## LUE BONA LB21CH0017

# LUE BONA Folding Adirondack Chair Set Instruction Manual

Model: LB21CH0017

## 1. INTRODUCTION

Thank you for choosing the LUE BONA Folding Adirondack Chair Set. This manual provides essential information for the safe assembly, operation, and maintenance of your new outdoor chairs. Please read these instructions carefully before use and retain them for future reference.

This set includes two (2) weather-resistant HDPS Adirondack chairs, designed for comfort and durability in various outdoor environments. Each chair features a convenient folding mechanism for easy storage and transport, along with an integrated cup holder.

## 2. SAFETY INFORMATION

**Important:** Failure to follow these safety guidelines may result in injury or damage to the product.

- Always assemble the product strictly according to the instructions provided in this manual.
- Exercise caution when folding and unfolding the chairs to prevent accidental pinching or tip-overs. Ensure hands and fingers are clear of moving parts.
- Do not use the chairs near open flames, fire pits, or other high heat sources.
- Keep children away from the chairs during assembly and when not in use, especially during folding/unfolding.
- Regularly inspect the chairs for any signs of wear, damage, or loose components. Do not use the chairs if they are damaged.
- Adhere strictly to the maximum weight capacity of 320 pounds (145 kg) per chair to ensure safe use.
- Ensure the chair is placed on a stable, level surface before use to prevent tipping.

## 3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Adirondack Chair Components (for 2 chairs)
- Hardware Pack (screws, bolts, nuts, washers)
- Assembly Tool (e.g., Allen wrench)
- Instruction Manual

## 4. SETUP AND ASSEMBLY

---

Assembly typically requires two people and approximately 20-30 minutes per chair. Follow the numbered steps below.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Identify each component using the parts list (not provided in this text, refer to included diagram).
2. **Attach Backrest to Seat:** Secure the backrest assembly to the seat frame using the specified bolts and nuts. Do not fully tighten hardware until all major components are connected.
3. **Connect Armrests:** Attach the armrests to the seat and backrest. Ensure the armrests are oriented correctly. The cup holder mechanism should be facing outwards.
4. **Install Legs:** Secure the front and rear leg assemblies to the chair frame.
5. **Insert Cup Holder:** The rotatable cup holder can be installed on either side of the chair. Slide it into the designated slot under the armrest and secure it if necessary (refer to specific diagram).

Image: Detail of the rotatable cup holder, designed to be hidden under the armrest when not in use.

6. **Final Tightening:** Once all components are loosely assembled, place the chair on a level surface and gradually tighten all bolts and screws. Do not overtighten.
7. **Test Stability:** Gently rock the chair to ensure it is stable and all connections are secure.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Using the Chair

The LUE BONA Adirondack chair is designed for comfortable outdoor seating. Its iconic tilted seat and curved backrest provide an ergonomic sitting experience (approximately 103-degree elevation angle) to reduce pressure on the lower back and knees.

Image: Illustrates the ergonomic design and dimensions of the chair for comfortable seating.

## 5.2 Folding and Storage

These chairs feature a convenient folding design for easy storage and transport.

1. Ensure no items are on the chair or in the cup holder.
2. Locate the folding mechanism (usually a hinge or latch) on the underside or sides of the chair.
3. Carefully disengage the locking mechanism and fold the chair inward. Support the chair's weight during this process.
4. Once folded, the chair can be stored upright or laid flat to save space.

## FOLDABLE & STORAGE

### 5.3 Using the Cup Holder

The integrated cup holder can be rotated out from under the armrest when needed. It is designed with a double protective mechanism to securely hold various cup sizes and prevent spills.

## 6. MAINTENANCE

---

The LUE BONA Adirondack chairs are constructed from HDPS material, making them highly weather-resistant and easy to maintain.

- **Cleaning:** Clean the chairs regularly with mild soap and water. Use a soft cloth or brush to remove dirt and debris. Rinse thoroughly with clean water and allow to air dry. Avoid harsh chemicals or abrasive cleaners.
- **Weather Resistance:** The HDPS material is UV-protected, sun-resistant, and designed to dry quickly. The clapboard design aids in water drainage, preventing pooling. While highly durable, storing the chairs in a sheltered area during extreme weather conditions or prolonged periods of non-use can extend their lifespan.

Image: Water beading on the chair surface, illustrating its weather-resistant HDPS material.

- **Inspection:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary. Inspect the HDPS material for any signs of cracking or damage.

## 7. TROUBLESHOOTING

If you encounter any issues with your LUE BONA Adirondack Chair Set, please refer to the following common solutions:

- **Chair feels wobbly:** Ensure all assembly hardware is fully tightened. Check that the chair is placed on a flat, stable surface.
- **Difficulty folding/unfolding:** Ensure no obstructions are present in the folding mechanism. Apply a small amount of silicone-based lubricant to hinges if movement is stiff.
- **Cup holder not rotating smoothly:** Check for any debris in the rotation mechanism. Clean and ensure it is free of obstructions.
- **Discoloration or fading:** While UV-protected, prolonged exposure to intense sunlight can still cause minor changes over many years. Regular cleaning and occasional storage in shade can help preserve the color.

If problems persist, please contact LUE BONA customer support.

## 8. SPECIFICATIONS

Feature	Detail
Brand	LUE BONA
Model Name	LB21CH0017
Color	Black
Product Dimensions (Unfolded)	30"D x 32.5"W x 36"H (76.2cm D x 82.55cm W x 91.44cm H)
Material	HDPS (High-Density Polyethylene Synthetic Wood)
Maximum Weight Recommendation	320 Pounds (145 kg)
Item Weight (per chair)	22.5 pounds (10.2 kg)
