

HISMILE 10018-CC

Hismile V34 Colour Corrector User Manual

Model: 10018-CC

1. PRODUCT OVERVIEW

The Hismile V34 Colour Corrector is designed to instantly neutralize yellow undertones in teeth, providing a visibly brighter smile. This non-invasive product utilizes color correcting technology to balance warm and cool tones, enhancing the natural white appearance of your teeth without harsh peroxides.

4. OPERATING INSTRUCTIONS

Follow these steps for effective use of your Hismile V34 Colour Corrector:

1. **Preparation:** Ensure your toothbrush is clean and slightly damp.
2. **Application:** Apply 2 pumps of the Hismile V34 Colour Corrector directly onto a soft bristle toothbrush.

Image 2: Dispensing the purple serum onto a toothbrush.

3. **Brushing:** Gently brush your teeth in a circular motion for 30 seconds. Focus on all tooth surfaces.

Image 3: User applying the product by brushing their teeth.

4. **Rinsing:** Expel any excess formula from your mouth. Do not swallow. Rinse your mouth thoroughly with water after use.
5. **Frequency:** This product can be used as a brightening booster in addition to your normal toothpaste. Use as needed or daily to conceal yellow stains.

5. MAINTENANCE

To ensure the longevity and effectiveness of your Hismile V34 Colour Corrector, follow these simple maintenance guidelines:

- Store the product in a cool, dry place away from direct sunlight.
- Ensure the cap is securely closed after each use to prevent drying or contamination.
- Regularly clean your toothbrush to maintain hygiene and optimal product application.

6. TROUBLESHOOTING

If you encounter any issues while using the Hismile V34 Colour Corrector, please refer to the following common scenarios:

- **No visible brightening effect:** Ensure you are brushing for the recommended 30 seconds and covering all tooth surfaces. Consistent use over several days may yield more noticeable results for some individuals.
- **Irritation or discomfort:** Discontinue use immediately. Review the ingredients list for any known allergens. If symptoms persist, consult a dental professional.
- **Product residue on lips/gums:** The product is highly pigmented. If any residue appears on your lips or gums, gently wipe it off with a damp cloth or rinse thoroughly with water immediately after brushing.

For further assistance, please contact Hismile customer support.
