FIILPOW PR800

FIILPOW Cordless Robotic Pool Cleaner User Manual

Model: PR800 | Brand: FIILPOW

PRODUCT OVERVIEW

The FIILPOW Cordless Robotic Pool Cleaner is designed for efficient and convenient cleaning of above-ground pools up to 800 sq.ft. Its cordless design eliminates the hassle of tangled wires, offering a safe and user-friendly experience. Featuring intelligent auto-docking and powerful suction, this robotic vacuum ensures a thorough clean with minimal effort.

PACKAGE CONTENTS

Before beginning, please verify that all components are present in the package:

- 1x Robotic Cleaner Unit
- 1x Bottom Brush
- 2x Swing Plates
- 1x User Manual
- 1x Tow Rope
- 1x Floating Handle
- 1x Adapter Charger

1×Robotic cleaner

10.6"
14.2"
15.7"

1×Bottom brush

2×Swing plate

1×User manual

1×Tow rope

1×Floating handle

1×Adapter charger

Image: All components included with the FIILPOW Robotic Pool Cleaner, including the main unit, brush, swing plates, user manual, tow rope, floating handle, and adapter charger.

SETUP INSTRUCTIONS

Follow these steps for the initial setup of your robotic pool cleaner:

1. **Assembly:** Attach the bottom brush and swing plates to the robotic cleaner as indicated in the included user

manual. Ensure all parts are securely fastened.

2. **Initial Charge:** Before first use, fully charge the robotic cleaner. Connect the adapter charger to the unit and plug it into a power outlet. The charging time is approximately 5 hours. The charging indicator light on the charger will change color when charging is complete.

3. **Placement:** Once fully charged, place the cleaner gently into the pool. Ensure it sinks to the bottom.

OPERATING INSTRUCTIONS

Operating your FIILPOW robotic pool cleaner is simple:

1. **Start Cleaning:** Turn the knob on the cleaner to the 'ON' position. Gently lower the cleaner into the pool until it rests on the bottom. The cleaner will begin its cleaning cycle automatically.

2. **Automatic Cleaning:** The cleaner will navigate the pool floor, utilizing its suction doors and bottom brush to collect leaves, dirt, and sand. It is equipped with a 1805m fine filter for effective debris capture. The cleaner can operate for up to 90 minutes on a full charge.

3. **Intelligent Auto-Docking:** When the cleaning cycle is complete or the battery level is low, the cleaner will automatically move to the side of the pool for easy retrieval.

4. **Retrieval:** Use the floating handle to pull the cleaner out of the pool.
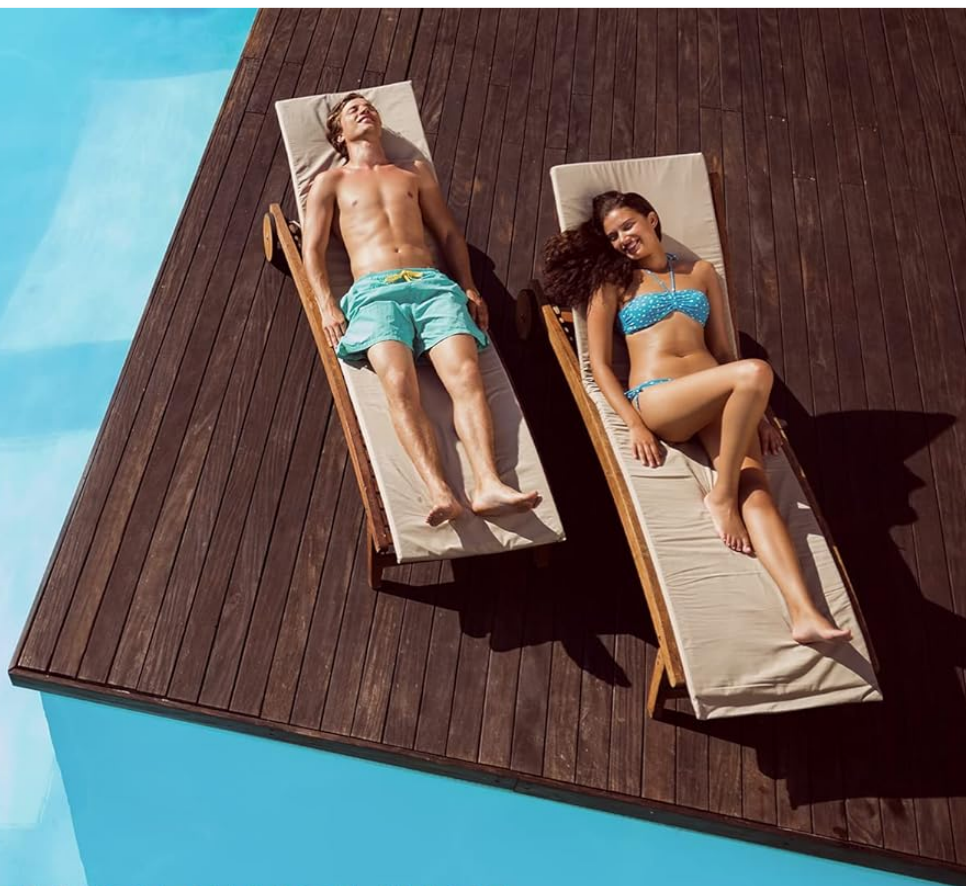

NO CABLE! NO TANGLING!

Clean your pool with ease

Messy hoses and attachments

Cluttered cords

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your cleaner:

1. **Filter Cleaning:** After each use, remove the filter tray and chassis. Rinse them thoroughly with water to remove collected dirt and debris. Ensure the filter is completely clean before reassembling.

2. **Storage:** Store the cleaner in a cool, dry place away from direct sunlight when not in use. Ensure the unit is dry before storage.

3. **Battery Care:** For prolonged periods of non-use, it is recommended to charge the battery periodically (e.g., once every 3 months) to maintain battery health.

TROUBLESHOOTING

If you encounter issues with your FIILPOW robotic pool cleaner, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cleaner does not start	Low battery; Power switch off; Obstruction	Charge the cleaner fully; Ensure power switch is ON; Check for and remove any debris blocking movement.
Cleaner stops prematurely	Low battery; Filter clogged; Overheating	Recharge the cleaner; Clean the filter tray; Allow unit to cool down before restarting.
Poor cleaning performance	Filter clogged; Suction doors blocked; Worn brush	Clean the filter thoroughly; Clear any obstructions from suction doors; Inspect and replace the bottom brush if worn.
Cleaner does not auto-dock	Battery completely depleted; Obstruction at pool edge	Manually retrieve and charge; Clear pool edge of obstacles.

SPECIFICATIONS

| Feature	Detail
Model Name	PR800
Power Source	DC
Special Feature	Cordless
Engine Type	Electric
Control Method	Remote (implied by product type, but manual operation is primary)
Load Capacity	1.5 Pounds
Lithium Battery Energy Content	5.4E+6 Milliampere Hour (mAh)
Charging Time	5 Hours
Running Time	Up to 90 minutes
Max Pool Area	800 sq.ft
Filter Fineness	1805m
Product Dimensions	15.7"L x 14.2"W x 10.6"H
Item Weight	15.32 pounds

Feature	Detail
Material	Fiberglass
Color	Green
UPC	766382620730

WARRANTY AND SUPPORT

The FIILPOW Cordless Robotic Pool Cleaner comes with a Limited Warranty. For specific warranty terms and conditions, please refer to the official documentation provided with your purchase.
