# STERWINS Electric Hedge Trimmer 500W - 50 cm Blade - Instruction Manual

Model: d021b6f7-a0e6-4584-8f5b-564ce0d0e3a8

## 1. INTRODUCTION

---

This manual provides essential information for the safe and efficient operation, maintenance, and care of your STERWINS 500W Electric Hedge Trimmer. Please read these instructions carefully before using the appliance and keep them for future reference. Proper use ensures optimal performance and extends the life of your tool.

## 2. SAFETY INSTRUCTIONS

---

**WARNING: Read all safety warnings and instructions. Failure to follow the warnings and instructions may result in electric shock, fire, and/or serious injury.**

- **Personal Protective Equipment:** Always wear safety glasses, hearing protection, and heavy-duty gloves when operating the hedge trimmer. Long pants and sturdy footwear are also recommended.
- **Electrical Safety:** Ensure the power supply matches the specifications on the tool. Do not operate in wet conditions or near water. Inspect the power cord for damage before each use.
- **Work Area Safety:** Keep the work area clear of bystanders, children, and pets. Remove any obstacles such as wires, rocks, or debris from the hedge before trimming.
- **Operation:** Hold the hedge trimmer firmly with both hands. Do not overreach. Maintain proper footing and balance at all times. Avoid accidental starting; ensure the switch is off before plugging in.
- **Maintenance:** Disconnect the power supply before cleaning, adjusting, or performing any maintenance. Keep blades sharp and clean for best performance.
- **Blade Safety:** The hedge trimmer features a blade brake and hand protection to reduce injury risk. Always ensure these safety features are functional.

## 3. PRODUCT FEATURES

---

The STERWINS 500W Electric Hedge Trimmer is designed for efficient hedge maintenance. Key features include:

- **Powerful Motor:** A 500W motor provides ample power for trimming small hedges.
- **50 cm Laser-Cut Blade:** The 50 cm blade length, combined with laser-cut technology, ensures a clean and precise cut, facilitating plant trimming.
- **Dual-Action Blades:** Designed to increase cutting efficiency and reduce vibration during operation.
- **Enhanced Safety:** Equipped with safety switches on each handle, the trimmer stops when either handle is released. It also includes a blade brake and hand protection.
- **Ergonomic Design:** A soft, ergonomic handle ensures balanced weight distribution between the blade and handle, reducing strain on arms, shoulders, and back.

## 4. SETUP

---

Before first use, ensure all components are present and undamaged. No complex assembly is typically required for electric hedge trimmers of this type.

1. **Unpacking:** Carefully remove the hedge trimmer and all accessories from the packaging. Retain packaging for storage or transport.
2. **Inspection:** Inspect the tool for any signs of damage. Check the blade, power cord, and handles. Do not use if damaged.
3. **Power Connection:** Connect the hedge trimmer to a suitable power outlet. Ensure the power cord is fully extended and not tangled. Use an outdoor-rated extension cord if necessary, ensuring it is rated for the tool's power requirements.

## 5. OPERATING INSTRUCTIONS

---

Follow these steps for safe and effective hedge trimming:

1. **Preparation:** Clear the area around the hedge. Wear all recommended personal protective equipment.
2. **Starting the Trimmer:** To start the hedge trimmer, you must engage both safety switches simultaneously. This typically involves pressing a button on one handle and squeezing a trigger on the other.
3. **Trimming Technique:** Begin by trimming the sides of the hedge, working from the bottom upwards. This allows cut material to fall away from the untrimmed section. For the top, hold the trimmer at a slight angle to achieve a flat surface.
4. **Cutting Capacity:** The trimmer is designed for cutting branches up to 13mm in diameter. Do not force the blades through thicker branches, as this can damage the tool or cause injury.
5. **Stopping the Trimmer:** Release either safety switch to stop the blades. The blade brake will engage to quickly halt blade movement.
6. **Cord Management:** Always be aware of the power cord's position to avoid cutting it. Keep it behind you

and away from the blades.

## 6. MAINTENANCE

---

Regular maintenance ensures the longevity and safe operation of your hedge trimmer.

- **Cleaning:** After each use, disconnect the power and clean the blades and housing. Remove any sap, leaves, or debris using a stiff brush or cloth.
- **Blade Care:** Keep the blades sharp. Dull blades can tear foliage and strain the motor. Sharpening should be done by a qualified service technician or with appropriate tools and knowledge. Lightly oil the blades after cleaning to prevent rust.
- **Storage:** Store the hedge trimmer in a dry, secure location, out of reach of children. Use the blade cover when storing. The tool can be conveniently hung on a wall.

## 7. TROUBLESHOOTING

---

If you encounter issues with your hedge trimmer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Trimmer does not start	No power supply; Safety switches not engaged; Damaged cord.	Check power connection; Ensure both safety switches are pressed simultaneously; Inspect and replace damaged cord.
Blades cut poorly	Dull blades; Blades clogged with debris.	Sharpen blades; Clean blades thoroughly.
Excessive vibration	Damaged or unbalanced blades; Loose components.	Inspect blades for damage; Tighten any loose screws; Seek professional service if vibration persists.

If the problem persists after attempting these solutions, contact customer support or a qualified service center.

## 8. SPECIFICATIONS

---

- **Model Number:** d021b6f7-a0e6-4584-8f5b-564ce0d0e3a8
- **Power Source:** Corded Electric
- **Motor Power:** 500 W
- **Blade Length:** 50 cm
- **Cutting Capacity:** 13 mm (maximum branch diameter)
- **Blade Material:** Stainless Steel
- **Product Dimensions:** 25 x 98 x 98 cm (approximate)
- **Manufacturer:** ADEO

## 9. WARRANTY AND SUPPORT

---

For warranty information and customer support, please refer to the documentation included with your purchase or visit the official STERWINS website. Keep your proof of purchase for warranty claims.

For technical assistance or spare parts, contact your retailer or an authorized service center.
