Eureka Forbes Dr. Aeroguard PRO 1000

Eureka Forbes Aeroguard PRO 1000 Air Purifier User Manual

Model: Dr. Aeroguard PRO 1000

Brand: Eureka Forbes

1. INTRODUCTION

This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your Eureka Forbes Aeroguard PRO 1000 Air Purifier. Please read it thoroughly before using the appliance and retain it for future reference.

Figure 1: Eureka Forbes Aeroguard PRO 1000 Air Purifier. This image shows the sleek, white and silver design of the air purifier from an angled perspective, highlighting its control panel and air vents.

2. KEY FEATURES

The Eureka Forbes Aeroguard PRO 1000 Air Purifier incorporates advanced technologies for comprehensive air purification:

- **UV-C Technology:** Designed to eliminate 99.99% of viruses and bacteria present in the air.
- **Professional HEPA 13 Filter:** Captures up to 99.97% of micro-particles, including PM 2.5, PM 10, fine dust,

pollen, and mold spores.

- **High CADR:** A Clean Air Delivery Rate (CADR) of 419 m³/hr, suitable for covering areas up to 1200 sq. ft.
- **6 Stages of Purification:** Utilizes a multi-layered filtration system for thorough air cleaning.
- **PM 2.5 Digital Display:** Provides real-time monitoring of particulate matter levels.
- **Multi-Colored Air Quality Indicator:** Visually represents air quality status with three distinct colors.
- **Wi-Fi Connectivity:** Allows for remote control and monitoring.
- **Multiple Operating Modes:** Includes Ultra silent sleep mode, Auto mode, Maxx mode, Sound sensor mode, Timer mode (30/60/120 mins), and Child lock mode.

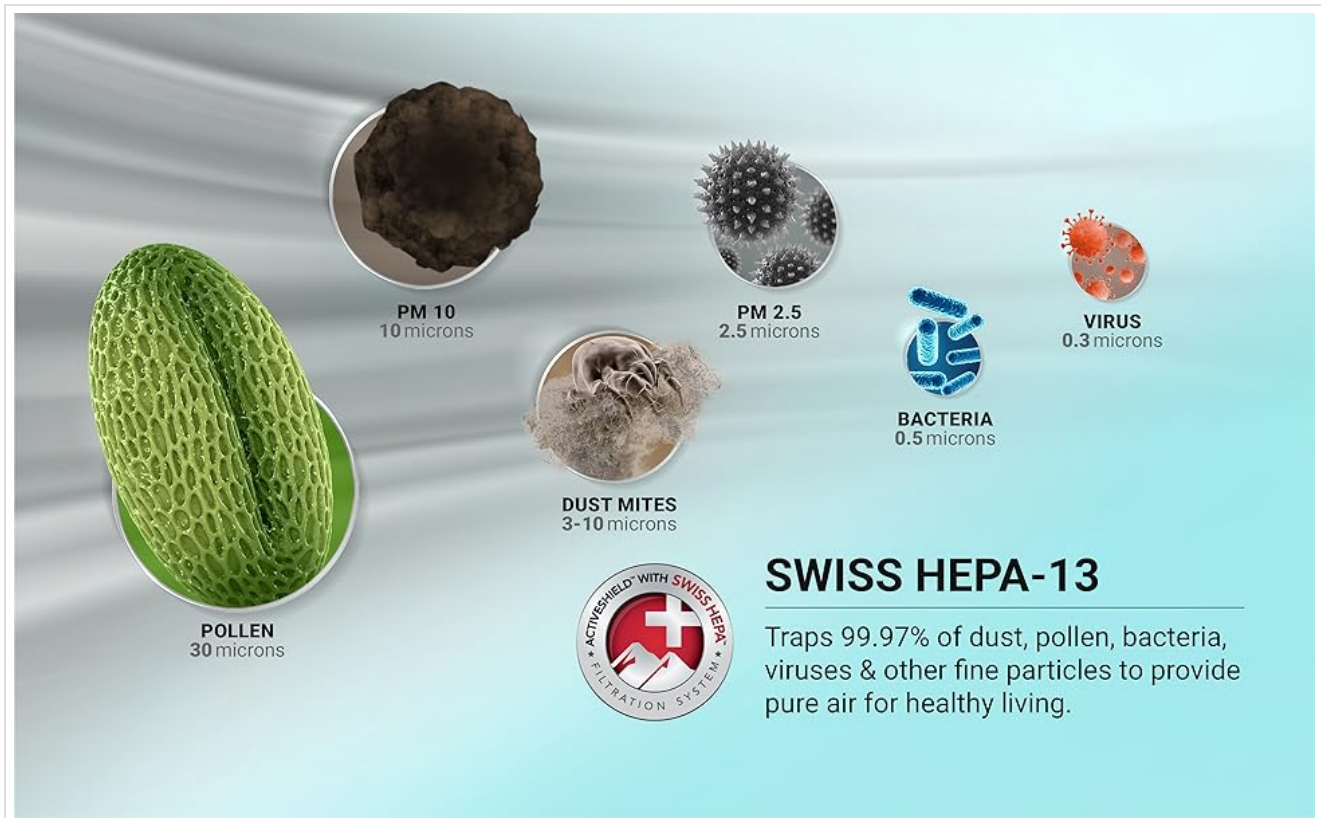

Figure 2: UV-C Technology. This diagram illustrates how the UV-C light within the air purifier works to neutralize airborne viruses and bacteria, showing glowing blue light inside the unit.

3. SETUP

1. **Unpacking:** Carefully remove the air purifier from its packaging. Retain all packaging materials for potential future transport or service.
2. **Filter Installation:**
 - Open the filter compartment cover, typically located on the back or side of the unit.
 - Remove all filters from their protective plastic packaging.
 - Insert the filters in the correct order as indicated by markings inside the unit or in the quick start guide. The typical order for the 6-stage filtration is Pre-Filter, SWISS HEPA (H-13), Activated Carbon Filter, NANOPURE with 360° UV C Germicidal Technology, Photocatalyst TiO₂ Technology, and Patented Duotron Technology (Ionizer).
 - Securely close the filter compartment cover.
3. **Placement:** Place the air purifier on a flat, stable surface. Ensure there is adequate space (at least 20 cm) around the air inlets and outlets for optimal air circulation. Avoid placing it near heat sources, direct sunlight, or in areas with high humidity.

4. **Power Connection:** Plug the power cord into a suitable electrical outlet.
5. **Initial Power On:** Press the power button to turn on the unit. The air purifier will typically perform an initial air quality scan.

Figure 3: 6-Stage Air Purification Process. This diagram illustrates the layers of filtration within the Aeroguard PRO 1000, showing air passing through an Anti-dust Filter, Medical Grade HEPA-13, Activated Carbon Filter, TiO₂ Filter, UV-C Technology, and Patented DuoTron Technology (Ioniser).

4. OPERATING INSTRUCTIONS

The control panel on your Aeroguard PRO 1000 allows you to manage various settings and modes.

4.1 Control Panel Overview

Refer to the product's physical control panel for specific button layouts. Common controls include Power, Mode Selection, Fan Speed, Timer, and Child Lock.

4.2 Operating Modes

- **Auto Mode:** The air purifier automatically adjusts fan speed based on detected air quality.
- **Maxx Mode:** Operates at the highest fan speed for rapid air purification.
- **Ultra Silent Sleep Mode:** Reduces fan speed and dims display lights for quiet operation during sleep.
- **Sound Sensor Mode:** Adjusts operation based on ambient noise levels.
- **Timer Mode:** Set the operating duration for 30, 60, or 120 minutes. The unit will turn off automatically after the set time.
- **Child Lock Mode:** Disables the control panel buttons to prevent accidental changes by children. Activate by pressing and holding the designated button for a few seconds.

4.3 Air Quality Indicator

The multi-colored indicator provides a quick visual reference of the current air quality:

- **Green:** Good air quality.
- **Yellow/Orange:** Moderate air quality.
- **Red:** Poor air quality.

4.4 Wi-Fi Connectivity

For detailed instructions on connecting your air purifier to Wi-Fi and using the companion app, please refer to the separate Wi-Fi setup guide or the manufacturer's website. This feature allows for remote control and monitoring of your unit.

5. MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your air purifier.

5.1 Filter Replacement

The air purifier is equipped with a filter replacement reminder. Replace filters when indicated by the unit or approximately every 6-12 months, depending on usage and air quality. Always use genuine Eureka Forbes replacement filters.

1. Turn off and unplug the air purifier.
2. Open the filter compartment cover.
3. Remove the old filters. Dispose of them according to local regulations.
4. Install new filters, ensuring they are unwrapped and placed in the correct order.
5. Close the filter compartment cover.
6. Plug in and power on the unit. Reset the filter replacement indicator if necessary (refer to the control panel section for specific instructions).

5.2 Cleaning the Unit

- **Exterior:** Wipe the exterior surfaces with a soft, dry cloth. Do not use abrasive cleaners, solvents, or harsh chemicals.
- **Air Inlets/Outlets:** Periodically clean the air inlets and outlets with a soft brush or vacuum cleaner attachment to remove dust accumulation.
- **Pre-Filter:** The pre-filter can often be gently cleaned with a vacuum cleaner to remove larger dust particles, extending its life. Do not wash the HEPA or Activated Carbon filters.

6. TROUBLESHOOTING

If you encounter issues with your air purifier, consult the table below before contacting customer support.

Problem	Possible Cause	Solution
Unit does not turn on.	No power supply; Power cord not properly connected.	Check if the power cord is securely plugged into the outlet and the unit. Ensure the power outlet is functional.
Airflow is weak or purification is ineffective.	Filters are clogged or need replacement; Air inlets/outlets are blocked.	Check and replace filters if necessary. Ensure no obstructions are blocking air vents.
Unusual noise from the unit.	Foreign object inside; Unit not on a stable surface; Fan issue.	Turn off and unplug the unit. Carefully check for any foreign objects. Ensure the unit is on a flat, stable surface. If noise persists, contact customer support.
Air quality indicator always shows poor quality.	High pollution levels in the environment; Sensor is dirty.	Allow the unit to run for an extended period. Clean the air quality sensor (refer to maintenance section for location).

7. SPECIFICATIONS

Feature	Detail
Model Number	Dr. Aeroguard PRO 1000
Brand	Eureka Forbes
Colour	White
Floor Area Coverage	1200 Square Feet

Feature	Detail
CADR	419 m ³ /hr
Noise Level	60 Decibels
Particle Retention Size	0.3 Micrometer
Controller Type	Touch Control
Wattage	60 Watts
Item Weight	6 kg
Item Dimensions (LxWxH)	5.4 x 2.3 x 4.5 Centimeters
Certifications	CE Certified, RoHS Certified
Included Components	Air Purifier, Filters, User manual

8. WARRANTY AND SUPPORT

8.1 Warranty Information

This product comes with a **1 Year Warranty** from the date of purchase. Please retain your purchase receipt as proof of warranty. The warranty covers manufacturing defects and malfunctions under normal use. It does not cover damage caused by misuse, accidents, unauthorized repairs, or consumable parts like filters.

For detailed warranty terms and conditions, please refer to the warranty card included with your product or visit the official Eureka Forbes website.

8.2 Customer Support

For any queries, technical assistance, or service requests, please contact Eureka Forbes customer support:

- **Customer Service Number:** 18602661177
- **Manufacturer:** Eureka Forbes Ltd.
- **Address:** B1/B2, 701, 7th Floor, Marathon Innova Marathon NextGen, Off Ganpatrao Kadam Marg Lower Parel, Mumbai - 400 013, India
- **Website:** www.eurekaforbes.com (Please check the official website for the most current contact information and support resources.)
