The top surface of the dresser is designed to accommodate a standard changing mat. Always place a suitable changing mat on the designated area. Ensure the mat fits snugly and has protective edges to prevent your baby from rolling off.

- Always keep one hand on your baby while changing to prevent falls.
- Keep all changing supplies (diapers, wipes, creams) within easy reach, but out of your baby's grasp. The side shelves and drawers are ideal for this purpose.

- **Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Retighten as needed, but do not overtighten.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the furniture.
