

UPBRIGHT Capello CA-41 Modern Mantle Clock Power

UpBright 5V AC/DC Adapter User Manual

Model: Capello CA-41 Modern Mantle Clock Power

INTRODUCTION

This manual provides essential information for the safe and effective use of your UpBright 5V AC/DC Adapter. This adapter is specifically designed to be compatible with the Capello CA-41 CA41 Modern Mantle Clock, Dual Alarm Digital Clock, LED Display, and Wood Grain Finish models. Please read this manual thoroughly before use and retain it for future reference.

The UpBright adapter ensures a stable 5V DC output at 300mA (0.3A) and features global input voltage compatibility (100-240VAC 50/60Hz). It incorporates essential safety protections including Over Voltage Protection (OVP), Over Current Protection (OCP), and Short Circuit Protection (SCP).

PACKAGE CONTENTS

- Upon opening the package, please verify that all listed items are present and undamaged.
- 1 x UpBright 5V AC/DC Adapter (Note: Some packages may contain 2 adapters as per product listing)

SETUP INSTRUCTIONS

1. **Identify the Device:** Ensure the device you intend to power is the Capello CA-41 CA41 Modern Mantle Clock or another compatible device requiring a 5V DC input with a barrel connector.
2. **Check Power Requirements:** Verify that your device's power input specifications match the adapter's output: 5V DC, 300mA (0.3A). Using an adapter with incorrect voltage or insufficient amperage can damage your device.
3. **Connect the Adapter to Device:** Carefully insert the barrel connector of the UpBright adapter into the DC input port of your Capello clock. Ensure a snug fit.
4. **Plug into Power Outlet:** Insert the two-prong plug of the AC/DC adapter into a standard wall power outlet (100-240VAC, 50/60Hz).
5. **Power On Device:** Once connected, your Capello clock should power on or begin charging, depending on its design.

OPERATING INSTRUCTIONS

The UpBright 5V AC/DC Adapter operates automatically once connected to a power source and a compatible device. It provides a continuous and stable power supply.

- **Continuous Power:** The adapter is designed for continuous operation, providing power to your device as long as it is plugged into a live outlet.
- **Safety Features:** The built-in OVP, OCP, and SCP protections automatically safeguard both the adapter and your connected device from electrical anomalies. If an issue occurs (e.g., short circuit), the adapter may temporarily cease operation to prevent damage.
- **Universal Compatibility:** The adapter's wide input voltage range (100-240VAC) allows it to be used globally with appropriate plug adapters (not included with this product unless specified).

CARE AND MAINTENANCE

Proper care will extend the life of your UpBright AC/DC Adapter.

- **Cleaning:** Disconnect the adapter from the power outlet and the device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage.

- **Handling:** Do not drop, disassemble, or attempt to repair the adapter. Avoid exposing it to water or high humidity.
- **Cable Integrity:** Regularly inspect the power cord and connector for any signs of damage, fraying, or bending. Do not use the adapter if the cable is damaged.

TROUBLESHOOTING

If you encounter issues with your UpBright AC/DC Adapter, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not powering on/charging.	No power from outlet.	Test outlet with another device. Ensure adapter is securely plugged into both the wall and the device. Try the adapter with another compatible device (if available). Inspect cable for visible damage. If damaged, discontinue use. Verify device's power requirements match adapter's specifications.
	Adapter not fully plugged in.	
	Device's power input port is faulty.	
	Adapter cable or connector damaged.	
	Device requires different voltage/ampereage.	
Adapter feels warm during use.	Normal operation.	A slight warmth is normal. If excessively hot, disconnect immediately. Check for short circuits in the device or cable. Ensure device's current draw does not exceed 0.3A.
	Overload or short circuit.	

If the problem persists after trying these solutions, please contact UpBright customer support.

PRODUCT SPECIFICATIONS

Feature	Detail
Brand	UPBRIGHT
Model Number	Capello CA-41 Modern Mantle Clock Power
Input Voltage	100-240VAC, 50/60Hz
Output Voltage	5V DC
Output Current	0.3A (300mA)
Connector Type	Barrel Connector
Compatible Devices	Capello CA-41 CA41 Modern Mantle Clock
Safety Features	OVP (Over Voltage Protection), OCP (Over Current Protection), SCP (Short Circuit Protection)
Item Weight	3 ounces

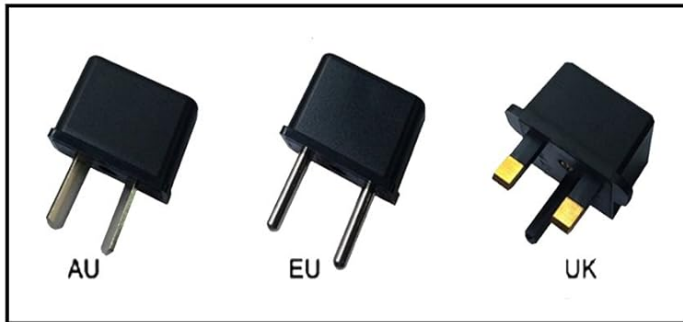

WARRANTY AND SUPPORT

UpBright products are designed for reliability and performance. This product comes with a warranty to ensure your satisfaction.

- **Refund Policy:** UpBright offers a 30-day refund policy.
- **Exchange Policy:** The product is covered by a 24-month exchange policy.

- **Customer Support:** For any questions, technical assistance, or warranty claims, please contact UpBright customer support through the retailer where the product was purchased or visit the official UpBright store page on Amazon: [UPBRIGHT Store](#).
