## Saipomor SA-HQ8505-CA

# Saipomor HQ8505 Shaver Charger Cable Instruction Manual

Model: SA-HQ8505-CA

## PRODUCT OVERVIEW

The Saipomor HQ8505 Shaver Charger Cable is a 15V AC adapter power supply designed for charging various Philips Norelco electric shavers, razors, and trimmers. This replacement cord ensures reliable power delivery and is built with safety features to protect your devices.

Figure 1: The Saipomor HQ8505 Shaver Charger Cable, showing the two-prong plug and the shaver connector.

## SAFETY INFORMATION

---

Please read all safety instructions before using the charger. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Do not expose the charger to water or excessive moisture.
- Do not disassemble or modify the charger.
- Use only with compatible Philips Norelco devices as listed in the specifications.
- Unplug the charger from the power outlet when not in use or during electrical storms.
- Keep out of reach of children.

Figure 2: The charger is designed with built-in protections to safeguard your device's battery.

This charger is ETL Listed, FCC, and ROHS Certified, conforming to UL STD. 1310. It includes Over-Voltage Protection, Over-Current Protection, Over-Charge Protection, and Short-Circuit Protection to ensure safe operation.

## SETUP AND INSTALLATION

---

Setting up your Saipomor HQ8505 charger is straightforward:

1. Uncoil the charger cable and ensure it is free of kinks or damage.
2. Locate a standard 100-240V AC power outlet.
3. Insert the two-prong plug of the charger into the power outlet.
4. Locate the charging port on your Philips Norelco shaver or trimmer.
5. Carefully insert the shaver connector end of the charger cable into the charging port of your device.

Figure 3: Illustrates the process of connecting the charger to a Philips Norelco shaver.

## OPERATING INSTRUCTIONS

Once connected, your device should begin charging. Most Philips Norelco shavers have an indicator light that illuminates or changes color to show charging status. Refer to your shaver's original manual for specific charging indicators.

- Ensure the connection is secure at both the power outlet and the shaver.
- Allow sufficient time for your device to fully charge. Charging times vary by device model and battery level.
- The charger is designed for worldwide use with an input voltage range of 100-240V.

## EASY to CARRY for TRAVEL

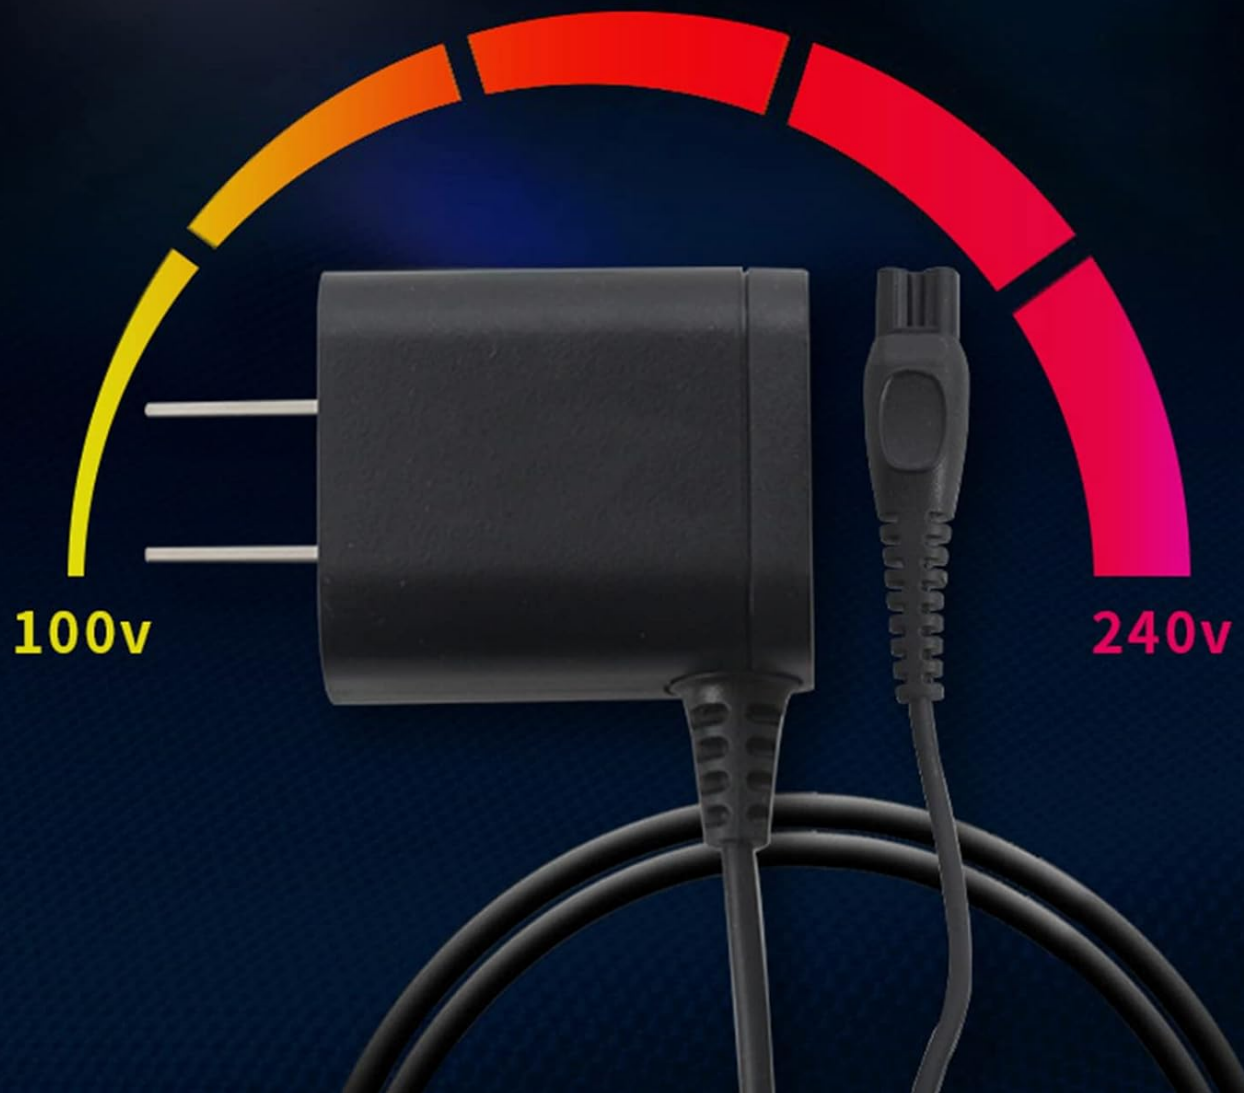

Figure 4: The charger supports a wide voltage range (100V-240V), making it suitable for international travel.

# Wide Range Voltage, Worldwide

Around 100V-240V

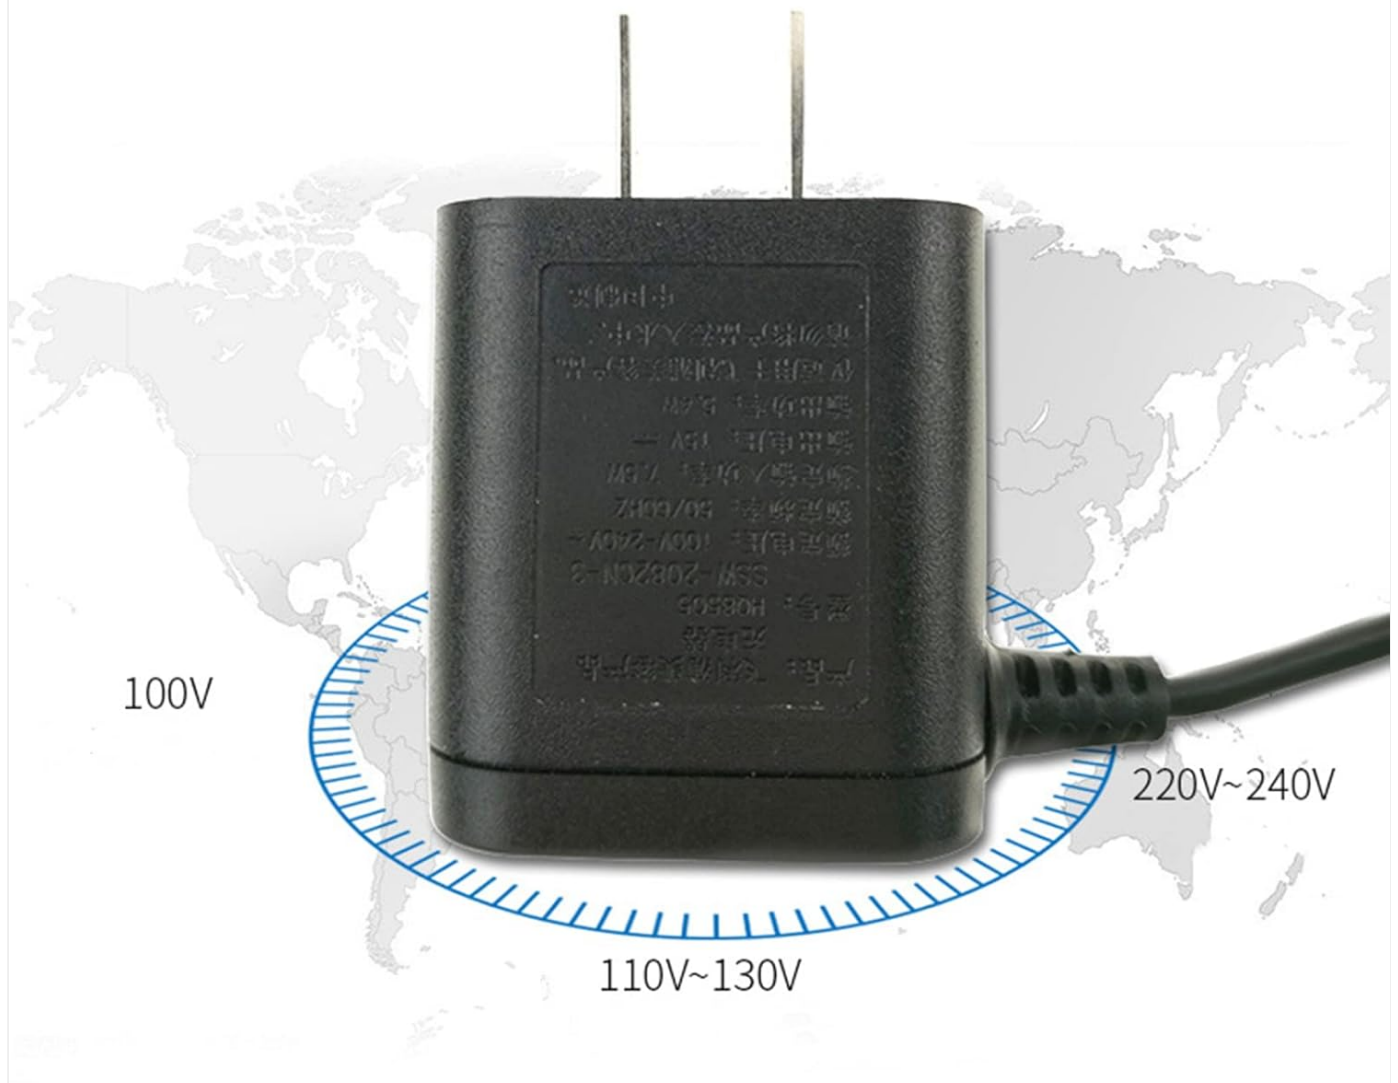

Figure 5: The charger's universal voltage compatibility allows for use in various regions globally.

## MAINTENANCE AND CARE

Proper care will extend the life of your charger:

- **Cleaning:** Disconnect the charger from the power outlet and your device before cleaning. Wipe the charger and cable with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures. Use the included hook-and-loop fastener for neat storage and to prevent tangling.
- **Handling:** Avoid bending the cable sharply or placing heavy objects on it, as this can damage the internal wires.

## TROUBLESHOOTING

If you encounter issues with your charger, try the following solutions:

Problem	Possible Cause	Solution
Device not charging.	Loose connection, faulty outlet, incompatible device.	Ensure charger is securely plugged into both the outlet and the shaver. Try a different power outlet. Verify your device model is listed in the compatibility section.
Charger feels hot.	Normal operation (slight warmth), or overload/fault.	A slight warmth is normal during charging. If it becomes excessively hot or emits smoke/smell, immediately unplug it and discontinue use.
Cable damage.	Physical stress, wear and tear.	Inspect the cable for cuts, fraying, or exposed wires. If damaged, discontinue use and replace the charger.

## SPECIFICATIONS

**Model:** HQ8505

**Input:** 100-240V AC

**Output:** 15V, 0.36A, 5.4W

**Cord Length:** 3.3 FT (approximately 1 meter)

**Shell Size:** 2.1 x 1.3 x 0.9 inches

**Certifications:** ETL Listed, FCC, ROHS, UL STD. 1310

**Color:** Black

### Compatible Models:

This charger is compatible with a wide range of Philips Norelco Aquatec, Arcitec, and Multigroom Electric Shavers, Razors, and Trimmers. Key compatible series include:

- **Series 500/600:** S550, S560, S561, S566, S570, S571, S575, S586, S588, S666
- **Series 1000:** S1310, S1320, S1332, S1560
- **Series 5000:** S5000, S5075, S5077, S5078, S5079, S5080, S5081, S5082, S5090, S5095, S5210, S5211, S5230, S5270, S5271, S5370, S5380, S5390, S5400, S5420, S5570, S5571
- **Series 7000:** S7000, S7300, S7310, S7370, S7700, S7720
- **Series 9000:** S9000, S9031, S9111, S9121, S9151, S9311, S9321, S9511, S9531, S9711, S9721, S9731, S9911
- **HQ Series:** HQ5, HQ6, HQ7, HQ8, HQ9 (e.g., HQ560, HQ6070, HQ7100, HQ8100, HQ9020 and many more specific models)
- **PT Series:** PT7, PT8, PT9 (e.g., PT710, PT860, PT920)
- **RQ Series:** RQ3, RQ10, RQ11, RQ12 (e.g., RQ360, RQ1050, RQ1150, RQ1250)
- **AT Series:** AT Series (e.g., AT610, AT750, AT810)
- **YS Series:** YS523, YS524, YS526, YS527, YS536, YS1106, YS1107
