1. SAFETY INFORMATION

Please read and understand all safety warnings and instructions before assembling, operating, or servicing this fire pit table. Failure to follow these instructions could result in property damage, bodily injury, or death.

- **Outdoor Use Only:** This appliance is for outdoor use only. Do not use indoors or in an enclosed area.
- **Clearance:** Maintain proper clearance from combustible materials. Minimum clearances: 24 inches from sides and rear, 72 inches from top.
- **Propane Gas Only:** Use only liquid propane (LP) gas. Do not use natural gas.
- **Leak Testing:** Always perform a leak test on all gas connections before initial use and after any tank change.
- **Children and Pets:** Keep children and pets away from the fire pit table at all times.
- **Hot Surfaces:** The fire pit table will be hot during and after use. Do not touch hot surfaces until they have cooled completely.
- **CSA Certified:** This product is CSA certified, ensuring it meets applicable safety standards.
- **Ventilation:** Ensure adequate ventilation around the propane tank enclosure.
- **Never Leave Unattended:** Do not leave the fire pit table unattended while in operation.

2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, do not attempt to assemble or operate the fire pit table. Contact DORTALA customer service for assistance.

- 1 x Outdoor Fire Table
- 1 x Fire Glass

- 1 x AAA Battery (for igniter)
- 1 x Instruction Manual (this document)

3. SETUP & ASSEMBLY

Assembly of the DORTALA Gas Fire Pit Table is designed to be straightforward. Follow these steps carefully.

3.1 Unpacking and Initial Inspection

1. Carefully remove all components from the packaging.
2. Inspect all parts for any damage. Report any damage to DORTALA customer service before proceeding.
3. Ensure all listed package contents are present.

3.2 Propane Tank Installation

The fire pit table is designed to accommodate a standard 20-pound propane gas cylinder (not included).

1. Locate the access door on the side of the fire pit table. This door features a handle and a magnetic catch for easy opening.
2. Open the access door.
3. Carefully place the 20-pound propane tank into the designated compartment.
4. Secure the propane tank using the built-in fixing hoop to prevent it from tilting or moving during use.
5. Connect the regulator hose from the fire pit table to the propane tank valve. Hand-tighten securely.
6. Close the access door, ensuring the magnetic catch engages.

Image 3.1: Illustration of the DORTALA fire pit table's dimensions and the internal compartment for a 20 lbs propane gas cylinder, showing the access door open.

3.3 Fire Glass Placement

1. Distribute the provided fire glass evenly over the burner pan. Do not overfill or block the igniter electrode.

3.4 Positioning the Fire Pit Table

Place the fire pit table on a stable, level, non-combustible surface. Ensure adjustable non-slip foot pads are properly set to stabilize the unit on uneven grounds.

Image 3.2: Detailed view of the DORTALA fire pit table, pointing out key design elements including the adjustable non-slip foot pad for stability.

4. OPERATING INSTRUCTIONS

Follow these steps to safely ignite and operate your DORTALA Gas Fire Pit Table.

4.1 Before Lighting

1. Ensure the control knob is in the "OFF" position.
2. Open the valve on the propane tank slowly.
3. Perform a leak test on all gas connections using a soapy water solution. Bubbles indicate a leak. If a leak is detected, turn off the propane tank valve immediately and do not operate the fire pit table. Contact DORTALA customer service.

4.2 Lighting the Fire Pit

1. Push and hold the rotatable control knob in, then slowly turn it to the "LOW" position.
2. While holding the control knob in, press the igniter button repeatedly until the burner ignites.
3. Once ignited, continue to hold the control knob in for 15-20 seconds to allow the thermocouple to heat up and engage the safety valve.
4. Release the control knob. If the flame extinguishes, repeat steps 1-3.

4.3 Adjusting the Flame

Once lit, rotate the control knob to adjust the flame height from "LOW" to "HIGH" as desired.

4.4 Shutting Down the Fire Pit

1. Turn the control knob to the "OFF" position.
2. Close the valve on the propane tank completely.
3. Allow the fire pit table to cool down completely before covering or moving.

5. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your fire pit table.

5.1 Cleaning

- Ensure the fire pit table is completely cool before cleaning.
- Wipe exterior surfaces with a soft, damp cloth. Do not use abrasive cleaners or harsh chemicals.
- Clean the burner and fire glass periodically to remove debris.

5.2 Storage

- When not in use, especially during inclement weather or extended periods, cover the fire pit table with the provided lid or a suitable weather-resistant cover.
- Store the propane tank in a well-ventilated area, away from direct sunlight and heat sources.

5.3 Inspections

- Regularly inspect the hose and connections for signs of wear, cuts, or leaks. Replace damaged components immediately.
- Check the burner ports for any obstructions.

6. TROUBLESHOOTING

Refer to this section for common issues and their solutions.

Problem	Possible Cause	Solution
Burner does not ignite	No gas flow; Igniter not sparking; Air in gas line; Low propane tank.	Ensure propane tank valve is open; Check igniter battery (AAA); Purge air by repeating ignition steps; Replace or refill propane tank.
Low flame or inconsistent flame	Low propane level; Regulator issue; Obstruction in burner ports.	Check propane tank level; Ensure regulator is fully connected; Clean burner ports.
Flame goes out after releasing control knob	Thermocouple not heated sufficiently or faulty.	Hold control knob in for a longer duration (15-20 seconds) after ignition; Contact support if issue persists.
Gas odor detected	Gas leak.	Immediately turn off propane tank valve. Perform a leak test. Do not operate if leak is present. Contact DORTALA customer service.

7. SPECIFICATIONS

Feature	Detail
---------	--------

Feature	Detail
Model	B09LQDRKDV
Brand	DORTALA
Overall Dimensions (L x W x H)	25" x 25" x 25" (63.5 cm x 63.5 cm x 63.5 cm)
Fire Bowl Size (L x W)	13.5" x 13.5" (34.3 cm x 34.3 cm)
Net Weight	36 lbs (16.3 kg)
Heat Output	40,000 BTU
Fuel Type	Liquefied Petroleum Gas (Propane)
Material	Steel, Stainless Steel, Fabric
Color	Black + Natural
Certification	CSA Certified
