## ANDHOT BP1908-QC

# ANDHOT Quick Charge 3.0 Wall Charger with Micro USB Cable User Manual

Model: BP1908-QC

## INTRODUCTION

---

This manual provides instructions for the safe and efficient use of your ANDHOT Quick Charge 3.0 Wall Charger and 3ft Micro USB Cable. This product is designed to provide rapid charging for compatible Android devices and standard charging for other USB-enabled devices. Please read this manual thoroughly before use and retain it for future reference.

# Universal Compatibility

QC 3.0 Wall Charge Compatible with All USB-Enabled Devices, BUT Only Fast Charge with QC 3.0 Enabled Devices, Non QC 3.0 Enabled Devices will Charge at Normal Speed

**Micro usb** Cable for All Micro USB Port Devices

Figure 1: The charger and cable demonstrating compatibility with a range of Micro USB devices.

## PRODUCT FEATURES

- **Quick Charge 3.0 Technology:** Charges compatible devices up to 4 times faster than conventional chargers, achieving 0 to 80% charge in approximately 35 minutes.
- **Universal Compatibility:** Supports Quick Charge 3.0 enabled devices for rapid charging and other USB-enabled devices at their standard charging speed.
- **Enhanced Safety:** Built-in smart IC chip protects against overcharging, overcurrents, and overheating. The charger automatically stops charging when the battery is full. Constructed with advanced PC fireproof material.
- **Durable Micro USB Cable:** Features a 3ft nylon braided cable with reinforced metal connectors and extended joints for increased durability and a lifespan of over 10,000 plugs. Supports high-speed data transfer up to 480Mbps.
- **Portable Design:** Compact and lightweight design for convenient travel and everyday use.

# NO CRACKING

## Extended joint, full coverage

Totally concealed in one-piece SR, the plug is fully protected and not easy to crack

**Figure 2:** Illustration of the Micro USB cable's durable construction, featuring reinforced metal connectors and nylon braiding for extended lifespan.

## PACKAGE CONTENTS

---

Verify that all items are present in the package:

- 1 x Quick Charge 3.0 Wall Charger Plug
- 1 x 3-Foot Nylon Braided Micro USB Fast Charging Cable

## SETUP

---

Setting up your ANDHOT Quick Charge 3.0 charger is straightforward:

1. Unpack the Quick Charge 3.0 Wall Charger Plug and the 3ft Micro USB Cable from their packaging.
2. Connect the Micro USB end of the cable to the charging port of your compatible device.
3. Connect the USB-A end of the cable to the USB port on the Quick Charge 3.0 Wall Charger Plug.
4. Insert the Wall Charger Plug into a standard AC wall outlet (AC100-240V, 50/60Hz).
5. Ensure all connections are secure. Your device should indicate that it is charging.

**Figure 3:** The Quick Charge 3.0 wall charger in use, demonstrating connection to a smartphone and highlighting its fast charging capability.

## OPERATING INSTRUCTIONS

Once connected, the charger will automatically begin charging your device. Observe the following:

- **Fast Charging:** For devices that support Quick Charge 3.0, the charger will deliver power at an accelerated rate. The device's screen or battery indicator may show a "fast charging" notification.
- **Standard Charging:** For devices not compatible with Quick Charge 3.0, the charger will operate as a standard USB charger, providing power at the device's maximum supported non-QC speed.
- **Optimal Performance:** For best charging performance, use the included Micro USB cable.
- **Disconnection:** To stop charging, simply unplug the charger from the wall outlet or disconnect the cable from your device.

# Charge Anywhere and Anytime

One Sync and Charger Cables (3FT) with one QC 3.0 Fast Wall Charger, Let You Cost Less and Get More! Take This Backup Cables and USB Plug, Enjoy Your Devices Anywhere and Anytime!

**Figure 4:** The charger and cable are suitable for use in various environments, including home, office, car, and during travel.

## MAINTENANCE

---

Proper care ensures the longevity and safe operation of your charger:

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the charger and cable in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid bending or twisting the cable excessively, especially near the connectors, to prevent internal damage. Do not drop the charger or expose it to strong impacts.
- **Moisture:** Keep the charger and cable away from water and other liquids.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Device not charging.	Loose connection. Faulty power outlet. Damaged cable or charger. Incompatible device.	Ensure cable is securely plugged into both the device and the charger, and the charger is firmly in the wall outlet. Try a different wall outlet. Inspect the cable and charger for visible damage. If damaged, discontinue use and replace. Confirm your device uses a Micro USB port.
Device charging slowly.	Device does not support Quick Charge 3.0. Using a different cable. High power consumption by device during charging.	The charger will operate at standard speed for non-QC 3.0 devices. This is normal. Use the included ANDHOT Micro USB cable for optimal charging speed. Close unnecessary applications on your device during charging.
Charger or device feels warm.	Normal operation during fast charging. Poor ventilation.	A slight warmth is normal. The charger has built-in overheating protection. Ensure the charger is in a well-ventilated area and not covered. If it becomes excessively hot, disconnect immediately.

## SPECIFICATIONS

Feature	Detail
Model Number	BP1908-QC
Input	AC100-240V, 50/60Hz, 0.6A
Output	DC 3.6-6V=3A / 6-9V=2A / 9-12V=1.5A (Quick Charge 3.0)
Wattage	18W Max
Connector Type	USB Type-A (for charger), Micro USB (for cable)
Cable Length	3 Feet (0.91 meters)
Material	PC Fireproof Material (Charger)
Dimensions (Charger)	1.88 x 1.65 x 1.02 inches (approx.)
Item Weight	2.89 ounces (approx.)
Special Features	Fast Charging, Lightweight Design, Overcharge Protection, Overcurrent Protection, Overheating Protection

# Portable Design

Color	black
Material	PC fireproof material
Input	AC100-240A 50/60Hz 0.6A
Output	DC 3.6-6V $\equiv$ 3A/6-9V $\equiv$ 2A/ 9-12V $\equiv$ 1.5A
Weight	42g
Dimensions	1.88*1.65*1.02 inch
