unit from the ear hook.
2. Connect the USB-C cable to the charging port on the headset unit.
3. Connect the other end of the USB-C cable to a compatible USB power source (e.g., wall adapter, computer USB port).
4. The indicator light will show charging status (refer to LED indicator section for details). A full charge takes approximately 1.5 hours.

3.2 Eartip Selection

For optimal sound quality and comfort, select the eartip size that best fits your ear canal. Three sizes are provided.

Design for Your Both Ear

3.3 Wearing the Headset

The headset is designed for use in either the left or right ear. The main unit can be rotated and the microphone adjusted for optimal positioning.

1. Place the ear hook over your ear.
2. Insert the eartip into your ear canal.
3. Adjust the main unit by rotating it 180 degrees to switch between left and right ear wear.
4. Adjust the microphone boom to point towards your mouth for clear voice pickup.

Image: Step-by-step guide on how to switch the headset for left or right ear use by rotating the main unit and adjusting the microphone.

3.4 Bluetooth Pairing

To connect your headset to a device:

1. Ensure the headset is charged and powered off.
2. Press and hold the multi-function button on the headset for 3-5 seconds until the indicator light flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth.
4. Search for "emotal UFO4-01" (or similar name) in the list of available Bluetooth devices.
5. Select the headset to connect. Once connected, the indicator light will turn solid blue or flash slowly.

Note: The headset cannot connect with two devices simultaneously.

4. OPERATING INSTRUCTIONS

4.1 Basic Controls

The headset features a single multi-function button for various operations:

- **Power On/Off:** Long touch for 3 seconds to power on, 5 seconds to power off.
- **Next Song:** Double touch the button.
- **Answer/Hang Up Call:** Double touch the button.
- **Volume Up:** Long touch the button. (Note: There is no dedicated volume down or mute button on the headset itself. Volume down must be controlled via the connected device.)
- **Activate Voice Assistant (Siri/Google Assistant):** Triple touch the button.

To swap batteries:

1. Gently detach the current battery unit from the headset.
2. Attach the fully charged spare battery to the headset.
3. Charge the depleted battery using the USB-C cable for future use.

5. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your emotal Bluetooth Headset, follow these care instructions:

- **Cleaning:** Wipe the headset with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Water Resistance:** The headset is IPX6 waterproof, meaning it is protected against powerful water jets. It can withstand sweat and light rain, but it is not designed for submersion in water.
- **Storage:** Store the headset in a cool, dry place away from extreme temperatures and direct

sunlight.

- **Battery Care:** Avoid fully depleting the battery frequently. Charge it regularly to maintain battery health.

6. TROUBLESHOOTING

If you encounter issues with your headset, try the following solutions:

Problem	Possible Solution
Headset won't power on.	Ensure the headset is fully charged. Press and hold the multi-function button for 3 seconds.
Cannot pair with device.	Ensure Bluetooth is enabled on your device and the headset is in pairing mode (flashing blue/red light). Make sure the headset is not already connected to another device. Restart both devices and try again.
Poor audio quality during calls.	Ensure the microphone is adjusted to point towards your mouth. Check for obstructions. Move closer to your connected device to avoid interference.
Volume is too low/high.	Adjust volume using the long touch on the multi-function button (volume up only) or directly from your connected device.
Headset disconnects frequently.	Ensure you are within the Bluetooth range (approx. 33 feet/10 meters). Avoid strong electromagnetic interference. Re-pair the headset if necessary.

7. SPECIFICATIONS

Feature	Detail
Model Name	UFO4-01

Feature	Detail
Connectivity Technology	Wireless (Bluetooth 5.0)
