ZINUS SBBK

ZINUS SmartBase Folding Semi-Double White Metal Bed Frame

Instruction Manual

1. Product Overview

The ZINUS SmartBase bed frame is designed for easy assembly and durability, offering a simple yet robust foundation for your mattress. This folding metal bed frame provides ample under-bed storage space and is engineered for stability and quiet use.

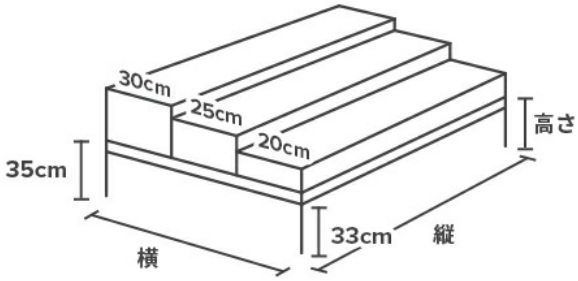

The ZINUS SmartBase Folding Semi-Double White Metal Bed Frame, fully assembled.

SmartBaseベッドフレーム ホワイト

（許容誤差±2cm）

規格	シングル	97 X 195 X 35 (cm)
	セミダブル	122 X 195 X 35 (cm)
	ダブル	140 X 195 X 35 (cm)
	クイーン	160 X 195 X 35 (cm)
素材	フレーム	スチール
	すのこ	スチール
	脚	スチール、ウレタン樹脂

The bed frame provides 32.5 cm of under-bed storage space, ideal for organizing your belongings.

2. Safety Warnings

- Always use a mattress that is at least 15 cm thick to ensure proper support and longevity of the bed frame.
- Do not jump on the bed frame. Concentrated weight in one area can cause damage.
- Assembly should be performed by two or more adults.
- During assembly, ensure sufficient space and protect the floor with a mat or similar material.
- This product is intended for household furniture use. Do not use it for purposes other than its original intent to prevent accidents or injuries.
- Do not overtighten all screws before assembly is complete. Overtightening prematurely may make disassembly difficult if an error occurs.

3. Package Contents

Please check that all parts are present before beginning assembly. Refer to the assembly video for visual guidance on components.

Components:

- Main Frame Sections (Foldable)
- Support Bars
- Slats (Steel)
- Legs with Protective Caps

Hardware & Tools:

- M8*12mm Screws
- M8*30mm Screws
- M8*40mm Screws
- M8*55mm Screws
- M8 Nuts
- 5mm Allen Wrench
- M8 Wrench

4. Setup and Assembly Instructions

The ZINUS SmartBase bed frame is designed for tool-free assembly, typically taking 10-20 minutes with two adults. Follow these steps or watch the assembly video for detailed guidance.

Assembly Video:

Official Z-HOM Bed Frame Installation Video. This video demonstrates the step-by-step assembly process for the bed frame.

Step-by-Step Guide:

1. **Unfold the Frame:** Carefully unfold the main frame sections. The frame is designed to fold out easily.
2. **Connect Frame Sections:** Align the connecting points of the frame sections. Secure them using the provided screws and nuts. Ensure all connections are firm but do not fully tighten until all parts are in place.
3. **Install Support Bars:** Attach the central support bars to the designated slots on the frame.
4. **Place Slats:** Lay the steel slats across the frame. These slats provide robust support for your mattress.
5. **Final Tightening:** Once all components are correctly positioned, fully tighten all screws and nuts using the provided tools.
6. **Attach Protective Caps:** Ensure the protective caps are securely fitted to the bottom of the legs to prevent floor scratches and enhance stability.

The bed frame features a foldable design for easy storage when not in use.

High-strength, lightweight steel slats provide excellent ventilation and durability.

Protective caps on the legs enhance quietness and stability, while also protecting your floor.

5. Operating Instructions

Once assembled, place your mattress directly on the steel slats. Ensure your mattress is at least 15 cm thick to provide adequate support and prevent damage to the bed frame. The bed frame is designed to support an average body weight up to 150 kg.

6. Maintenance

To maintain your ZINUS SmartBase bed frame, simply wipe it with a dry cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the powder-coated finish. Regularly check all screws and connections to ensure they remain tight for optimal stability and safety.

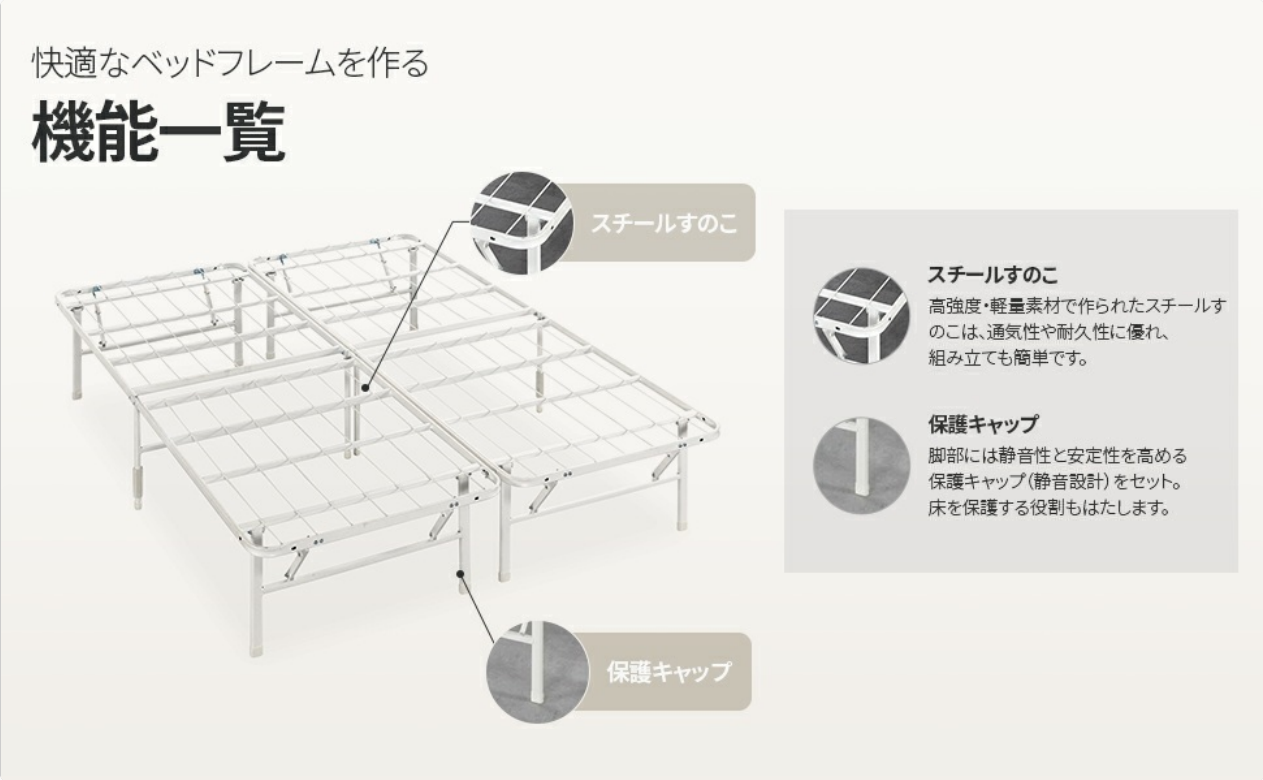

7. Troubleshooting

- **Swaying or Instability:** If the bed frame feels unstable or sways, recheck all connections and ensure all screws are fully tightened. Sometimes, parts may not align perfectly during initial assembly; loosening and re-tightening can help.
- **Noise:** If the frame makes noise, ensure all connections are tight. The protective caps on the legs are designed for quietness; verify they are properly seated.
- **Difficulty Assembling:** If you encounter difficulty with parts fitting, ensure you are following the steps in the correct order and that you have the correct parts for each step. Some screws may be pre-attached to the frame; check for these before searching for loose parts.

8. Specifications

Feature	Detail
Color	White
Size	Semi-Double
Manufacturer	ZINUS
Included Accessories	Bed frame body
Material	Steel
Product Weight	13.69 kg
Care Instructions	Dry wipe
