## 4. SETUP

### 4.1 Power Connection

1. Connect the power adapter to the DC IN port on the back of the soundbar.
2. Plug the power adapter into a standard wall outlet.

## 4.2 Audio Connection Options

The soundbar offers multiple ways to connect to your audio sources:

### Bluetooth Pairing

1. Turn on the soundbar. It will automatically enter Bluetooth pairing mode.
2. On your audio device (e.g., smartphone, tablet, TV), enable Bluetooth and search for available devices.
3. Select "Brookstone Soundbar" from the list to pair. A confirmation sound will indicate successful pairing.

### RCA Input (TV Connection)

1. Connect one end of the included RCA cable to the RCA input ports on the soundbar (red to red, white to white).
2. Connect the other end of the RCA cable to the corresponding audio output ports on your television.
3. Select the RCA input source on the soundbar using the remote control or soundbar buttons.

### 3.5mm AUX Input

1. Connect a 3.5mm audio cable (not included) from your media device's headphone jack or audio output to the AUX IN port on the soundbar.
2. Select the AUX input source on the soundbar using the remote control or soundbar buttons.

---

## 5. OPERATING THE SOUNDBAR

### 5.1 Basic Functions

- **Power On/Off:** Press the Power button on the remote or soundbar.
- **Volume Control:** Use the Volume Up (+) and Volume Down (-) buttons on the remote or soundbar.
- **Input Source Selection:** Press the Source button on the remote or soundbar to cycle through Bluetooth, RCA, and AUX inputs.
- **Play/Pause:** Press the Play/Pause button on the remote (primarily for Bluetooth mode).

### 5.2 RGB LED Light Modes

The soundbar features illuminating multi-color LED light modes that provide a visual accent. Use the dedicated LED button on the remote control to cycle through different lighting effects or to turn the LEDs off.

### 5.3 Remote Control

The included remote control provides convenient access to all soundbar functions, including power, volume, input selection, and LED light modes.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your Brookstone HD LED Soundbar, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe the surface of the soundbar. For stubborn marks, a slightly damp cloth can be used, followed by a dry cloth. Avoid using harsh chemicals, abrasive cleaners, or solvents.
- **Placement:** Place the soundbar on a stable, flat surface. Ensure it is not exposed to direct sunlight, excessive heat, humidity, or dust.
- **Ventilation:** Do not block any ventilation openings on the soundbar to prevent overheating.

## 7. TROUBLESHOOTING

If you encounter issues with your soundbar, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No sound from the soundbar.	Soundbar is off, incorrect input selected, volume too low, or cable not connected properly.	Ensure soundbar is powered on. Select the correct input source (Bluetooth, RCA, AUX). Increase volume on both soundbar and connected device. Check all cable connections.
Bluetooth device won't pair.	Soundbar not in pairing mode, device too far, or interference.	Ensure soundbar is in Bluetooth pairing mode. Move device closer to the soundbar. Turn off other Bluetooth devices nearby. Try unpairing and re-pairing.
Remote control not working.	Batteries are dead or inserted incorrectly, or line of sight is blocked.	Replace remote control batteries. Ensure batteries are inserted with correct polarity. Point the remote directly at the soundbar's sensor.
LED lights are not working.	LED mode is off or a malfunction.	Press the LED button on the remote to cycle through modes. If still not working, contact customer support.

## 8. SPECIFICATIONS

- **Speaker Type:** Soundbar
- **Special Features:** Bass Boost, LED Light
- **Recommended Uses:** Music, Home Entertainment
- **Controller Type:** Remote Control

- **Surround Sound Channel Configuration:** 2.1
- **Product Dimensions:** 2.5"D x 37"W x 2.5"H
- **Control Method:** Remote
- **Wireless Communication Technology:** Bluetooth
- **Speaker Size:** 37 Inches
- **Power Source:** Corded Electric
- **Audio Driver Type:** Dynamic Driver
- **Subwoofer Connectivity:** Wired (Note: Product description mentions subwoofer, but specifications only list soundbar dimensions. Subwoofer is likely external and wired to the soundbar if included in a system.)
- **Connectivity Protocol:** Bluetooth
- **UPC:** 680079749712
- **Manufacturer:** Southern Telecom INC
- **Brand Name:** Brookstone
- **ASIN:** B09KDB3L28
- **Speaker Maximum Output Power:** 100 Watts
- **Connectivity Technology:** Auxiliary, Bluetooth
- **Audio Output Mode:** Surround
- **Mounting Type:** Tabletop Mount
