1.3 App Download and Device Pairing

Download the "Lockin Home" app from the Google Play Store or Apple App Store. Alternatively, scan the QR code provided in the user manual. Ensure your smartphone's Bluetooth is enabled. Open the app, create an account, and follow the on-screen instructions to add your Lockin Smart Lock Box L1. The app will guide you through the pairing process. The lockbox will beep upon successful pairing.

2. OPERATING INSTRUCTIONS

2.1 Unlocking via Bluetooth App

Ensure your smartphone's Bluetooth is on and you are within range of the lock box. Open the Lockin Home app, select your Lockbox L1, and tap and hold the unlock icon on the screen. The lock box will unlock, indicated by a green light. It will re-lock automatically after approximately 5 seconds.

2.3 Setting Up Passwords (Online and Offline)

The Lockin Home app allows you to create various types of passwords:

- **Online Passwords:** These require a Bluetooth connection to the lockbox for initial setup and management.
- **One-Time Passwords:** Can be used only once before expiring. Ideal for single-use access.
- **Recurring Passwords:** Can be set for multiple uses within a specified timeframe (e.g., for weekly cleaners or short-term rentals).
- **Offline Passwords:** Generated by the app and can be used without a Bluetooth connection.
- **Temporary Offline Passwords:** Use this password at least one time within 24 hours after the password takes effect.

Access these options within the app's "Settings" and "Guest Passwords" sections. You can also share access to the lockbox with other app users.

3. INSTALLATION

The Lockin Smart Lock Box L1 offers versatile installation options: wall-mounted or door-hanging.

3.1 Wall-Mounted Installation

Use the provided anchoring screws and wall anchors to securely mount the lock box to a suitable outdoor wall. Ensure the surface is stable and can support the device.

Image: The Lockin Smart Lock Box L1 securely mounted on a wall.

3.2 Door-Hanging Installation

Attach the removable shackle to the lock box. Hang the device securely over a door knob or handle. This option provides portability and ease of relocation.

4. MAINTENANCE

4.1 Battery Replacement

Monitor the battery level via the Lockin Home app. When the battery is low, replace both AA batteries to ensure continuous operation. Always ensure the battery compartment is sealed tightly after replacement to maintain water resistance.

4.2 Emergency Power Supply

In case of complete battery depletion, the lock box supports an emergency power supply via its USB-C port. Connect a USB-C cable to an external power source to temporarily power the device and gain access.

4.3 Cleaning and Care

Clean the exterior of the lock box with a soft, damp cloth. Avoid using abrasive cleaners or solvents. Ensure the device is not exposed to extreme temperatures or prolonged direct sunlight to maintain its durability and functionality.

5. TROUBLESHOOTING

- **Lock Box Not Working:**

    - **Check the battery:** Ensure the battery is sufficiently charged. If low, replace it with new AA batteries, ensuring proper installation and contact.
    - **Check mechanical parts:** Inspect for foreign objects or damage. Ensure the lock cylinder and keypad are not worn or deformed.

- **Check environmental factors:** Confirm the lock box has not been affected by extreme temperatures, humidity, or other environmental factors.

- **App Connection Issues:**

  - **Check Bluetooth:** Ensure your mobile phone's Bluetooth is enabled and you are within close proximity to the lock box.
  - **Check network connection (with WiFi Gateway):** If using a WiFi gateway (purchased separately), ensure the gateway is connected to the network and shorten the distance between the gateway and lock box to within 10 meters.

- **Keypad Unresponsive:**

  - Ensure the keypad is clean and free from debris.
  - Verify the entered code is correct.

6. SPECIFICATIONS

Feature	Detail
Brand	Lockin
Model Name	Lockin Smart Lock Box L1
Special Feature	Auto-Lock
Lock Type	Electronic
Material	Metal (SPCC)
Color	Black
Item Dimensions (L x W x H)	5.55 x 3.11 x 1.81 inches
Item Weight	2.2 pounds (approx. 1 Kilogram)
Control Method	App
Connectivity Protocol	Bluetooth
