### 3. SETUP AND ASSEMBLY

---

Assembly is required for this nightstand set. It is recommended to have a second person assist with assembly for easier handling and stability. Ensure you have a clean, flat surface to work on.

#### Tools Required (Not Included):

- Phillips head screwdriver
- Hammer (for dowels, if applicable)
- Electric drill (optional, but recommended for back panel screws as per user feedback)

#### Assembly Steps:

1. **Unpack and Identify:** Carefully unpack all components from both boxes. Lay out all parts and hardware. Refer to the included parts list (if separate) and ensure all items are accounted for. Hardware is labeled for easy identification.
2. **Assemble the Frame:** Begin by connecting the main side panels to the top and bottom panels using the provided screws and dowels. Ensure all connections are secure and flush.
3. **Install Drawer Slides:** Attach the drawer slides to the inner side panels of the nightstand frame. Pay close attention to the orientation of the slides to ensure smooth drawer operation.
4. **Assemble Drawers:** Construct the drawer boxes by connecting the front, back, and side panels. Insert the drawer bottom panel into the grooves. Attach the remaining drawer slide components to the sides of the assembled drawers.
5. **Attach Handles:** Secure the gold handles to the front of each drawer using the provided screws.
6. **Install Legs:** Attach the metal legs to the bottom of the nightstand frame. Ensure they are firmly tightened to provide stable support.
7. **Insert Drawers:** Carefully slide the assembled drawers onto the installed drawer slides within the nightstand frame. Test for smooth operation.
8. **Secure Back Panel:** Attach the back panel to the rear of the nightstand. While pre-drilled holes may not be present for all screws, ensure the panel is aligned correctly and secured firmly to enhance structural integrity. An electric drill is recommended for this step.
9. **Final Check:** Once assembled, gently move the nightstand to its desired location. Verify that all screws are tightened and the nightstand is stable and level.
