

Ion Total PA Live

Ion Total PA Live Bluetooth Speaker System User Manual

Model: Total PA Live

Brand: Ion

INTRODUCTION

The Ion Total PA Live is a high-power Bluetooth speaker system designed to deliver premium, wide sound for various applications. It features multi-color lights that beat-sync to music, a multi-channel mixer, and versatile connectivity options. This manual provides essential information for setting up, operating, and maintaining your speaker system.

This product is a renewed item, professionally inspected and tested to work and look like new by Amazon-qualified suppliers. It is eligible for replacement or refund under the Amazon Renewed Guarantee if not satisfied with the purchase.

SAFETY INFORMATION

Always read and follow all safety instructions before using this product. Keep this manual for future reference.

- Do not expose the unit to water or excessive moisture.
- Ensure proper ventilation; do not block any ventilation openings.
- Use only attachments/accessories specified by the manufacturer.
- Unplug the unit during lightning storms or when unused for long periods.
- Refer all servicing to qualified service personnel.

PACKAGE CONTENTS

- Total PA Live Speaker Unit
- Microphone
- Speaker Stand
- Power Cable
- User Manual (this document)

SETUP

1. Unpacking

Carefully remove the speaker unit and all accessories from the packaging. Retain the packaging for future storage or transport.

Your browser does not support the video tag.

Video: Unboxing the Ion Total PA Live speaker system, showing the speaker being removed from its protective plastic and the extendable handle being demonstrated.

2. Placement

Place the speaker on a stable, flat surface or mount it on the included speaker stand. For optimal sound dispersion, ensure the speaker is positioned to allow its Sonic Wide Audio feature to project sound effectively to the front, left, and right.

3. Power Connection

Connect the included power cable to the AC input on the rear panel of the speaker and then to a wall outlet. This unit is not battery-powered and requires a constant power source.

4. Microphone Connection

Plug the microphone into one of the XLR input ports on the rear panel. Adjust the corresponding microphone volume knob as needed.

OPERATING INSTRUCTIONS

1. Power On/Off

Locate the power switch on the rear panel of the speaker. Flip the switch to the 'ON' position to power on the unit. Flip to 'OFF' to power down.

2. Bluetooth Pairing

To connect a Bluetooth device, ensure Bluetooth is enabled on your device. The speaker will automatically enter pairing mode when powered on. Select 'Total PA Live' from your device's Bluetooth list. NFC-enabled devices can be linked with a single tap to the NFC area on the speaker.

3. FM Radio

Press the 'Mode' button on the control panel to switch to FM Radio mode. Use the tuning knob or preset buttons to select your desired station.

4. Audio Inputs

The speaker supports various audio inputs including XLR and wireless connections. Use the dedicated volume knobs for each input to adjust levels.

5. Volume and Tone Control

Adjust the main volume using the large control knob. Separate bass and treble controls are available for precise tonal adjustment, allowing you to customize the sound to your preference.

6. Party Starter Mode

Activate the Party Starter Mode to create an instant party atmosphere. The multi-color lights on the speaker will beat-sync to the music, enhancing your audio experience.

8. USB Playback/Charging

The integrated USB port allows for playback of audio files from a USB drive and can also be used to charge compatible devices.

9. ION Sound XP App Control

Download the ION Sound XP app to control audio and lighting settings directly from your smartphone or tablet, offering convenient remote management of your speaker system.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Ion Total PA Live speaker.

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the speaker. Do not use abrasive cleaners, waxes, or solvents.
- **Storage:** When not in use, store the speaker in a cool, dry place, away from direct sunlight and extreme

temperatures.

- **Transport:** Utilize the built-in wheels and extendable handle for easy transport. Ensure all cables are disconnected and the handle is fully retracted before moving.

TROUBLESHOOTING

If you encounter issues with your Ion Total PA Live speaker, refer to the following common problems and solutions:

Problem	Solution
No Power	Ensure the power cable is securely connected to the speaker and a working wall outlet. Check the power switch is in the 'ON' position.
No Sound	Check all volume controls (master, input, device) are turned up. Ensure the correct input source is selected. Verify audio cables are properly connected.
Bluetooth Connection Issues	Ensure the speaker is in Bluetooth pairing mode. Turn off and on your device's Bluetooth. Try forgetting the device on your phone and re-pairing. Move closer to the speaker.
Lights Not Working	Check the 'Lights' button on the control panel or within the ION Sound XP app to ensure the lighting mode is active.
