OPERATING (GAMEPLAY)

Objective

The objective of Monopoly: Marvel Spider-Man Edition is to capture as many Super Villains as possible, build Spider-Tracers and Spider-Bots on your captured locations, and collect rent from other players who land on them, ultimately bankrupting your opponents.

Player Turn Sequence

1. **Roll the Dice:** The player whose turn it is rolls both dice and moves their token clockwise around the board the number of spaces indicated.
2. **Action on Space:** The action taken depends on the space landed on:
 - **Super Villain Space:** If unowned, the player may purchase it. If owned, the player pays rent to the owner.
 - **Daily Bugle Space:** Draw a Daily Bugle card and follow its instructions. These cards often involve scheming against opponents.
 - **Spider-Sense Space:** Draw a Spider-Sense card and follow its instructions. These cards can provide advantages or disadvantages.
 - **Go to Jail:** Move directly to the "In Jail" space.
 - **Go:** Collect Web coins when passing or landing on "Go".
 - **Free Parking:** No action required.
 - **Symbol of Great Responsibility:** Landing on this space allows the player to use their chosen Spider-Hero's unique ability as described on their Spider-Power card.
3. **Building:** After moving and taking action, if a player owns all Super Villain spaces in a color set, they may build Blue Spider-Tracers and then Red Spider-Bots on those spaces to increase rent.

- **Storage:** After each use, carefully return all game components to their designated compartments within the game box. Store the box in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Handle cards and cardboard components with care to prevent bending or tearing.
