1. INTRODUCTION

This manual provides instructions for the Sharper Image SPASTUDIO Waterproof Fogless Shower Mirror with Bluetooth Speaker. This device features heated anti-fog technology, an LED ring light with adjustable brightness, and a wireless Bluetooth speaker for audio streaming. It is designed for use in shower environments and includes a magnetic mount for secure attachment and a countertop base for charging and vanity use.

2. WHAT'S IN THE BOX

- SPASTUDIO Fogless Shower Mirror with Bluetooth Speaker
- Wall Mount
- Countertop Base
- USB-A to USB-C Charging Cable
- Adhesive Hanging Strips

Image: Contents of the Sharper Image SPASTUDIO package, including the mirror, wall mount, countertop base, and charging cable.

3. SETUP

3.1 Charging the Mirror

Before first use, fully charge the mirror. Connect the USB-C cable to the charging port on the mirror and the USB-A end to a compatible power adapter (not included). The mirror can be charged while placed on the countertop base or directly via the port. A full charge typically provides approximately 7 days of use.

3.2 Wall Mount Installation

1. Select a clean, smooth, and dry surface in your shower for mounting.
2. Peel the backing from the adhesive hanging strips on the wall mount.
3. Press the wall mount firmly against the chosen surface for at least 30 seconds to ensure secure adhesion.
4. Allow 24 hours for the adhesive to fully cure before attaching the mirror.
5. Once cured, align the magnetic back of the mirror with the wall mount. The strong magnet will secure the mirror in place.

3.3 Countertop Base Setup

For use outside the shower or for charging, place the mirror onto the countertop base. The mirror will magnetically connect to the base, allowing it to stand upright for vanity use. Ensure the charging pins align if charging is desired.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

Press and hold the power button located on the side of the mirror to turn the device on or off. A sound indicator will confirm the action.

4.2 Anti-Fog Function

To activate the heated anti-fog feature, press the dedicated anti-fog button (often indicated by a snowflake or steam icon). The mirror surface will warm to prevent fogging. This function clears fog in approximately 60 seconds. For best results, activate this feature at the beginning of your shower.

4.3 LED Ring Light

Press the light button (often indicated by a sun icon) to cycle through three different brightness levels for the LED ring light. Pressing it a fourth time will turn the light off.

4.4 Bluetooth Speaker

1. **Pairing:** With the mirror powered on, activate Bluetooth on your mobile device. Search for "SPASTUDIO Mirror" in the list of available devices and select it to pair. A confirmation sound will indicate successful pairing.
2. **Audio Playback:** Once paired, you can stream music, podcasts, or other audio from your device to the mirror's speaker.
3. **Volume Control:** Use the volume buttons on the mirror (or your connected device) to adjust the audio level.
4. **Call Answering:** If a call comes in while your phone is paired, you can answer it directly through the mirror's speaker and microphone.

4.5 Magnetic Mount Adjustment

The mirror's magnetic mount allows for easy adjustment of the mirror's angle. Simply tilt or swivel the mirror to achieve your desired viewing position.

5. MAINTENANCE

- **Cleaning:** Clean the mirror surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the mirror or its components.
- **Battery Care:** To prolong battery life, avoid completely draining the battery frequently. Recharge the mirror when the low battery indicator appears.
- **Storage:** When not in use for extended periods, store the mirror in a cool, dry place.

6. TROUBLESHOOTING

Problem	Solution
Mirror is fogging up.	Ensure the anti-fog function is activated. For optimal results, turn it on at the start of your shower. A splash of water can also temporarily clear the mirror.
No sound from Bluetooth speaker.	Check if the mirror is properly paired with your device. Ensure the volume on both the mirror and your device is turned up. Confirm that no other device is currently connected to the mirror.
LED light is not working.	Ensure the mirror is charged. Press the light button to cycle through brightness levels. If still not working, try turning the mirror off and on again.
Mirror falls from wall mount.	Ensure the wall mount was installed on a clean, dry, smooth surface and allowed to cure for 24 hours. The magnetic connection is strong, but a forceful bump can dislodge it. Re-secure the mount if necessary.
Loud constant beeping.	This typically indicates a low battery. Recharge the mirror fully.

7. SPECIFICATIONS

- **Brand:** Sharper Image
- **Model:** SPASTUDIO
- **Shape:** Round

- **Product Dimensions:** 8.17"L x 8.17"W
- **Material:** Glass
- **Mounting Type:** Wall Mount, Countertop
- **Features:** Adjustable, Fogless, Touch Sensor, Bluetooth Speaker, LED Light
- **Color:** White
- **Item Weight:** 2.64 Pounds

8. SAFETY WARNINGS

WARNING:

- To prevent electrical shock, do not submerge the mirror in water.
- Keep the mirror away from direct water contact beyond normal shower use.
- Always handle the glass mirror with care to avoid breakage.
- To safely attach or detach the magnetic mount, ensure the mirror is dry and secure a firm grip before handling.

9. WARRANTY AND SUPPORT

For warranty information or product support, please refer to the documentation included with your purchase or visit the official Sharper Image website. Keep your proof of purchase for any warranty claims.
