EZVIZ C6N

EZVIZ C6N Indoor Security Camera User Manual

Model: C6N | Brand: EZVIZ

Introduction

Thank you for choosing the EZVIZ C6N Indoor Security Camera. This manual provides detailed instructions for setting up, operating, and maintaining your device. Please read this manual carefully before use and keep it for future reference. The EZVIZ C6N offers Full HD video, 360-degree pan and tilt functionality, advanced night vision, automatic motion tracking, and two-way audio communication, making it ideal for monitoring your home, pets, or children.

Product Features

- **Full HD Video Quality:** Captures clear 1080p video, ensuring you don't miss any details.
- **360° Pan & Tilt:** Provides comprehensive coverage of your room with horizontal 340° and vertical 55° rotation.
- **Smart Night Vision:** Automatically switches to infrared mode in low light, offering clear black-and-white images up to 10 meters.
- **Auto-Tracking:** Detects and tracks moving objects, keeping them in view.
- **Motion Detection & Alerts:** Sends instant notifications to your smartphone upon detecting movement.
- **Two-Way Talk:** Built-in microphone and speaker allow for real-time communication.
- **Privacy Mode:** Temporarily disables recording and monitoring for privacy.
- **Flexible Storage:** Supports local storage via microSD card (up to 256GB, sold separately) and optional cloud storage.
- **Smart Home Integration:** Compatible with Alexa and Google Assistant.

Package Contents

Please check the package for the following items:

- EZVIZ C6N Camera Unit
- Power Adapter
- Mounting Plate
- Screw Kit

- Drill Template
- Quick Start Guide

Setup Guide

1. Download the EZVIZ App

Search for "EZVIZ" in the App Store (iOS) or Google Play (Android) and download the official app.
Download EZVIZ App

2. Create an EZVIZ Account

Open the EZVIZ app and follow the on-screen instructions to create a new account or log in if you already have one.

3. Power On the Camera

Connect the power adapter to the camera and plug it into a power outlet. The camera will power on and the indicator light will flash blue.

4. Add Camera to the App

1. In the EZVIZ app, tap the "+" icon on the top right corner to add a device.
2. Scan the QR code located on the bottom of the camera or on the quick start guide.
3. Follow the in-app prompts to connect the camera to your 2.4 GHz Wi-Fi network. Ensure your Wi-Fi password is correct.
4. Once connected, the indicator light will turn solid blue.

5. Install MicroSD Card (Optional)

To enable local video storage, insert a microSD card (up to 256GB, Class 10 or higher recommended) into the card slot. The slot is usually located by gently pushing the camera lens upwards to reveal it.

6. Mounting the Camera

The C6N camera can be placed on a flat surface or mounted to a wall or ceiling.

1. **Desktop Placement:** Simply place the camera on a stable, flat surface.

2. **Wall/Ceiling Mount:**
    - Use the provided drill template to mark screw holes.
    - Drill pilot holes and insert wall anchors if necessary.
    - Attach the mounting plate to the wall/ceiling using the screws.
    - Align the camera with the mounting plate and twist to secure it.

Image: The EZVIZ C6N camera can be mounted on a ceiling for optimal room coverage.

Operating Instructions

Live View and Pan/Tilt Control

Open the EZVIZ app and tap on your C6N camera to access the live view. Use the on-screen joystick or swipe gestures to pan (horizontal 340°) and tilt (vertical 55°) the camera lens to view different areas of your room.

Image: The EZVIZ C6N offers 360-degree panoramic coverage of your indoor space.

Smart Night Vision

The camera automatically switches to infrared night vision in low-light conditions, providing clear black-and-white video. The Smart IR feature adjusts the intensity of the infrared LEDs to prevent overexposure of objects close to the camera, ensuring detailed night recordings up to 10 meters.

Image: Demonstrates the clarity of Smart IR night vision compared to standard night vision.

Auto-Tracking

When motion is detected, the C6N camera can automatically pan and tilt to follow the moving object, ensuring it remains in the frame. This feature is particularly useful for monitoring pets or children.

Image: The auto-tracking feature follows movement, such as a pet walking across the room.

Motion Detection and Alerts

Configure motion detection zones and sensitivity settings within the EZVIZ app. When motion is detected, the camera will send an instant notification to your smartphone, often with a snapshot or short video clip.

Image: A smartphone displaying a motion detection alert from the EZVIZ C6N camera.

Two-Way Talk

Use the two-way talk feature to communicate with family members or pets through the camera. Tap the microphone icon in the live view to speak, and the camera's built-in speaker will transmit your voice.

Image: A user interacting with a child and pet via the camera's two-way talk function.

Privacy Mode

Activate Privacy Mode via the EZVIZ app to temporarily stop video recording and monitoring. The camera lens will retract, ensuring your privacy when you are home.

Smart Home Integration

The EZVIZ C6N is compatible with smart home platforms like Amazon Alexa and Google Assistant. Link your EZVIZ account to these services to control your camera with voice commands or integrate it into smart home routines.

Maintenance

Cleaning the Camera

To ensure optimal performance, regularly clean the camera lens and body with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.

Firmware Updates

Keep your camera's firmware updated to benefit from the latest features and security enhancements. You can check for and install updates through the EZVIZ app.

Storage Management

If using a microSD card, periodically check its status in the app. Old recordings may be overwritten automatically when the

card is full. For continuous backup and extended storage, consider subscribing to EZVIZ CloudPlay services.

Troubleshooting

Camera Offline

- Ensure the camera is powered on and the power adapter is securely connected.
- Check your Wi-Fi router and internet connection.
- Restart the camera by unplugging and re-plugging the power adapter.
- Verify that the camera is within range of your Wi-Fi router.
- If the issue persists, try re-adding the camera to the EZVIZ app.

Poor Video Quality

- Ensure your internet connection is stable and has sufficient bandwidth.
- Clean the camera lens to remove any dust or smudges.
- Adjust the video quality settings in the EZVIZ app if your network speed is low.

Motion Detection Not Working

- Check the motion detection settings in the EZVIZ app (sensitivity, detection zones).
- Ensure the camera is not in Privacy Mode.
- Verify that app notifications are enabled on your smartphone.

Two-Way Talk Issues

- Ensure your smartphone's microphone is enabled for the EZVIZ app.
- Check the volume settings on both your smartphone and within the app.
- Minimize background noise for clearer communication.
